

UNIT-8 WEB PROGRAMMING USING PYTHON

Web Scraping using BeautifulSoup

Web scraping is an automatic method to obtain large amounts of data from websites. Most of this data is unstructured data in an HTML format which is then converted into structured data in a spreadsheet or a database so that it can be used in various applications. There are many different ways to perform web scraping to obtain data from websites. These include using online services, particular API's or even creating your code for web scraping from scratch. Many large websites, like Google, Twitter, Facebook, StackOverflow, etc. have API's that allow you to access their data in a structured format. This is the best option, but there are other sites that don't allow users to access large amounts of data in a structured form or they are simply not that technologically advanced. In that situation, it's best to use Web Scraping to scrape the website for data.

in Python are beautiful soup, selenium and scrapy, but which one is the best?

BEAUTIFUL SOUP

- EASY TO LEARN
- NO JAVASCRIPT SUPPORT
- INEFFICIENT

SELENIUM

- WORK WITH JAVASCRIPT
- EASIER TO LEARN THAN SCRAPY
- SLOW

SCRAPY

- HARDER TO LEARN
- FAST
- MOST COMPLEX FRAMEWORK

In [38]:

```
import requests
from bs4 import BeautifulSoup
```

- It can pull data out of the html files. However, BeautifulSoup has some dependencies, such as need of request library to make requests to the website and use of external parcels to track data
- for example XML and HTML parser
- these dependencies make it complicated to transfer occurred between projects. so this is why BeautifulSoup is not the first choice for large web scraping projects to scrape websites

Beautiful Soup : Steps before scraping a website

- Fetch the pages (obtained a response object)

```
result= requests.get("www.google.com")
```

- Page content

```
content=result.text
```

- Create Soup

```
soup=BeautifulSoup(content,"lxml")
```

- Finding Elements with Beautiful Soup

```
soup.find(id="specific_id")
```

```
soup.find("tag",class_="class_name")
```

```
soup.find('tag')
```

```
soup.find_all("tag")# return list
```

Scrapping a single movie - Titanic

In [7]:

```
import requests
from bs4 import BeautifulSoup
website="https://subscribescript.com/movie/Titanic-120338"
result=requests.get(website)
content=result.text
```

In [8]:

```
soup=BeautifulSoup(content,'html.parser')
print(soup.prettify())
```

reception area and the dining saloon.

Copy that.

Tether out. Okay, now left. Left, left.

Okay, coming left.

Snoop Dog is on the move.

We're headed down the stairwell.

Okay Lewis, drop down to B deck.

- Okay, A deck.

- Give me some rope, Captain.

B deck. Get in there. Get in there.

Watch the door frame.

- Watch it, watch it.

- I see it. I got it.

- We good? Bring her down.

- We're good. Just chill, boss.

Okay, make your turn.

- Cable out, Captain.

- Make your turn. Watch the wall.

Yeah Brock, we're at the piano.

You copy?

Okay, copy that.

Okay, right there. Right there.

Okay, that's it, that's it.

That's the bedroom door.

I see it. I see it.

We're in!

We're in, baby. We're there.

That's Hockley's bed.

That's where the

son of a bitch slept.

Oops. Somebody left the water running.

Hold it. Hold it just a second.

Go back to the right.

That wardrobe door. Get closer.

You smelling something, boss?

- I want to see what's under it.

- Give me my hands, man.

All right.

- Take it easy. It might come apart.

- Okay.

Go, go, go. Flip it over.

Flip it over. Go.

Turn her over. Keep going.

Go, go, go.

Okay, drop it.

Oh, baby, baby.

Are you seeing this, boss?

It's payday, boys.

Cha-ching!

- We did it, Bobby.

- We brought it back, Baby.

Oh, yeah! Who's the best?

Who's the best, baby?

Say it. Say it. Say it.

You are, Lewis.

- Bobby, my cigar.

- Right here.

Okay, crack her open.

Shit.

No diamond.

You know boss, this same thing happened

to Geraldo and his career never recovered.

Turn the camera off.

Brock, the partners would like

to know how it's going.

Hey, Dave, Barry, hi. Look, I it wasn't

in the safe. But hey, hey...

Don't worry about it. There's still

plenty of places it could be. Hell, yes.

The floor debris in the suite,

the mother's room...

the purser's safe on C deck.

Jimmy Hoffa's briefcase.

A dozen other places. Guys, look, you're just going

to have to trust my instincts. I know we're close.

We've just got to go through a little

process of elimination.

Hang on a second.

- Let me see that.

- We may have something here, guys.

Where's the photograph

of the necklace?

We'll call you right back.

I'll be goddamned.

Treasure hunter Brock Lovett

is best known for finding Spanish gold...

It's okay. I'll feed you in a minute.

Now he has chartered Russian subs to reach the

most famous shipwreck of all, the Titanic.

He is with us live via satellite

from the research ship Keldysh...

in the North Atlantic. Hello. Brock.

Hello, Tracy. Of course, everyone knows

the familiar stories of Titanic.

You know, the nobility of the

band playing to the very end and all that.

But what I'm interested in are the untold stories.

The secrets locked deep inside the hull of Titanic.

And we're out here using robot

technology to go further into the wreck...

than anybody has ever done before.

Your expedition is at the center

of a storm of controversy...

over salvage rights and even ethics.

Many are calling you a graverobber.

Well, nobody ever called the

recovery of the artifacts...

What is it?

Turn that up, dear.

I have museum-trained experts

sent out here making sure...

that these relics are preserved

and catalogued properly.

Take a look at this drawing

that we found just today.

A piece of paper that's been underwater

for 84 years.

And my team are able to

preserve it intact.

Should this have remained unseen

at the bottom of the ocean for eternity...

when we can see and enjoy it now?

I'll be goddamned.

Brock!

There's a satellite call for you.

Bobby, we're launching. You see

these submersibles going in the water?

Trust me, buddy.

You want to take this call.

This better be good.

Now, you gotta speak up.

She's kind of old.

Great.

This is Brock Lovett.

How can I help you, Mrs...?

Calvert. Rose Calvert.

Mrs. Calvert.

I was just wondering if you had found...

the "Heart of the

Ocean" yet, Mr. Lovett.

Told you you wanted to take the call.

All right, you have my

attention, Rose.

Can you tell us who the woman

in the picture is?

Oh, yes. The woman in the picture is me.

She's a goddamn liar!

Some nutcase seeking money or publicity.

God only knows why.

Like that Russian babe, Anesthesia.

They're inbound!

Rose DeWitt Bukater died on the

Titanic when she was 17, right?

- That's right.

- If she had lived, she'd be over 100 by now.

101 next month.

Okay, so she's a very old goddamn liar.

Look, I've already done the

background on this woman...

all the way back to the 20s,

when she was working as an actress.

An actress.

There's your first clue, Sherlock.

Her name was Rose Dawson back then.

Then she marries this guy named Calvert.

They move to Cedar Rapids

and she punches out a couple of kids.

Now Calvert's dead and, from what

I hear, Cedar Rapids is dead.

And everybody who knows about the

diamond is supposed to be dead...

or on this boat, but she knows.

Doesn't exactly travel light, does she?

Hurry up, give him a hand.

Mrs. Calvert, I'm Brock Lovett.

Welcome to the Keldysh.

Okay, let's get her inside there.

Hi, Miss Calvert.

- Hi.

- Welcome to the Keldysh.

Thanks.

Hey!

Are your staterooms all right?

Oh, yes.

Very nice.

Have you met my

granddaughter, Lizzy?

She takes care of me.

We met just a few minutes ago.

Remember, Nana? Up on deck?

Oh, yes.

There. That's nice.

Have to have my

pictures when I travel.

Can I get you anything?

Is there anything you'd like?

Yes.

I would like to see my drawing.

Louis XVI wore a fabulous

stone that was...

called the Blue Diamond

of the Crown...

which disappeared in 1792...

about the same time old Louis lost

everything from the neck up.

The theory goes that the

crown diamond was chopped, too.

Recut into a heart-like shape that

became known as...

the Heart of the Ocean.

Today it would be worth

more than the Hope diamond.

It was a dreadful, heavy thing.

I only wore it this once.

You actually think

this is you, Nana?

It is me, dear.

Wasn't I a dish?

I tracked it down

through insurance records.

An old claim that was settled

under terms of absolute secrecy.

Can you tell me who the

claimant was, Rose?

I should imagine someone

named Hockley.

Nathan Hockley, that's right.

Pittsburgh steel tycoon.

The claim was for a

diamond necklace his son...

Caledon, bought his fiancée.

You.

A week before he

sailed on Titanic.

And it was filed right

after the sinking.

So the diamond had to have

gone down with the ship.

You see the date?

April 14, 1912.

Which means if your grandmother

is who she says she is...

she was wearing the diamond

the day the Titanic sank.

And that makes you

my new best friend.

These are some of the things

we recovered from your stateroom.

This was mine.

How extraordinary.

And it looks the same as it

did the last time I saw it.

The reflection has

changed a bit.

Are you ready to go

back to Titanic?

Okay, here we go.

She hits the berg on

the starboard side, right?

She kind of bumps along...

punching holes like

morse code...

ditdit-dit... along the side...

below the water line.

Then the forward compartments

start to flood.

Now, as the water

level rises...

it spills over the

watertight bulkheads...

which, unfortunately, don't go

any higher than E deck.

So now as the bow goes down...

the stern rises up,

slow at first...

then faster and faster...

until finally, she's got her whole

ass sticking up in the air.

And that's a big ass.

We're talking

20, 30,000 tons. Okay?

And the hull's not designed

to deal with that pressure.

So, what happens?

She splits, right

down to the keel.

And the stern...

falls back level.

Then...

as the bow sinks...

it pulls the stern vertical...

and then finally detaches.

Now the stern section just kind of bobs there

like a cork for a couple of minutes...

floods, and finally goes

under about 2:20 AM...

2 hours and 40 minutes

after the collision.

The bow section planes away...

landing about a

half a mile away...

going 20, 30 knots when

it hits the ocean floor.

Pretty cool?

Thank you for that fine

forensic analysis, Mr. Bodine.

Of course, the

experience of it was...

somewhat different.

Will you share it with us?

I'm taking her to rest.

No.

Come on, Nana.

No!

Give me the tape recorder.

Tell us, Rose.

It's been 84 years...

It's okay. Just try

to remember anything...

anything at all.

Do you want to hear this

or not, Mr. Lovett?

It's been 84 years...

and I can still smell

the fresh paint.

The china had never been used.

The sheets had

never been slept in.

Titanic was called

the ship of dreams.

And it was.

It really was.

All third-class passengers...

with a forward berth...

this way please! This queue!

It's a big boat?

Daddy, it's a ship.

You're right.

I don't see what all

the fuss is about.

It doesn't look any bigger

than the Mauretania.

You can be blasé

about some things, Rose...

but not about Titanic.

It's over 100 feet longer

than Mauretania...

and far more luxurious.

Your daughter is far too

difficult to impress, Ruth.

So this is the ship they

say is unsinkable.

It is unsinkable.

God Himself

could not sink this ship...

What?!

You have to check your baggage

through the main terminal.

It's round that way, sir.

I put my faith in you good sir.

Now kindly see my man.

Yes sir. It's my pleasure, sir.

If I can do anything at all...

Yes, right.

All the trunks from

that car there.

12 from here.

And the safe,

to the parlor suite...

rooms B-52, 54, 56.

Ladies...

we better hurry.

Come along.

- My coat?

- I have it, miss.

All third-class passengers

queue here for health inspection.

- Welcome aboard, ma'am.

- Welcome to Titanic.

It was the ship of dreams...

to everyone else.

To me. It was a slave ship...

taking me back to

America in chains.

Outwardly, I was everything

a well brought up girl should be.

Inside, I was screaming.

Jack, you are pazzo.

You bet everything we have.

When you got nothing,

you got nothing to lose.

Sven?

All right, moment of truth.

Someone's life is

about to change.

Fabrizio?

Niente.

Olaf?

Nothing.

Sven?

2 pair.

I'm sorry, Fabrizio.

I'm sorry...

you're not gonna see

your mom again for a...

Long time...

'cause we're going to America.

Full house, boys!

Come on.

I'm going home!

I'm going home.

I go to America!

No, mate.

Titanic go to America,

in 5 minutes.

Shit. Fabri. Come on.

Come on, here. Here.

We're riding in high style now!

We're a couple of

regular swells.

We're practically

goddamn royalty...

ragazzo mio.

You see? Is my destino.

Like I told you...

I go to America to

be millionaire.

You are pazzo.

Maybe, but I've

got the tickets.

Come on, I thought

you were fast.

Aspetta!

Wait! Wait!

Hey, wait!

We're passengers!

Have you been through

the inspection queue?

Of course.

Anyway, we don't have any lice.

We're Americans. Both of us.

Right.

Come aboard.

We're the luckiest sons

of bitches in the world.

You know that?

Good-bye!

You know somebody?

Of course not.

That's not the point.

Good-bye! I'll miss you!

Good-bye!

I will never forget you!

Come with me,

darling. Let's go.

G-60.

G-60. G-60.

Excuse me, ma'am.

G-60.

Oh, right here.

Hey, how you doing?

Jack. Nice to meet you.

Jack Dawson. Nice to meet you.

How you doing?

Who says you get top bunk?

This is your private

promenade deck, sir.

Will you be requiring anything?

Excuse me.

- This one?

- No.

It had a lot of faces on it.

This is the one.

Would you like all of

them out, miss?

Yes. We need a little

color in this room.

Put in there. In the wardrobe.

God, not those finger

paintings again.

They certainly were a

waste of money.

The difference between

Cal's taste in art...

and mine is that I have some.

They're fascinating.

Like being inside a dream

or something.

There's truth but no logic.

- What's the artist's name?

- Something Picasso.

Something Picasso.

He won't amount to a thing.

He won't, trust me.

- Let's put the Degas in the bedroom.

- At least they were cheap.

Put it in the wardrobe.

At Cherbourg, a woman came aboard

named Margaret Brown.

We all called her Molly.

History would call her

the Unsinkable Molly Brown.

Well, I wasn't about to

wait all day for you, sonny.

Here, if you think

you can manage.

Her husband had struck gold

someplace out west.

And she was what Mother

called "new money."

By the next afternoon...

we were steaming west

from the coast of Ireland...

with nothing out ahead

of us but ocean.

Take her to sea, Mr. Murdoch.

Let's stretch her legs.

Yes sir.

All ahead full, Mr. Moody.

Very good, sir.

All ahead full.

All ahead full!

Come on lads, step lively!

All right! Let's stoke

her right up!

We go full ahead!

Come on, put your

backs into it!

21 knots, sir.

Hey, look, look, look!

See it?

There's another one! See him?

Look at that one!

Look at him jump!

I can see the Statue

of Liberty already.

Very small, of course.

I'm the king of the world!

She is the largest moving object

ever made by the hand of man...

in all history.

And our master shipbuilder,

Mr. Andrews here...

designed her from the

keel plates up.

I may have knocked

her together, but...

the idea was Mr. Ismay's.

He envisioned a steamer

so grand in scale...

and so luxurious in...

its appointments...

that its supremacy

would never be challenged.

And here she is.

- Willed into solid reality.

- Hear, hear.

I'll have the salmon.

You know I don't

like that, Rose.

She knows.

We'll both have the lamb.

Rare, with very

little mint sauce.

You like lamb, right sweet pea?

You gonna cut her meat

for her too there, Cal?

Hey, who thought of

the name Titanic?

Was it you, Bruce?

Yes, actually.

I wanted to convey sheer size.

And size means stability...

luxury, and above

all, strength.

Do you know of

Dr. Freud, Mr. Ismay?

His ideas about the male preoccupation with

size might be of particular interest to you.

What's gotten into you?

Excuse me.

I do apologize.

She's a pistol, Cal.

Hope you can handle her.

Well, I may have to start minding what she

reads from now on, won't I, Mrs. Brown?

Freud? Who is he?

Is he a passenger?

The ship is nice?

Yeah. It's an Irish ship.

Is English, no?

No, it was built in Ireland.

15,000 Irishmen

built this ship.

Solid as a rock.

Big Irish hands.

That's typical.

First-class dogs

come down here to take a shite.

Lets us know where we rank

in the scheme of things.

Like we could forget?

I'm Tommy Ryan.

- Jack Dawson.

- Fabrizio.

Do you make any money

with your drawings?

Forget it, boyo.

You'd as like have angels fly out of

your arse as get next to...

the likes of her.

I saw my whole life

as if I'd already lived it.

An endless parade

of parties and cotillions...

yachts and polo matches.

Always the same narrow people,

the same mindless chatter.

I felt like I was standing

at a great precipice...

with no one to pull me back.

No one who cared...

or even noticed.

Don't do it.

Stay back.

Don't come any closer.

Come on.

Just give me your hand.

I'll pull you back over.

No! Stay where you are.

I mean it.

I'll let go.

No, you won't.

What do you mean, no I won't?

Don't presume to tell me

what I will and will not do.

You don't know me.

Well, you would have done it already.

You're distracting me. Go away.

I can't.

I'm involved now.

You let go, and I'm going to have

to jump in there after you.

Don't be absurd.

- You'll be killed.

- I'm a good swimmer.

The fall alone will kill you.

It would hurt. I'm not

saying it wouldn't.

Tell you the truth...

I'm a lot more concerned

about that water being so cold.

How cold?

Freezing.

Maybe a couple degrees over.

You ever...

ever been to Wisconsin?

What?

Well, they have some of

the coldest winters around.

I grew up there,

near Chippewa Falls.

I remember when I was a kid,

me and my father, we went ice fishing...

out on Lake Wissota.

Ice fishing is, you know, where you...

I know what ice fishing is!

Sorry.

You just seem like, you know,

kind of an indoor girl.

Anyway, I...

fell through some thin ice.

And I'm telling you...

water that cold,

like right down there...

it hits you like 1000 knives

stabbing you all over your body.

You can't breathe.

You can't think. Least not about

anything but the pain.

Which is why I'm not looking

forward to jumping in there after you.

Like I said...

I don't have a choice.

I guess I'm kind of hoping you'll

come back over the rail and...

and get me off the hook here.

You're crazy.

That's what everybody says but...

with all due respect, miss...

I'm not the one hanging off

the back of a ship here.

Come on.

Come on, give me your hand.

You don't want to do this.

I'm Jack Dawson.

Rose DeWitt Bukater.

I'll have to get you to

write that one down.

Come on.

I got you.

Come on.

Help, please!

Help!

- Please, help me!

- Listen. Listen to me.

Listen. Listen to me.

I've got you. I won't let go.

Now pull yourself up. Come on!

Come on.

That's right.

You can do it.

I got you.

What's all this?

You stand back and...

don't move an inch!

Fetch the Master at Arms.

This is completely unacceptable!

What made you think that you could

put your hands on my fiancée?!

Look at me, you filth!

Cal.

What do you think

you were doing?

Cal, stop. It was an accident.

An accident?

It was.

Stupid, really.

I was leaning over and I slipped.

I was leaning far over

to see the...

The...

- Propellers?

- Propellers, and I slipped.

And I would have gone

overboard but Mr. Dawson here...

saved me. And almost

went over himself.

You wanted to see the...

She wanted to see the propellers.

Like I said, women and

machinery do not mix.

Was that the way of it?

Yeah. Yeah, that

was pretty much it.

Well, the boy's a hero then.

Good for you, son. Well done.

So, it's all's well and back

to our brandy, eh?

Look at you. You must be freezing.

Let's get you inside.

Perhaps a little something

for the boy?

Of course.

Mr. Lovejoy,

I think a 20 should do it.

Is that the going rate

for saving the woman you love?

Rose is displeased.

What to do?

I know.

Perhaps you could join us for

dinner tomorrow evening...

to regale our group...

with your heroic tale.

Sure. Count me in.

Good. It's settled then.

This should be interesting.

Can I bum a smoke?

You'll want to tie those.

It's interesting...

the young lady slipped

so suddenly...

and you still had time to remove

your jacket and your shoes.

I know you've been melancholy.

I don't pretend to know why.

I intended to save this...

until the engagement

gala next week...

but, I thought...

tonight.

Good gracious.

Perhaps as a reminder

of my feelings for you.

- Is it a...

- Diamond. Yes.

56 carats to be exact.

It was worn by Louis XVI.

And they called

it Le Coeur de la Mer.

- The Heart of the Ocean.

- The Heart of the Ocean. Yes.

It's overwhelming.

Well, it's for royalty.

We are royalty, Rose.

You know, there's

nothing I couldn't give you.

There's nothing I'd deny you...

if you would not deny me.

Open your heart to me, Rose.

Well, I've been on my own since

I was 15, since my folks died.

And I had no brothers or sisters or

close kin in that part of the country...

so I lit on out of there and I

haven't been back since.

You could just call me a

tumbleweed blowing in the wind.

Well, Rose, we've walked about a mile

around this boat deck and...

chewed over how great the weather's

been and how I grew up...

but I reckon that's not why

you came to talk to me, is it?

- Mr. Dawson, I...

- Jack.

Jack.

I want to thank you

for what you did.

Not just for pulling me back,

but for your discretion.

You're welcome.

Look.

I know what you

must be thinking.

Poor little rich girl.

What does she know about misery?

No.

No, that's not what I was thinking.

What I was thinking was...

what could have happened to this girl

to make her think she had no way out?

Well I...

It was everything.

It was my whole world and...

all the people in it.

And the inertia of my life,

plunging ahead and me...

powerless to stop it.

God, look at that thing.

You would have gone

straight to the bottom.

500 invitations have gone out.

All of Philadelphia society will be there.

And all the while I feel I'm...

standing in the middle

of a crowded room...

screaming at the

top of my lungs...

and no one even looks up.

Do you love him?

Pardon me?

Do you love him?

You're being very rude. You

shouldn't be asking me this.

Well, it's a simple question.

Do you love the guy or not?

This is not a suitable conversation.

Why can't you just

answer the question?

This is absurd.

You don't know me

and I don't know you...

and we are not having this

conversation at all. You are rude...

and uncouth and presumptuous

and I am leaving now...

Jack. Mr. Dawson.

It's been a pleasure.

I sought you out to thank you

and now I have thanked you.

And you've insulted me.

Well, you deserved it.

- Right.

- Right.

I thought you were leaving.

I am.

You are so annoying.

Wait.

I don't have to leave. This is

my part of the ship. You leave.

Well, well, well.

Now who's being rude?

What is this stupid thing

you're carrying around?

So, what are you,

an artist or something?

These are rather good.

They're very good, actually.

Jack, this is exquisite work.

They didn't think too

much of them in old Paree.

Paris?

You do get around for a p...

Well, a... a

person of limited means.

Go on. A poor guy. You can say it.

Well, well, well.

And these were drawn from life?

Well, that's one of the

good things about Paris.

Lots of girls are willing

to take their clothes off.

You liked this woman.

You used her several times.

Well.

She had beautiful

hands, you see?

I think you must have

had a love affair with her.

No, no, no.

Just with her hands.

She was a

one-legged prostitute.

See?

She had a good

sense of humor though.

Oh, and this lady...

She used to sit at this bar every night...

wearing every piece

of jewelry she owned...

just waiting for

her long, lost love.

We called her Madame Bijoux.

See, her clothes are all moth-eaten.

Well, you have a gift, Jack.

You do.

You see people.

I see you.

And?

You wouldn't have jumped.

But the purpose of university

is to find a suitable husband.

Rose has already done that.

Look, here comes that

vulgar Brown woman.

Quickly, get up before

she sits with us.

Hello, girls. I was hoping

I'd catch you at tea.

We're awfully sorry,

you missed it.

The Countess and I were just

off to take the air on the boat deck.

What a lovely idea.

I need to catch up on my gossip.

Countess.

So, you've not yet lit the

last four boilers?

No, I don't see the need.

We are making excellent time.

The press knows the size of Titanic.

Now, I want them to marvel at her speed.

We must give them

something new to print.

This maiden voyage

of Titanic must...

make headlines.

Mr. Ismay, I would prefer

not to push the engines...

until they've been properly run in.

Of course I'm just a passenger.

I leave it to your good offices

to decide what's best.

But what a glorious end

to your final crossing...

if we were to get into New York

on Tuesday night...

and surprise them all.

Make the morning papers.

Retire with a bang, eh, E. J?

Good man.

After that, I worked

on a squid boat in Monterey...

then I went to Los Angeles to the...

Santa Monica pier

and did portraits for 10 cents each.

Why can't I be like you?

Just head out for the horizon

whenever I feel like it.

Say we'll go there

sometime, to that pier...

only if we just talk about it.

No, we'll do it. We'll drink cheap beer.

Ride on the roller coaster

till we throw up.

We'll ride horses on the

beach, in the surf.

But you have to do it like a real cowboy.

No sidesaddle stuff.

You mean with one leg on each side?

Can you show me?

Sure, if you like.

Teach me to ride like a man.

Chew tobacco like a man.

And spit like a man.

You didn't learn in finishing school?

No.

Come on, I'll show you.

I'll show you how.

Jack! No, Jack, no. Wait.

I couldn't possibly, Jack.

Watch closely.

That's disgusting.

Your turn.

That was pitiful.

You really have to hawk it back.

Get some leverage.

Use your arms. Arc your neck.

You see the range on that thing?

Okay, go.

That was better. You have to work on it.

Really try to hawk it up.

Mother.

May I introduce Jack Dawson?

Charmed, I'm sure.

The others were gracious and curious

about the man who'd saved my life.

But my mother looked at him like an insect.

A dangerous insect

which must be squashed quickly.

Sounds like you're a good man

to have around in a sticky spot.

Why do they always insist on announcing

dinner like a damn cavalry charge?

Shall we go dress, Mother?

See you at dinner, Jack.

Son?

Son!

Do you have any idea what you're doing?

Not really.

You're about to go into the snake pit.

What are you going to wear?

I figured. Come on.

I was right. You and my son

are just about the same size.

Pretty close.

You shine up like a new penny.

Good evening, sir.

Thousands of tons of Hockley steel

are in this ship.

- Which part?

- All the right ones.

Then you're accountable

if there's a problem. Where's Rose?

She'll be along.

There is the Countess.

I saw that in a nickelodeon

and always wanted to do it.

Darling...

surely you remember Mr. Dawson.

It's amazing.

You could almost pass for a gentleman.

Almost.

This is extraordinary.

This is a remarkable voyage.

- Mad.

- Completely lunatic.

There's the Countess of Rothés.

That's John Jacob Astor...

the richest man on board.

His little wifey, Madeleine,

is my age and in a delicate condition.

See how she tries to hide it.

Quite the scandal.

Benjamin Guggenheim and his mistress,

Madame Aubert. Mrs. Guggenheim...

is at home with the children, of course.

And over here...

Sir Cosmo and Lucile, Lady Duff-Gordon.

She designs naughty lingerie,

among her many talents.

Very popular with the royals.

Congratulations. She's splendid.

Why, thank you.

Escort a lady to dinner?

Certainly.

Sweet pea, sweet pea.

Ain't nothing to it.

They love money. Pretend like you own

a gold mine and you're in the club.

Hey, Astor.

Hello, Molly. Nice to see you.

J.J., Madeleine,

I'd like you to meet Jack Dawson.

Well, Jack...

are you of the Boston Dawsons?

No, the Chippewa Falls Dawsons, actually.

Oh, yes.

He must have been nervous.

But he never faltered.

They assumed he was one of them.

Heir to a rail road fortune, perhaps.

New money, obviously,

but still a member of the club.

Mother. Of course.

Could always be counted upon.

Tell us of the accommodations in steerage,

Mr. Dawson. I hear they're quite good.

The best I've seen, ma'am. Hardly any rats.

Mr. Dawson is joining us from third class.

He was of help to my fiancée last night.

It happens Mr. Dawson

is quite a fine artist.

He showed me some of his work today.

Rose and I differ in our definition of fine art.

Not to impugn your work, sir.

Are all these mine?

Start from the outside and work in.

He knows every rivet in her.

Your ship is a wonder, Mr. Andrews.

Thank you, Rose.

How do you take your caviar, sir?

No caviar for me, thanks.

Never did like it much.

Where exactly do you live, Mr. Dawson?

Right now, my address is the RMS Titanic.

After that, I'm on God's good humor.

How do you have means to travel?

I work my way from place to place.

Tramp steamers and such.

I won my ticket on Titanic

at a lucky hand at poker.

A very lucky hand.

All life is a game of luck.

A real man makes his own luck.

Right, Dawson?

And you find

that sort of rootless existence appealing?

Yes, ma'am, I do.

I've got everything I need

right here with me.

I have air in my lungs

and blank sheets of paper.

I love waking up, not knowing

what will happen or who I'll meet.

Where I'll wind up.

One night I'm sleeping under a bridge...

now I'm on the grandest ship

in the world, with you fine people.

I'll take more of that.

Life's a gift. I don't

intend on wasting it.

You never know what hand you'll get dealt.

You take life as it comes at you.

Here, Cal.

Make each day count.

Well said, Jack.

Hear, hear.

To making it count.

Bravo.

But Mr. Brown didn't know

I'd hidden the money in the stove.

He comes home drunk as a pig celebrating

and lights a fire.

Next is brandy in the smoking room.

Join me in a brandy, gentlemen?

Now they retreat to congratulate each

other on being masters of the universe.

Ladies, thank you for your company.

May I escort you to the cabin?

No, I'll stay here.

Here, Molly.

Joining us, Dawson?

You don't want to stay with the women.

No, thanks. I have to head back.

That's best. It'll be all business and politics.

Wouldn't interest you.

But Dawson, good of you to come.

Must you go?

Time for me to row with the other slaves.

Good night, Rose.

Want to go to a real party?

Is okay I put my hand here?

I can't understand you.

I'm going to dance with her now.

Come on.

Come on. Come with me.

Jack. Jack, wait.

I can't do this.

We'll have to get a bit closer.

Like this.

You're still my best girl, Cora.

- I don't know the steps.

- Me, either. Just go with it.

Don't think.

Wait! Jack! Wait! Stop, Jack!

What? Wait!

Jack, no.

Beyond the jurisdiction

of the Sherman Act.

That's what Rockefeller said...

Supreme Court didn't swallow it.

What? You think

a first-class girl can't drink?

Get out of here.

Are you all right?

I'm fine.

Two out of three.

So...

you think you're tough?

Let's see you do this.

Hold this for me, Jack. Hold it up.

Jesus!

You okay?

I haven't done that in years.

Come on, lads. Give it all you got.

Let's go.

Coffee, sir?

You didn't come to me last night.

I was tired.

Your exertions below deck

were no doubt exhausting.

I see you had

that undertaker of a manservant follow me.

You will never behave like that again.

I'm not one of your mill foremen

who you can command.

I'm your fiancée.

My fiancée. My fiancée!

Yes, you are! And my wife!

My wife in practice,

if not yet by law, so you will honor me!

You will honor me the way

a wife honors her husband.

Because I will not be made a fool of.

Is this in any way unclear?

No.

Good. Excuse me.

Oh, Miss Rose.

We had a little accident.

- That's all right.

- I'm sorry.

Let me help you.

It's all right, miss.

Tea, Trudy.

You're not to see that boy again.

You understand?

Rose, I forbid it.

Stop it, Mother.

You'll give yourself a nosebleed.

This is not a game.

Our situation is precarious.

You know the money's gone.

Of course I know.

You remind me every day.

Your father left us nothing but a legacy

of bad debts hidden by a good name.

That name is the only card we have to play.

I don't understand you.

It is a fine match with Hockley.

It will ensure our survival.

How can you put this on me?

Why are you being so selfish?

I'm being selfish?

Do you want to see me

working as a seamstress?

Is that what you want?

To see our fine things sold at auction?

Our memories scattered?

It's so unfair.

Of course it's unfair.

We're women.

Our choices are never easy.

Protect them by Thy guiding hand

From every peril on the land

O, spirit whom the Father sent

To spread abroad the firmament

O, wind of heaven, by Thy might

Save all who dare the eagle's flight

And keep them by Thy watchful care...

Hello, Mr. Andrews.

I need to talk to someone.

You're not supposed to be in here.

I was here last night, remember?

No. Now please turn around.

He'll tell you. I just need to talk...

Mr. Hockley and Mrs. DeWitt Bukater...

are still appreciative

of your assistance.

They asked me

to give you this in gratitude...

I don't want your money.

And remind you you are

in third class and your presence here...

is no longer appropriate.

Let me speak to Rose.

Gentlemen, please see Mr. Dawson

returns to where he belongs...

and that he stays there?

Yes, sir.

Come along, you.

Hear us when we cry to Thee

For those in peril on the sea

Why are there two steering wheels?

We use this one near shore.

Excuse me, sir.

Another ice warning, from the Noordam.

Thank you, Sparks.

Not to worry.

Quite normal for this time of year.

In fact, we're speeding up.

I've ordered the last boilers lit.

Okay, son, wind it up tight

like I showed you. That's right.

Okay, now let it go.

- It was good, wasn't it?

- Quite nice. That's excellent.

Mr. Andrews... Forgive me.

I did the sum in my head...

and with the number of lifeboats

times the capacity you mentioned...

Forgive me, but it seems that there are

not enough for everyone aboard.

About half, actually.

Rose, you miss nothing, do you?

In fact, I put in these new

type davits...

which can take an extra row

of boats inside this one.

But it was thought, by some...

the deck would look

too cluttered.

So, I was overruled.

It's a waste of deck space

as it is on an unsinkable ship.

Sleep soundly, young Rose.

I have built you a good ship,

strong and true.

She's all the lifeboat

you need.

Just keep heading aft. The next

stop will be the engine room.

Jack, this is impossible.

I can't see you.

- I need to talk to you.

- No, Jack. No.

Jack. I'm engaged.

I'm marrying Cal.

I love Cal.

Rose...

you're no picnic. All right?

You're a spoiled little brat even.

But under that, you're the

most amazingly, astounding...

wonderful girl...

woman, that I've ever known.

Jack, I...

No, let me try and get

this out. You're ama...

I'm not an idiot.

I know how the world works.

I've got ten bucks

in my pocket.

I have nothing to offer

you and I know that.

I understand.

But I'm too involved now.

You jump, I jump. Remember?

I can't turn away without

knowing you'll be all right.

That's all that I want.

Well, I'm fine.

I'll be fine. Really.

Really?

I don't think so.

They've got you trapped, Rose.

And you're gonna die if you

don't break free.

Maybe not right away...

because you're strong...

but sooner or later that

fire that I love about you, Rose...

that fire is gonna burn out.

It's not up to you

to save me, Jack.

You're right.

Only you can do that.

I'm going back.

Leave me alone.

Tell Lucile about the disaster

you had with the stationers.

Well, of course the invitations

had to be sent back, twice.

Oh, my dear.

And the dreadful

bridesmaids' gowns.

Let me tell you what an

odyssey that has been.

Rose decided she

wanted lavender.

She knows I detest the color.

So, she did it only to spite me.

If only you'd come to

me sooner.

Ruth saw some of my designs in

La Mode Illustrée.

They were for the trousseau of the Duchess

of Marlborough's youngest daughter.

They were quite charming.

But, I think you'll agree,

my dear, that together...

we've created something

of a phoenix from the ashes.

Hello, Jack.

I changed my mind.

They said you might be up here.

Give me your hand.

Now close your eyes.

Go on.

Now, step up.

Now, hold onto the railing.

Keep your eyes closed.

Don't peek.

I'm not.

Now, step up onto the rail.

Hold on. Hold on.

Keep your eyes closed.

Do you trust me?

I trust you.

All right...

open your eyes.

I'm flying.

Jack.

Come, Josephine, in my

flying machine. Going up...

she goes. Up she goes.

That was the last time

Titanic ever saw daylight.

We're up to dusk the

night of the sinking.

6 hours to go.

Incredible. There's Smith and

he's standing there and...

he's got the iceberg warning

in his fucking hand...

excuse me... his hand,

and he's ordering more speed.

26 years of experience

working against him.

He figures anything big

enough to sink, the ship...

they're gonna see in time to turn.

But the ship's too big

with too small a rudder.

Doesn't corner worth a damn.

Everything he knows is wrong.

It's quite proper, I assure you.

This is the sitting room.

- Will this light do?

- What?

Don't artists need good light?

That is true, but I'm not

used to working in...

such horrible conditions.

Monet!

- Do you know his work?

- Of course.

Look at his use of color here.

Isn't he great?

I know. It's extraordinary.

Cal insists on carting

this hideous thing everywhere.

Should we be expecting him

any time soon?

Not as long as the cigars

and brandy hold out.

That's nice.

What is it, a sapphire?

A diamond.

A very rare diamond.

Jack, I want you to draw me

like one of your French girls.

Wearing this.

All right.

Wearing only this.

The last thing I need is another picture

of me looking like a porcelain doll.

As a paying customer...

I expect to get what I want.

Over on the bed... the couch.

Come. Lie down.

- Tell me when it looks right.

- Keep that.

Put your arm back

the way it was.

Put that other arm up,

that hand right by your face there.

Right.

Now, head down.

Eyes to me. Keep them on me.

And try to stay still.

So serious.

I believe you are blushing,

Mr. Big Artiste.

I can't imagine

Monsieur Monet blushing.

He does landscapes.

- Just relax your face.

- Sorry.

No laughing.

My heart was pounding

the whole time.

It was the most erotic

moment of my life...

up until then, at least.

So what happened next?

You mean, did we do it?

Sorry to disappoint you, Mr. Bodine.

Jack was very professional.

Thank you.

What are you doing?

Will you put this

back in the safe for me?

Gentlemen, would you excuse me.

None of the stewards

have seen her.

This is absurd. It's a ship.

There's only so many

places she could be.

Lovejoy, find her.

- Clear.

- Yes.

I don't think I've ever

seen such a flat calm.

Like a mill pond.

Not a breath of wind.

It will make the bergs

harder to see...

with no breaking

water at the base.

Well, I'm off.

Maintain speed and

heading, Mr. Lightoller.

Yes, sir.

It's getting cold.

You look nice.

Miss Rose?

My drawings!

Come on!

Wait, wait, wait!

- Go. Go. Down, down.

- Take us down, quickly. Quickly!

Bye.

Sorry.

- Keep going.

- Thank you, I've got it.

Pretty tough for

a valet, this fella.

Seems more like a cop.

I think he was.

- Oh, shit.

- Go!

No, over here!

Quick!

Now what?

What?

More coal for number one, mate.

Hold up? What are you two

doing down here?

You shouldn't be down here.

It could be dangerous!

Carry on!

Don't mind us. You're

doing a great job!

Keep up the good work!

Look at what we have here?

Thank you.

Where to, miss?

To the stars.

You nervous?

No.

Put your hands on me, Jack.

It's bloody cold.

You know, I can smell ice, you know.

When it's near.

Bollocks!

Well, I can, all right?

Did you ever find those

binoculars for the lookouts?

Haven't seen them

since Southampton.

Well, I'll be on my rounds.

Cheerio.

You're trembling.

Don't worry.

I'll be all right.

- They ran down there.

- Right.

Anything missing?

I have a better idea.

Got you!

Did you see those guys' faces?

Did you see them?

When the ship docks...

I'm getting off with you.

This is crazy.

I know. It doesn't make any sense.

That's why I trust it.

Here, look at this.

Look at that, would you?

They're warmer than we are.

If that's what it takes for us to get warm,

I'd rather not.

Bugger me!

Pick up, you bastards!

Is anyone there?!

What do you see?

Iceberg, right ahead!

Thank you.

Iceberg ahead!

Hard a' starboard!

Turn! Turn! Smartly!

Full astern!

Hard over.

Helm's hard over, sir.

Go, lads, go!

Bring that steam down! Bring it down!

Shut all the dampers! Shut them!

Hold it.

Hold it!

Now! Engage reversing engine!

Why ain't they turning?

Is it hard over?!

It is, sir. Hard over.

Come on, come on, come on. Turn.

Yes.

It's going to hit!

Jesus Christ!

Jesus!

Hard to port!

Get back!

Let's go!

They're closing the doors! Get out!

Get out the door! Go!

Go! Come on, lads! Go, lads, go!

Go! Go!

Out! Out!

Oh, my God.

That was a close shave.

Smell ice, can you? Bleedin' Christ!

Note the time. Enter it in the log.

What was that, Mr. Murdoch?

An iceberg, sir.

I put her hard to starboard,

but it was too close.

I tried to port round it, but...

- Close the watertight doors.

- They're closed, sir.

All stop.

Have the carpenter sound the ship.

Come on, let's get the hell out of here!

Why have the engines stopped?

I felt a shudder.

Not to worry. We threw a propeller blade.

That's the shudder you felt.

Do you need anything?

No, thank you.

There's talk of an iceberg.

I don't see anything. Do you?

If this is where the rats

are going, I am, too.

- You.

- There is no emergency.

- There is. I've been robbed.

- Get the Master at Arms.

Now, you moron!

Did I miss the fun?

- Did you see what happened?

- No. I guess it hit over there.

Boiler room six is flooded eight feet

and the mail hold is worse.

- Can you shore up?

- Not unless the pumps get ahead.

- Have you seen the mail hold?

- It's already underwater.

This is bad.

We should tell Mother and Cal.

I think they're very good, sir.

Don't touch anything.

I want the room photographed.

We've been looking for you, miss.

Here we go.

Something serious has happened.

Yes, it has.

Indeed.

Two things dear to me have disappeared.

Now that one is back,

I know where to find the other. Search him.

- Take your coat off.

- Now what?

What are you doing?

We're in the middle of an emergency.

- Is this it?

- That's it.

This is horseshit!

Don't you believe it.

- He couldn't have.

- Easy enough for a professional.

I was with him the entire time.

Perhaps he did it while you were putting

your clothes back on, dear.

Real slick. They put it in my pocket.

- Shut up.

- It isn't even your pocket.

"Property of A.L. Ryerson."

That was reported stolen.

I just borrowed it.

Oh, we have an honest thief.

You know I didn't do this, Rose.

Don't believe them. You know it.

Let's go, son.

You know I didn't do it!

There's a good lad. Come on.

You know I didn't do it! You know me!

This is most unfortunate, Captain.

Water fourteen feet above the keel

in ten minutes...

in the forepeak,

all three holds and boiler room six.

That's right.

When can we get underway?

That's five compartments.

She can float with four compartments

breached, but not five.

Not five. As she goes down,

the water will spill...

over the tops of the bulkheads

at E deck, one to the next...

back and back. There's no stopping it.

The pumps.

The pumps buy you time, but minutes only.

As of now, no matter what we do...

Titanic will founder.

But this ship can't sink.

She's made of iron. I assure you, she can.

And she will.

It's a mathematical certainty.

How much time?

An hour. Two, at most.

How many aboard, Mr. Murdoch?

Two thousand, two hundred souls, sir.

Well, I believe you may get your headlines,

Mr. Ismay.

Oh, it is a little slut, isn't it?

Look at me when I'm talking to you!

- Mr. Hockley?

- Not now. We're busy.

You've been asked to put on lifebelts

and go to the boat deck.

I said, not now.

I'm sorry, Mr. Hockley, but it's

Captain's orders. Dress warmly.

It's quite cold out.

May I suggest topcoats and hats?

This is ridiculous.

Not to worry, miss.

I'm sure it's just a precaution.

Everybody up! Lifebelts on!

What's he on about?

- Put your lifebelts on!

- What is it?

Just put them on.

C.Q. D?

Sir?

That's right, C.Q.D. The distress call.

That's our position.

Tell whoever responds we're going down

and need immediate assistance.

Blimey.

Keep lowering!

Steady! Make it taut! And winch out!

Uncover this boat! Uncover

all the boats aft!

Release those ties!

Roll back that cover! Smartly now!

Where are the passengers?

They went inside. Too

cold and noisy for them.

You there! Get down here

and help with these lines!

Care for a drink, sir?

Sonny, what's doing? You get us all trussed

up and now we're cooling our heels.

Sorry, ma'am. Let me go find out.

Nobody knows what's going on.

Just like the damn English...

everything by the book.

No need for language, Mr. Hockley.

Go back and turn on the heaters in our rooms.

I want a cup of tea when I return.

Mr. Andrews.

I saw the iceberg. And

I see it in your eyes.

Please tell me the truth.

The ship will sink.

You're certain?

In an hour or so, all this

will be at the bottom of the Atlantic.

Please, tell only who you must.

I don't want to cause a panic.

And get to a boat. Quickly. Don't wait.

You remember what I told

you about the boats?

Yes.

I understand.

Over here, son.

Sir, there's a big mob

at the Second Class Purser's office.

Go on. I'll watch him.

Aye. Right.

Sir, Carpathia says they're making 17 knots.

Full steam for them, sir.

She's the only one responding?

The only one close. They'll

be here in four hours.

Four hours?!

Thank you, Bride.

My God.

We are swung out and ready, sir.

Hadn't we better get the women and children

into the boats?

Yes.

Women and children first, yes.

Yes, sir.

Ladies and gentlemen, attention, please!

Step this way, please. That's right.

Come towards me. Thank you.

Good.

For the time being,

I require only women and children.

Right here.

Like the Captain said,

nice and cheery, so there's no panic.

"Wedding Dance."

Lifebelts on. Put your lifebelts on.

Put your lifebelts on. Lifebelt on.

Here, put that lifebelt on. Turn it around.

It isn't time to go to the boats yet!

Please, stay calm.

Make sure you have your lifebelts on.

Let women and children

through to the front.

What are we doing?

Waiting. Once first-class people

are in the boats...

they'll start with us

and we want to be ready.

Pushing won't get you out any faster.

Go get help.

Lower it away, left and

right together! Steady.

Both sides together! Steady!

Steady!

Stop, stop, stop!

Hold the left!

Right side only! Right side only!

Right side!

Hold the left! Right side down!

Lower away together!

Steady, lads!

You know, I do believe this ship may sink.

I've been asked to give you

this small token of our appreciation.

Compliments of Mr. Caledon Hockley.

Come on, sister, you heard

the man. Into the boat.

Any room for a gentleman,

gentlemen?

Only women at this time, sir.

Will the lifeboats be

seated according to class?

I hope they're not too crowded.

Oh, Mother, shut up!

Don't you understand?

The water is freezing and

there aren't enough boats.

Not enough by half.

Half the people on this

ship are going to die.

Not the better half.

Come on, Ruth, get in the boat.

First class seats

are right up here.

You know, it's a pity I didn't

keep that drawing.

It'll be worth a lot

more by morning.

You unimaginable bastard.

Come on, Rose darling.

There's plenty of room for you.

Come on, Rose.

You're next, darling.

Come into the boat, Rose.

Come.

Rose.

Get into the boat!

Rose.

Good-bye, Mother.

Where are you going?

To him?!

To be a whore to a gutter rat?

I'd rather be his whore

than your wife.

No!

I said, no!

Rose! Please, stop!

And, lower away!

No, Wait!

Lower away!

- Rose!

- Lower together!

Hold the left side!

Help!

Can anybody hear me?!

Hello! Help me!

Help me!

Can you hear me?!

Can anybody hear me?!

Somebody help me!

Mr. Andrews?!

Steward, check the

starboard corridor.

Madame, please put on a lifebelt.

Get to the boat deck immediately.

Lucy, for God's sake put on your

lifebelt and set a good example.

Yes sir.

- Anyone in here?

- Mr. Andrews!

Mr. Andrews! Thank God!

Where would the Master at Arms

take someone under arrest?

What? You have to get

to a boat right away.

No!

I'm doing this with or

without your help, sir.

But without will take longer.

Take the elevator to the

very bottom. Go to the left...

down the crewmen's passage.

Then go right and left

again at the stairs.

You'll come to a long corridor.

This could be bad.

Oh, shit! Oh, shit!

Excuse me. Thank you.

I'm sorry, miss,

but the lifts are closed.

I'm through being polite,

goddamnit!

Now take me down!

E deck.

Come on.

Come on, come on.

I'm going back up.

No! No! No!

Come back! I'm going back up!

I'm going back up!

Crew passage.

Jack!

Rose!

Rose, I'm in here!

I'm in here!

Jack! I'm sorry.

I'm sorry. I'm so sorry.

That guy Lovejoy put

it in my pocket.

I know, I know, I know.

Listen Rose...

you're gonna have to find

the spare key, all right?

Look in that

cabinet right there.

It's a little silver one, Rose.

These are all brass ones!

Check right here, Rose.

Rose.

How did you find out I didn't do it?

I didn't.

I just realized I already knew.

Keep looking.

No key.

There's no key!

All right, Rose, listen.

You're gonna have

to go find some help.

It'll be all right.

I'll be right back.

I'll just wait here!

Hello? Is there anyone here?

Hello?

Is there anybody down here?

We need help! Hello?

Damnit!

Can anybody hear me, please?!

Hello?! Hello?!

Oh, thank God.

Wait, please, I need your help.

There's a man back

here and he's...

Wait!

Hello?!

Hello?

Miss, you shouldn't

be here now.

I need your help.

There is a man down

here and he is trapped.

- This way, yes. All right.

- Please!

- There's no need to panic.

- No, I'm not panicking!

You're going the wrong way!

Let go of me! Listen!!!

To hell with you.

Oh, my God.

Will this work?

I guess we'll find out.

Come on.

Wait, wait, wait.

Try a couple practice

swings over there.

Good.

Now try and hit the same mark

again, Rose. You can do it.

Okay, that's enough practice.

Come on, Rose.

You can do it.

Listen, just hit it really hard

and really fast.

Come on. Wait.

Open your

hands up a little more.

- Like that?

- Right.

Listen, Rose, I trust you.

Go.

You did it!

Come on. Let's go.

Oh shit, this is cold!

Oh, shit!

Shit! Shit!

This is the way out.

We have to find

another way. Come on.

Pull.

Put your backs into it.

Pull!

Now, there's something

you don't see every day.

What's this luggage doing here?

Get rid of it. Get rid of it.

We need the room.

Get rid of that. Out.

This way.

Let go, sir. Get back.

Keep calm!

Lovejoy!

She's not on the starboard side either.

We're running out of time. This strutting

martinet isn't letting any men on at all.

There's one on the other

side letting men on.

Well then, that's our play.

We'll need some

insurance first. Come on.

This way, please.

All the way down here.

Here!

What do you think you're doing?

You'll have to pay for

that, you know.

That's White Star

Line property.

Shut up!

Will you hold the boat a moment?

I just have to run back to my room...

Sit down!

She's the last.

- Prepare to lower.

- Mr. Lightoller.

Why are the boats being

launched half full?

Not now, Mr. Andrews.

There, look. 20 or so

in a boat built for 65?

And I saw one boat

with only 12. 12!

Well, we weren't sure of

the weight, Mr. Andrews.

These boats may buckle.

Rubbish!

They were tested in Belfast

with the weight of 70 men.

Now, fill these boats, Mr. Lightoller.

For God's sake man!

Please, I need more women

and children, please!

Get back in there!

This is not an exit.

This is not an exit.

You can't keep us locked in here.

Like animals. The ship's bloody sinking.

Bring forward the women!

Unlock the gates.

Women only!

No men!

Get back!

Lock the gates!

Get them back from those gates!

Don't touch the gates!

For God's sake, man...

there are women and

children down here!

Let us up so we can have a chance!

Get back!

Tommy!

- Can we get out?

- It's hopeless that way.

Whatever we do,

we've got to do it fast.

The boats are all going.

This whole place is flooding.

We've gotta get out of here.

There is niente this way.

Let's go this way, all right?

Come on!

I make my own luck.

So do I.

Come on!

No, come on, let's go this way.

This way!

Just go back to

the main stairwell.

And everything will be

sorted out there.

It will all get sorted out back there.

Go back to the main stairwell.

- Open the gate!

- Go back down the main stairwell.

Open the gate right now!

Go back down the main

stairwell, like I told you.

Goddamn it! Son of a bitch!

Stop that!

Fabri, Tommy,

give me a hand here.

Move aside.

Come on, pull!

Pull!

Move aside.

Quickly, move aside!

Put that down!

- Move aside!

- Put that down!

One! Two!

Three!

Again!

Now, let's go!

Let's go, Rose.

You can't go up there!

You can't do this!

Keep order! Keep order here!

Back! Back! Back!

Hold on to her!

Pull her in!

Get back, I say, or I'll...

shoot you all like dogs!

Keep order here!

Keep order, I say.

Mr. Lowe, man this boat.

Right. Is everybody all right?

Nobody panic.

Stay back.

We're too late.

There are more boats down the front.

Stay with this one. Murdoch.

He seems to be quite practical.

Don't lower it!

Cut the falls!

Sit down!

Stay back, you lot!

Just stay back, the

lot of you! Stay back!

It's starting to fall apart.

We don't have much time.

Mr. Murdoch?

Mr. Hockley.

You two, with me, now!

I'm a businessman, as you know...

and I have a business

proposition for you.

Come on, Rose.

The boats are gone!

Colonel, are there

any boats on that side?

No, miss, but there are a couple

of boats all the way forward.

This way, I'll lead you.

What's the use?

Nobody's listening to us anyway.

Well, they don't listen to

us at dinner, either.

Come on, let's play.

Keep us warm.

"Orpheus."

Music to drown by.

Now I know I'm in first class.

- Where is everyone?

- They're all still aft, sir.

We have an understanding

then, Mr. Murdoch.

Will the men please hold

back! Hold back, I say!

Women and children only!

Get back!

Come through, madame.

This way. Step back, sir!

You better check the

other side. Go!

I found her, on the other side.

Waiting for a boat.

With him.

- Any more women and children?

- They're all aboard, Mr. Murdoch.

Anyone else then?

- Anyone else?

- Do hurry. Hurry along.

Goddamn it all to hell.

Shit.

Fire!

Sir, sir, you can't

go through here.

That's it. Splendid. Right.

Prepare to lower.

Ready on the left.

Take them down.

Keep it steady.

Both sides together.

Steady. Keep it steady.

- Give her to me.

- Daddy.

It'll be fine, darling.

Don't you worry.

Daddy, get in the boat.

It's good-bye for a little

while. Only for a little while.

There'll be another

boat for the daddies.

This boat is for the

mummies and the children.

You hold Mummy's hand

and be a good little girl.

I'm not going without you.

No, you have to go, now.

No, Jack.

Get in the boat, Rose.

No, Jack.

Yes.

Get on the boat!

Yes, get on the boat, Rose.

Oh my God, look at you.

You look a fright.

Here.

Put this on. Come.

Go on. I'll get the next one.

No, not without you.

I'll be all right.

Listen, I'll be fine.

I'm a survivor, all right?

Don't worry about me.

Now, go on. Get on.

I have an arrangement with an

officer on the other side of the ship.

Jack and I can get off safely.

Both of us.

See?

I got my own boat to catch.

Go on, hurry.

They're almost full.

- Step aboard, miss.

- Go. Go.

Step aboard, please.

You're daddy's

good girl, all right?

You're my little sailor.

Clear the rail, please.

And, lower away!

You're a good liar.

Almost as good as you.

There's no... there's no

arrangement, is there?

No, there is.

Not that you'll benefit much from it.

I always win, Jack.

One way or another.

Rose!

Stop her!

Rose, what are you doing?!

No!

Rose! You're so stupid!

Why did you do that?

You're so stupid, Rose.

Why did you do that? Why?!

You jump, I jump, right?

Right.

Oh God. I couldn't go.

I couldn't go, Jack.

It's all right. We'll

think of something.

- At least I'm with you.

- We'll think of something.

Come on! Move!

Come on! Move.

Come on!

Move!

Come on! Come on Rose.

Rose, come on!

Move Rose!

Go!

I hope you enjoy your time together!

What could possibly be funny?

I put the diamond in the coat.

And I put the coat on her!

Come on!

Dada!

We can't leave him.

All right, come on!

Dada!

Go back!

It's the wrong way! Come back!

No, not that way!

Come back! Stop!

Go!

Go! Run!

This way!

Give me your hand!

Oh, God!

Help!

Wait, sir!

Sir, open the gate, please!

Help us, please!

Help us!

- Please!

- Please!

Bloody hell!

- Come on, come on!

- Come on!

Go, go!

Jesus.

- Please!

- Come on!

Hurry!

Come on!

I'm sorry, I dropped the keys.

- Wait, please!

- Wait!

Don't leave! Please,

send for help!

I got it! Which

one is it, Rose?

The short one.

Try the short one.

Hurry, Jack.

Oh no! It won't go in.

Hurry, Jack.

It's stuck! It's stuck!

- Come on!

- Hurry, Jack!

- Hurry, Jack!

- Come on!

I got it! I got it!

Go! Go, Rose!

Go! Go!

Jack! Come on!

Move, move.

- Get those oars in place.

- Get an oar under it.

Hold it! Hold it!

Hold it!

Get these davits cranked in!

Let's get the falls hooked up!

Mommy!

Keep going up!

Stop pushing!

Stay back!

Will you give us a chance

to live, you limey bastard!

I'll shoot any man who tries

to get past me! Get back!

Bastard!

Get back!

We had a deal, damn you!

Your money can't save you

any more than it could save me.

Get back!

Women and children only!

No, Tommy!

No, Will!

Now stand back, damn you!

Gently, gently. Hold it. Hold it.

I have a child!

- I have a child!

- Clear a path here!

Please, I have a child!

Please. I'm all she has in the world.

Go on.

Step back!

- Please?

- Here, give her to me.

You're all right, dearie.

Give her here.

There, there.

Wait, wait, wait! Mr. Andrews!

Oh, Rose.

Won't you even

make a try for it?

I'm sorry that I didn't build you

a stronger ship, young Rose.

It's going fast.

We have to move.

Wait.

Good luck to you, Rose.

And to you.

Mr. Guggenheim?

These are for you, Mr. Guggenheim.

No, thank you.

We are dressed in our best and are

prepared to go down as gentlemen.

But we would like a brandy.

Get the falls over here now!

Let them drop. Then we'll right it.

Capitán?

Capitán, where should I go? Please.

Captain. Captain. Sir.

Right. That's it, then.

Good-bye, Wally. Good luck.

- Good-bye, Wallace.

- So long, old chap.

And so they lived happily

together for 300 years...

in the land of Tir na nog...

Land of eternal

youth and beauty.

There's no time!

Cut those falls!

Cut them!

Cut them if you have to!

I need a knife!

Cut the falls now!

Cut them loose!

Cut those bloody falls!

Gentlemen...

it has been a privilege

playing with you tonight.

We have to stay on the

ship as long as possible.

Come on!

This way. Through the rail.

Come on, Rose.

Jump.

Come on.

I got you. Jump.

I've got you, miss.

Back!

No! You'll swamp us!

Yea, though I walk through the

valley of the shadow of death...

You wanna walk a little faster

through that valley there?

Holy Mary, mother of God...

pray for us sinners now and

at the hour of our death. Amen.

Hail Mary, full of grace...

This way.

Come on!

And I saw a new heaven

and a new earth...

for the first heaven and the first earth

had passed away...

and there was no more sea.

It'll be over soon.

It'll all be over soon.

And He shall dwell with them.

And they shall be His people

and God Himself shall be with them...

and be their God.

Jack...

this is where we first met.

And God shall wipe away

all the tears from their eyes...

and there shall be

no more death.

Neither shall there be

sorrow or crying.

Neither shall there

be any more pain...

for the former world

has passed away.

Bloody pull faster! And pull!

Hang on, miss Trudy!

Hold on real tight.

God Almighty.

Keep those breakers in!

Keep them in!

We have to move!

Give me your hand.

I'll pull you over.

I can't.

Come on!

Give me your hand.

I've got you. I won't let go.

Come on, I've got you.

- What's happening, Jack?

- I don't know. I don't know.

Hold on.

This is it!

Oh, my God, Jack!

Oh, God. Oh, God.

Hold on!

The ship is gonna suck us down.

Take a deep breath when I say.

Kick for the surface

and keep kicking.

Do not let go of my hand.

We're going to make it, Rose.

Trust me.

I trust you.

Ready! Ready!

Now!

Jack! Jack!

Rose!

Get off her! Get off her!

Swim, Rose! I need you to swim!

Keep swimming.

It's so cold.

Swim, Rose!

Come on.

Keep swimming.

Come on.

Here...

get on it.

Get on top.

Come on, Rose.

Stay on it. Stay on, Rose.

It'll be all right now.

Return...

the boats!

The boats are coming

back for us Rose.

Hold on just a

little bit longer.

They had to row

away for the suction...

but now they'll be coming back.

For God's sake!

Please...

help us!

You don't understand.

If we go back, they'll

swamp the boat.

They'll pull us right down,

I'm telling you.

Oh, knock it off.

You're scaring me.

Come on, girls, grab

an oar. Let's go.

Are you out of your mind?

We're in the middle of the North Atlantic.

Now, do you people want to live

or do you want to die?!

I don't understand a one of you.

What's the matter with you?

It's your men out there!

There's plenty of room for more.

And there'll be one less

on this boat...

if you don't shut that

hole in your face!

Now, bring in your oars over there.

And tie these boats together as well.

Now, make sure that's

tied up nice and tight.

Right, listen to me, men.

We have to go back.

I want to transfer all the women

from this boat into that boat right now...

as quick as you can, please.

Let's create some space over there.

Move forward and aft.

It's getting quiet.

It's just going to take a

couple of minutes...

to get the boats organized.

I don't know about you but...

I intend to write

a strongly worded letter...

to the White Star Line

about all this.

I love you, Jack.

Don't you do that.

Don't you say your

good-byes. Not yet.

Do you understand me?

I'm so cold.

Listen, Rose...

you're gonna get out of here.

You're gonna go on...

and you're gonna

make lots of babies.

And you're gonna

watch them grow.

You're gonna die an old...

an old lady.

Warm in her bed.

Not here.

Not this night. Not like this.

Do you understand me?

I can't feel my body.

Winning that ticket, Rose...

was the best thing that

ever happened to me.

It brought me to you.

And I'm thankful

for that, Rose.

I'm thankful.

You must...

you must do me this honor.

You must promise me

that you'll survive.

That you won't give up...

no matter what happens.

No matter how hopeless.

Promise me now, Rose.

And never let go

of that promise.

I promise.

Never let go.

I'll never let go, Jack.

I'll never let go.

Right ahead, sir.

Oars!

Do you see any moving?

No, sir. None moving, sir.

Check them.

Bring that oar up here.

Check them. Make sure.

These are dead, sir.

Now, give way.

Ahead easy.

Careful with your oars.

Don't hit them.

Is there anyone

alive out there?

Can anyone hear me?

Is there anyone

alive out there?

We waited too long.

Well, keep checking them!

Keep looking!

Is there anyone

alive out there?

Can anyone hear me?

Come, Josephine...

in my flying machine

And it's up she goes

Up she goes

Come, Josephine...

in my flying...

Jack.

There's a boat.

Jack.

There's a boat, Jack.

Come back.

Come back. Come back!

Hello!

Can anyone hear me?

There's nothing here, sir.

Come back.

I'll never let go.

I promise.

Come about!

Fifteen hundred people

went into the sea...

when Titanic

sank from under us.

There were twenty

boats floating nearby...

and only one came back.

One.

Six were saved

from the water...

myself included.

Six...

out of fifteen hundred.

Afterward...

the seven hundred

people in the boats...

had nothing to do but wait.

Wait to die.

Wait to live.

Wait for an absolution...

that would never come.

Sir, I don't think you'll find any

of your people down here.

It's all steerage.

His hair is reddish brown,

reddish brown, reddish brown.

White beard.

Isn't there another

passenger list?

There is no other list.

Perhaps he's on another ship.

We're doing all we can,

ma'am. I'm so sorry.

That's the last time

I ever saw him.

He married. Of course.

And inherited his millions.

But the Crash of '29 hit

his interests hard...

and he put a pistol in

his mouth that year.

Or so I read.

Can I take your name

please, love?

Dawson.

Rose Dawson.

Thank you.

We never found

anything on Jack.

There's no record

of him at all.

No, there wouldn't

be, would there?

And I've never spoken

of him until now.

Not to anyone.

Not even your grandfather.

A woman's heart is a

deep ocean of secrets.

But now you know there was

a man named Jack Dawson...

and that he saved me...

in every way that

a person can be saved.

I don't even have

a picture of him.

He exists now only

in my memory.

Keldysh, Mir 2 on our

way to the surface.

I was saving this for when

I found the diamond.

I'm sorry.

Three years...

I've thought of

nothing except Titanic.

But I never got it.

I never let it in.

 13 meters. You should see it.

Okay, take her up and over the bow rail.

Mir 2, we're going over the bow.
Stay with us.

Okay, quiet. We're rolling.

Seeing her coming out of the
darkness like a ghost ship...

still gets me every time.

To see the sad ruin of the
great ship sitting here...

where she landed at
2:30 in the morning

of April 15, 1912...

after her long fall...

You are so full of shit, boss.

Dive 6. Here we are again
on the deck of Titanic.

21/2 miles down. 3,821 meters.

The pressure outside is
31/2 tons per square inch.

These windows are
9 inches thick.

If they go, it's sayonara
in two microseconds.

All right, enough of that bullshit.

Just put her down on the roof of
the officers' quarters like yesterday.

Mir 2, we're landing right over the
Grand Staircase. You guys set to launch?

Yeah, Brock. Launching Dunkin now.
Go, Charlie.

- All right, tether out.
- Tether out.

Okay, Brock, we're dropping
down along the hull.

Yeah, roger that. Okay, drop down and go
into the first class gangway door.

I want you guys working the D deck...

reception area and the dining saloon.

Copy that.

Tether out. Okay, now left. Left, left.
Okay, coming left.

Snoop Dog is on the move.
We're headed down the stairwell.

Okay Lewis, drop down to B deck.

- Okay, A deck.
- Give me some rope, Captain.

B deck. Get in there. Get in there.

Watch the door frame.

- Watch it, watch it.
- I see it. I got it.

- We good? Bring her down.
- We're good. Just chill, boss.

Okay, make your turn.

- Cable out, Captain.
- Make your turn. Watch the wall.

Yeah Brock, we're at the piano.
You copy?

Okay, copy that.

Okay, right there. Right there.

Okay, that's it, that's it.
That's the bedroom door.

I see it. I see it.

We're in!

We're in, baby. We're there.

That's Hockley's bed.

That's where the
son of a bitch slept.

Oops. Somebody left the water running.

Hold it. Hold it just a second.
Go back to the right.

That wardrobe door. Get closer.

You smelling something, boss?

- I want to see what's under it.
- Give me my hands, man.

All right.

- Take it easy. It might come apart.
- Okay.
Go, go, go. Flip it over.
Flip it over. Go.

Turn her over. Keep going.

Go, go, go.

Okay, drop it.

Oh, baby, baby.
Are you seeing this, boss?

It's payday, boys.

Cha-ching!

- We did it, Bobby.
- We brought it back, Baby.

Oh, yeah! Who's the best?
Who's the best, baby?

Say it. Say it. Say it.

You are, Lewis.

- Bobby, my cigar.
- Right here.

Okay, crack her open.

Shit.

No diamond.

You know boss, this same thing happened
to Geraldo and his career never recovered.

Turn the camera off.

Brock, the partners would like
to know how it's going.

Hey, Dave, Barry, hi. Look, I it wasn't
in the safe. But hey, hey...

Don't worry about it. There's still
plenty of places it

could be. Hell, yes.

The floor debris in the suite, the mother's room... the purser's safe on C deck. Jimmy Hoffa's briefcase. A dozen other places. Guys, look, you're just going to have to trust my instincts. I know we're close.

We've just got to go through a little process of elimination.

Hang on a second.

- Let me see that. - We may have something here, guys.

Where's the photograph of the necklace?

We'll call you right back.

I'll be goddamned.

Treasure hunter Brock Lovett is best known for finding Spanish gold...

It's okay. I'll feed you in a minute.

Now he has chartered Russian subs to reach the most famous shipwreck of all, the Titanic.

He is with us live via satellite from the research ship Keldysh... in the North Atlantic. Hello. Brock.

Hello, Tracy. Of course, everyone knows the familiar stories of Titanic.

You know, the nobility of the band playing to the very end and all that.

But what I'm interested in are the untold stories.

The secrets locked deep inside the hull of Titanic.

And we're out here using robot technology to go further into the wreck... than anybody has ever done before.

Your expedition is at the center of a storm of controversy... over salvage rights and even ethics.

Many are calling you a grave robber.

Well, nobody ever called the recovery of the artifacts...

What is it?

Turn that up, dear.

I have museum-trained experts sent out here making sure... that these relics are preserved and catalogued properly.

Take a look at this drawing that we found just today.

A piece of paper that's been underwater for 84 years.

And my team are able to preserve it intact.

Should this have remained unseen at the bottom of the ocean for eternity... when we can see and enjoy it now?

I'll be goddamned.

Brock!

There's a satellite call for you.

Bobby, we're launching. You see these submersibles going in the water?

Trust me, buddy.

You want to take this call.

This better be good.

Now, you gotta speak up.

She's kind of old.

Great.

This is Brock Lovett.

How can I help you, Mrs...?

Calvert. Rose Calvert.

Mrs. Calvert.

I was just wondering if you had found... the "Heart of the Ocean" yet, Mr. Lovett.

Told you you wanted to take the call.

All right, you have my attention, Rose.

Can you tell us who the woman in the picture is?

Oh, yes. The woman in the picture is me.

She's a goddamn liar!

Some nutcase seeking money or publicity.

God only knows why.

Like that Russian babe, Anastasia.

They're inbound!

Rose DeWitt Bukater died on the Titanic when she was 17, right?

- That's right. - If she had lived, she'd be over 100 by now.

101 next month.

Okay, so she's a very old goddamn liar.

Look, I've already done the background on this woman... all the way back to the 20s, when she was working as an actress.

An actress.

There's your first clue, Sherlock.

Her name was Rose Dawson back then.

Then she marries this guy named Calvert.

They move to Cedar Rapids and she punches out a couple of kids.

Now Calvert's dead and, from what I hear, Cedar Rapids is dead.

And everybody who knows about the diamond is supposed to be dead... or on this boat, but she knows.

Doesn't exactly travel light, does she?

Hurry up, give him a hand.

Mrs. Calvert, I'm Brock Lovett.

Welcome to the Keldysh.

Okay, let's get her inside there.

Hi, Miss Calvert.

- Hi. - Welcome to the Keldysh.

Thanks.

Hey!

Are your staterooms all right?

Oh, yes.

Very nice.

Have you met my granddaughter, Lizzy?

She takes care of me.

We met just a few minutes ago.

Remember, Nana? Up on deck?

Oh, yes.

There. That's nice.

Have to have my pictures when I travel.

Can I get you anything?

Is there anything you'd like?

Yes.

I would like to see my drawing.

Louis XVI wore a fabulous stone that was... called the Blue Diamond of the Crown... which disappeared in 1792... about the same time old Louis lost everything from the neck up.

The theory goes that the crown diamond was chopped, too.

Recut into a heart-like shape that became known as... the Heart of the Ocean.

Today it would be worth more than the Hope diamond.

It was a dreadful, heavy thing.

I only wore it this once.

You actually think this is you, Nana?

It is me, dear.

Wasn't I a dish?

I tracked it down through insurance records.

An old claim that was settled under terms of absolute secrecy.

Can you tell me who the claimant was, Rose?

I should imagine someone named Hockley.

Nathan Hockley, that's right.

Pittsburgh steel tycoon.

The claim was for a diamond necklace his son... Caledon, bought his fiancée.

You.

A week before he sailed on Titanic.

And it was

s filed right after the sinking.

So the diamond had to have gone down with the ship.

You see the date?

April 14, 1912.

Which means if your grandmother is who she says she is... she was wearing the diamond the day the Titanic sank.

And that makes you my new best friend.

These are some of the things we recovered from your stateroom.

This was mine.

How extraordinary.

And it looks the same as it did the last time I saw it.

The reflection has changed a bit.

Are you ready to go back to Titanic?

Okay, here we go.

She hits the berg on the starboard side, right?

She kind of bumps along... punching holes like morse code... ditdit-dit... along the side... below the water line.

Then the forward compartments start to flood.

Now, as the water level rises... it spills over the watertight bulkheads... which, unfortunately, don't go any higher than E deck.

So now as the bow goes down... the stern rises up, slow at first... then faster and faster... until finally, she's got her whole ass sticking up in the air.

And that's a big ass.

We're talking 20, 30,000 tons. Okay?

And the hull's not designed to deal with that pressure.

So, what happens?

She splits, right down to the keel.

And the stern... falls back level.

Then... as the bow sinks... it pulls the stern vertical... and then finally detaches.

Now the stern section just kind of bobs there like a cork for a couple of minutes... floods, and finally goes under about 2:20 AM... 2 hours and 40 minutes after the collision.

The bow section planes away... landing about a half a mile away... going 20, 30 knots when it hits the ocean floor.

Pretty cool?

Thank you for that fine forensic analysis, Mr. Bodine.

Of course, the experience of it was... somewhat different.

Will you share it with us?

I'm taking her to rest.

No.

Come on, Nana.

No!

Give me the tape recorder.

Tell us, Rose.

It's been 84 years...

It's okay. Just try to remember anything... anything at all.

Do you want to hear this or not, Mr. Lovett?

It's been 84 years... and I can still smell the fresh paint.

The china had never been used.

The sheets had never been slept in.

Titanic was called the ship of dreams.

And it was.

It really was.

All third-class passengers... with a forward berth... this way please! This queue!

It's a big boat?

Daddy, it's a ship.

You're right.

I don't see what all the fuss is about.

It doesn't look any bigger than the Mauretania.

You can be blasé about some things, Rose... but not about Titanic.

It's over 100 feet longer than Mauretania... and far more luxurious.

Your daughter is far too difficult to impress, Ruth.

So this is the ship they say is unsinkable.

It is unsinkable.

God Himself could not sink this ship... What?!

You have to check your baggage through the main terminal.

It's round that way, sir.

I put my faith in you good sir.

Now kindly see my man.

Yes sir. It's my pleasure, sir.

If I can do anything at all... Yes, right.

All the trunks from that car there.

12 from here.

And the safe, to the parlor suite... rooms B-52, 54, 56.

Ladies... we better hurry.

Come along.

- My coat?

- I have it, miss.

All third-class passengers queue here for health inspection.

- Welcome aboard, ma'am.

- Welcome to Titanic.

It was the ship of dreams... to everyone else.

To me. It was a slave ship... taking me back to America in chains.

Outwardly, I was everything a well brought up girl should be.

Inside, I was screaming.

Jack, you are pazzo.

You bet everything we have.

When you got nothing, you got nothing to lose.

Sven?

All right, moment of truth.

Someone's life is about to change.

Fabrizio?

Niente.

Olaf?

Nothing.

Sven?

2 pair.

I'm sorry, Fabrizio.

I'm sorry... you're not gonna see your mom again for a... Long time... 'cause we're going to America.

Full house, boys!

Come on.

I'm going home!

I'm going home.

I go to America!

No, mate.

Titanic go to America, in 5 minutes.

Shit. Fabri. Come on.

Come on, here. Here.

We're riding in high style now!

We're a couple of regular swells.

We're practically goddamn royalty... ragazzino mio.

You see? Is my destiny.

Like I told you... I go to America to be millionaire.

You are pazzo.

Maybe, but I've got the tickets.

Come on, I thought you were fast.

Aspetta!

Wait! Wait!

Hey, wait!

We're passengers!

Have you been through the inspection queue?

Of course.

Anyway, we don't have any lice.

We're Americans. Both of us.

Right.

Come aboard.

We're the luckiest sons of bitches in the world.

You know that?

Good-bye!

You know somebody?

Of course not.

That's not the point.

Good-bye! I'll miss you!

Good-bye!

I will never forget you!

Come with me, darling. Let's go.

G-60.

G-60. G-60.

Excuse me, ma'am.

G-60.

Oh, right here.

Hey, how you doing?

Jack. Nice to meet you.

Jack Dawson. Nice to meet you.

How you doing?

Who says you get top bunk?

This is your private promenade deck, sir.

Will you be requiring anything?

Excuse me.

- This one?

- No.

It had a lot of faces on it.

This is the one.

Would you like all of them out, miss?

Yes. We need a little color in this room.

Put in there. In the wardrobe.

God, not those finger paintings again.

They certainly were a waste of money.

The difference between Cal's taste in art... and mine is that I have some.

They're fascinating.

Like being inside a dream or something.

There's truth but no logic.

- What's the artist's name?

- Something Picasso.

Something Picasso.

He won't amount to a thing.

He won't, trust me.

- Let's put the Degas in the bedroom.

- At least they were cheap.

Put it in the wardrobe.

At Cherbourg, a woman came aboard named Margaret Brown.

We all called her Molly.

History would call her the Unsinkable Molly Brown.

Well, I wasn't about to wait all day for you, sonny.

Here, if you think you can manage.

Her husband had struck gold someplace out west.

And she was what Mother called "new money."

By the next afternoon... we were steaming west from the coast of Ireland... with nothing out ahead of us but ocean.

Take her to sea, Mr. Murdoch.

Let's stretch her legs.

Yes sir.

All ahead full, Mr. Moody.

Very good, sir.

All ahead full.

All ahead full!

Come on lads, step lively!

All right! Let's stoke her right up!

We go full ahead!

Come on, put your backs into it!

21 knots, sir.

Hey, look, look, look!

See it?

There's another one! See him?

Look at that one!

Look at him jump!

I can see the Statue of Liberty already.

Very small, of course.

I'm the king of the world!

She is the largest moving object ever made by the hand of man... in all history.

And our master shipbuilder, Mr. Andrews here... designed her from the keel plates up.

I may have knocked her together, but... the idea was Mr. Ismay's.

He envisioned a steamer so grand in scale... and so luxurious in its appointments... that its supremacy would never be challenged.

And here she is.

- Willed into solid reality.

- Hear, hear.

I'll have the salmon.

You know I don't like that, Rose.

She knows.

We'll both have the lamb.

Rare, with very little mint sauce.

You like lamb, right sweet pea?

You gonna cut her meat for her too there, Cal?

Hey, who thought of the name Titanic?

Was it you, Bruce?

Yes, actually.

I wanted to convey sheer size.

And size means stability... luxury, and above all, strength.

Do you know of Dr. Freud, Mr. Ismay?

His ideas about the male preoccupation with size might be of particular interest to you.

What's gotten into you?

Excuse me.

I do apologize.

She's a pistol, Cal.

Hope you can handle her.

Well, I may have to start minding what she reads from now on, won't I, Mrs. Brown?

Freud? Who is he?

Is he a passenger?

The ship is nice?

Yeah. It's an Irish ship.

Is English, no?

No, it was built in Ireland.

15,000 Irishmen built this ship.

Solid as a rock.

Big Irish hands.

That's typical.

First-class dogs come down here to take a shite.

Lets us know where we rank in the scheme of things.

Like we could forget?

I'm Tommy Ryan.

- Jack Dawson.

- Fabrizio.

Do you make any money with your drawings?

Forget it, boyo.

You'd as like have angels fly out of your arse as get next to... the likes of her.

I saw my whole life as if I'd already lived it.

An endless parade of parties and cotillions... yachts and polo matches.

Always the same narrow people, the same mindless chatter.

I felt like I was standing at a great precipice... with no one to pull me back.

No one who cared... or even noticed.

Don't do it.

Stay back.

Don't come any closer.

Come on.

Just give me your hand.

I'll pull you back over.

No!

Stay where you are.

I mean it.

I'll let go.

No, you won't.

What do you mean, no I won't?

Don't presume to tell me
what I will and will not do.

You don't know me.

Well, you would have done it already.

You're distracting me. Go away.

I can't.

I'm involved now.

You let go, and I'm going to have
to jump in there after you.

Don't be absurd.

- You'll be killed.
- I'm a good swimmer.

The fall alone will kill you.

It would hurt. I'm not
saying it wouldn't.

Tell you the truth...

I'm a lot more concerned
about that water being so cold.

How cold?

Freezing.
Maybe a couple degrees over.

You ever...

ever been to Wisconsin?

What?

Well, they have some of
the coldest winters around.

I grew up there,
near Chippewa Falls.

I remember when I was a kid,
me and my father, we went ice fishing...

out on Lake Wissota.

Ice fishing is, you know, where you...

I know what ice fishing is!

Sorry.

You just seem like, you know,
kind of an indoor girl.

Anyway, I...

fell through some thin ice.

And I'm telling you...

water that cold,

like right down there...

it hits you like 1000 knives
stabbing you all over your body.

You can't breathe.

You can't think. Least not about
anything but the pain.

Which is why I'm not looking
forward to jumping in there after you.

Like I said...

I don't have a choice.

I guess I'm kind of hoping you'll
come back over the rail and...

and get me off the hook here.

You're crazy.

That's what everybody says but...

with all due respect, miss...

I'm not the one hanging off
the back of a ship here.

Come on.

Come on, give me your hand.

You don't want to do this.

I'm Jack Dawson.

Rose DeWitt Bukater.

I'll have to get you to
write that one down.

Come on.

I got you.

Come on.

Help, please!

Help!

- Please, help me!
- Listen. Listen to me.

Listen. Listen to me.

I've got you. I won't let go.

Now pull yourself up. Come on!

Come on.

That's right.

You can do it.

I got you.

What's all this?

You stand back and...

don't move an inch!

Fetch the Master at Arms.

This is completely unacceptable!

What made you think that you could
put your hands on my fiancée?!

Look at me, you filth!

Cal.

What do you think
you were doing?

Cal, stop. It was an accident.

An accident?

It was.

Stupid, really.

I was leaning over and I slipped.

I was leaning far over
to see the...

The...

- Propellers?
- Propellers, and I slipped.

And I would have gone
overboard but Mr. Dawson here...

saved me. And almost
went over himself.

You wanted to see the...
She wanted to see the propellers.

Like I said, women and
machinery do not mix.

Was that the way of it?

Yeah. Yeah, that
was pretty much it.

Well, the boy's a hero then.

Good for you, son. Well done.

So, it's all's well and back
to our brandy, eh?

Look at you. You must be freezing.
Let's get you inside.

Perhaps a little something
for the boy?

Of course.

Mr. Lovejoy,
I think a 20 should do it.

Is that the going rate
for saving the woman you love?

Rose is displeased.

What to do?

I know.

Perhaps you could join us for
dinner tomorrow evening...

to regale our group...

with your heroic tale.

Sure. Count me in.

Good. It's settled then.

This should be interesting.

Can I bum a smoke?

You'll want to tie those.

It's interesting...

the young lady slipped
so suddenly...

and you still had time to remove
your jacket and your shoes.

I know you've been melancholy.

I don't pretend to know why.

I intended to save this...

until the engagement
gala next week...

but, I thought...

tonight.

Good gracious.

Perhaps as a reminder
of my feelings for you.

- Is it a...
- Diamond. Yes.

56 carats to be exact.

It was worn by Louis XVI.

And they called
it Le Coeur de la Mer.

- The Heart of the Ocean.
- The Heart of the Ocean. Yes.

It's overwhelming.

Well, it's for royalty.

We are royalty, Rose.

You know, there's
nothing I couldn't give you.

There's nothing I'd deny you...

if you would not deny me.

Open your heart to me, Rose.

Well, I've been on my own since
I was 15, since my folks died.

And I had no brothers or sisters or
close kin in that part of the country...

so I lit on out of there and I
haven't been back since.

You could just call me a
tumbleweed blowing in the wind.

Well, Rose, we've walked about a mile
around this boat deck and...

chewed over how great the weather's
been and how I grew up...

but I reckon that's not why
you came to talk to me, is it?

- Mr. Dawson, I...
- Jack.

Jack.

I want to thank y

ou
for what you did.
Not just for pulling me back,
but for your discretion.
You're welcome.
Look.
I know what you must be thinking.
Poor little rich girl.
What does she know about misery?
No.
No, that's not what I was thinking.
What I was thinking was...
what could have happened to this girl
to make her think she had no way out?
Well I...
It was everything.
It was my whole world and...
all the people in it.
And the inertia of my life,
plunging ahead and me...
powerless to stop it.
God, look at that thing.
You would have gone
straight to the bottom.
500 invitations have gone out.
All of Philadelphia society will be there.
And all the while I feel I'm...
standing in the middle
of a crowded room...
screaming at the
top of my lungs...
and no one even looks up.
Do you love him?
Pardon me?
Do you love him?
You're being very rude. You
shouldn't be asking me this.
Well, it's a simple question.
Do you love the guy or not?
This is not a suitable conversation.
Why can't you just
answer the question?
This is absurd.
You don't know me
and I don't know you...
and we are not having this
conversation at all. You are rude...
and uncouth and presumptuous
and I am leaving now...
Jack. Mr. Dawson.
It's been a pleasure.
I sought you out to thank you
and now I have thanked you.
And you've insulted me.
Well, you deserved it.
- Right.
- Right.
I thought you were leaving.
I am.
You are so annoying.
Wait.
I don't have to leave. This is
my part of the ship. You leave.
Well, well, well.
Now who's being rude?
What is this stupid thing
you're carrying around?
So, what are you,
an artist or something?
These are rather good.
They're very good, actually.
Jack, this is exquisite work.
They didn't think too
much of them in old Paree.
Paris?
You do get around for a person of limited means.
Go on. A poor guy. You can say it.
Well, well, well.
And these were drawn from life?
Well, that's one of the
good things about Paris.
Lots of girls are willing
to take their clothes off.
You liked this woman.
You used her several times.
Well.
She had beautiful
hands, you see?
I think you must have
had a love affair with her.
No, no, no.
Just with her hands.
She was a
one-legged prostitute.
See?
She had a good
sense of humor though.
Oh, and this lady...
She used to sit at this bar every night...
wearing every piece
of jewelry she owned...
just waiting for
her long, lost love.
We called her Madame Bijoux.
See, her clothes are all moth-eaten.
Well, you have a gift, Jack.
You do.
You see people.
I see you.
And?
You wouldn't have jumped.
But the purpose of university
is to find a suitable husband.
Rose has already done that.
Look, here comes that
vulgar Brown woman.
Quickly, get up before
she sits with us.
Hello, girls. I was hoping
I'd catch you at tea.
We're awfully sorry,
you missed it.
The Countess and I were just
off to take the air on the boat deck.
What a lovely idea.
I need to catch up on my gossip.
Countess.
So, you've not yet lit the
last four boilers?
No, I don't see the need.
We are making excellent time.
The press knows the size of Titanic.
Now, I want them to marvel at her speed.
We must give them
something new to print.
This maiden voyage
of Titanic must...
make headlines.
Mr. Ismay, I would prefer
not to push the engine...
until they've been properly run in.
Of course I'm just a passenger.
I leave it to your good offices
to decide what's best.
But what a glorious end
to your final crossing...
if we were to get into New York
on Tuesday night...
and surprise them all.
Make the morning papers.
Retire with a bang, eh, E. J?
Good man.
After that, I worked
on a squid boat in Monterey...
then I went to Los Angeles to the...
Santa Monica pier
and did portraits for 10 cents each.
Why can't I be like you?
Just head out for the horizon
whenever I feel like it.
Say we'll go there
sometime, to that pier...
only if we just talk about it.
No, we'll do it. We'll drink cheap beer.
Ride on the roller coaster
till we throw up.
We'll ride horses on the
beach, in the surf.
But you have to do it like a real cowboy.
No sidesaddle stuff.
You mean with one leg on each side?
Can you show me?
Sure, if you like.
Teach me to ride like a man.
Chew tobacco like a man.
And spit like a man.
You didn't learn in finishing school?
No.
Come on, I'll show you.
I'll show you how.
Jack! No, Jack, no. Wait.
I couldn't poss

ibly, Jack.

Watch closely.

That's disgusting.

Your turn.

That was pitiful.
You really have to hawk it back.

Get some leverage.
Use your arms. Arc your neck.

You see the range on that thing?

Okay, go.

That was better. You have to work on it.
Really try to hawk it up.

Mother.

May I introduce Jack Dawson?

Charmed, I'm sure.

The others were gracious and curious
about the man who'd saved my life.

But my mother looked at him like an insect.

A dangerous insect
which must be squashed quickly.

Sounds like you're a good man
to have around in a sticky spot.

Why do they always insist on announcing
dinner like a damn cavalry charge?

Shall we go dress, Mother?

See you at dinner, Jack.

Son?

Son!

Do you have any idea what you're doing?

Not really.

You're about to go into the snake pit.

What are you going to wear?

I figured. Come on.

I was right. You and my son
are just about the same size.

Pretty close.

You shine up like a new penny.

Good evening, sir.

Thousands of tons of Hockley steel
are in this ship.

Which part?

All the right ones.

Then you're accountable
if there's a problem. Where's Rose?

She'll be along.

There is the Countess.

I saw that in a nickelodeon
and always wanted to do it.

Darling...

surely you remember Mr. Dawson.

It's amazing.
You could almost pass for a gentleman.

Almost.

This is extraordinary.

This is a remarkable voyage.

Mad.

Completely lunatic.

There's the Countess of Rothes.

That's John Jacob Astor...

the richest man on board.

His little wifey, Madeleine,
is my age and in a delicate condition.

See how she tries to hide it.

Quite the scandal.

Benjamin Guggenheim and his mistress,
Madame Aubert. Mrs. Guggenheim...

is at home with the children, of course.
And over here...

Sir Cosmo and Lucile, Lady Duff-Gordon.

She designs naughty lingerie,
among her many talents.

Very popular with the royals.

Congratulations. She's splendid.

Why, thank you.

Escort a lady to dinner?

Certainly.

Sweet pea, sweet pea.

Ain't nothing to it.

They love money. Pretend like you own
a gold mine and you're in the club.

Hey, Astor.

Hello, Molly. Nice to see you.

J.J., Madeleine,
I'd like you to meet Jack Dawson.

Well, Jack...

are you of the Boston Dawsons?

No, the Chippewa Falls Dawsons, actually.

Oh, yes.

He must have been nervous.
But he never faltered.

They assumed he was one of them.

Heir to a rail road fortune, perhaps.

New money, obviously,
but still a member of the club.

Mother. Of course.
Could always be counted upon.

Tell us of the accommodations in steerage,
Mr. Dawson. I hear they're quite good.

The best I've seen, ma'am. Hardly any rats.

Mr. Dawson is joining us from third class.

He was of help to my fiancée last night.

It happens Mr. Dawson
is quite a fine artist.

He showed me some of his work today.

Rose and I differ in our definition of fine art.
Not to impugn your work, sir.

Are all these mine?

Start from the outside and work in.

He knows every rivet in her.

Your ship is a wonder, Mr. Andrews.

Thank you, Rose.

How do you take your caviar, sir?

No caviar for me, thanks.

Never did like it much.

Where exactly do you live, Mr. Dawson?

Right now, my address is the RMS Titanic.

After that, I'm on God's good humor.

How do you have means to travel?

I work my way from place to place.
Tramp steamers and such.

I won my ticket on Titanic
at a lucky hand at poker.

A very lucky hand.

All life is a game of luck.

A real man makes his own luck.

Right, Dawson?

And you find that sort of rootless existence appealing?

Yes, ma'am, I do.

I've got everything I need
right here with me.

I have air in my lungs
and blank sheets of paper.

I love waking up, not knowing
what will happen or who I'll meet.

Where I'll wind up.

One night I'm sleeping under a bridge...

now I'm on the grandest ship
in the world, with you fine people.

I'll take more of that.

Life's a gift. I don't
intend on wasting it.

You never know what hand you'll get dealt.

You take life as it comes at you.

Here, Cal.

Make each day count.

Well said, Jack.

Hear, hear.

To making it count.

Bravo.

But Mr. Brown didn't know
I'd hidden the money in the stove.

He comes home drunk as a pig celebrating
and lights a fire.

Next is brandy in the smoking room.

Join me in a brandy, gentlemen?

Now they retreat to congratulate each
other on being masters of the universe.

Ladies, thank you for your company.

May I escort you to the cabin?

No, I'll stay here.

Here, Molly.

Joining us, Dawson?

You don't want to stay with the women.

No, thanks. I have to hear

d back.
That's best. It'll be all business and politics.
Wouldn't interest you.
But Dawson, good of you to come.
Must you go?
Time for me to row with the other slaves.
Good night, Rose.
Want to go to a real party?
Is okay I put my hand here?
I can't understand you.
I'm going to dance with her now.
Come on.
Come on. Come with me.
Jack. Jack, wait.
I can't do this.
We'll have to get a bit closer.
Like this.
You're still my best girl, Cora.
- I don't know t
he steps.
- Me, either. Just go with it.
Don't think.
Wait! Jack!
Wait! Stop, Jack!
What? Wait!
Jack, no.
Beyond the jurisdicti
on
of the Sherman Act.
That's what Rockefeller said...
Supreme Court di
dn't swallow it.
What? You think
a first-class girl can't drink?
Get out of here.
Are you all right?
I'm fine.
Two out of thre
e.
So...
you think you're tough?
Let's see you do this.
Hold this for me, Jack. Hold it up.
Jesus!
You okay?
I ha
ven't done that in years.
Come on, lads. Give it all you got.
Let's go.
Coffee, sir?
You didn't come to me last night.
I was tired.
Your exertions below deck
were no doubt exhausting.
I see you had
that undertaker of a manservant follow me.
You will never behave like that agai
n.
I'm not one of your mill foremen
who you can command.
I'm your
fiancée.
My fiancée. My fiancée!
Yes, you are! And my wife!
My wife in practice,
if not yet by law, so you will honor me!
You will honor
me the way
a wife honors her husband.
Because I will not be made a fool of.
Is this in any way unclear?
No.
Good. Excuse me.
Oh, Miss Rose.
We had a little accident.
- That's all right.
- I'm
sorry.
Let me help you.
It's all right, miss.
Tea, Trudy.
You're not to see that boy again.
You understand?
Rose, I forbid it.
Stop it, Mother.
You'll give yourself anosebleed.
This is not a g
ame.
Our situation is precarious.
You know the money's gone.
Of co
urse I know.
You remind me every day.
Your father left us nothing but a leg
acy
of bad debts hidden by a good name.
That name is the only card we have
to play.
I don't understand you.
It is a fine match with Hockley.
It will ensure our survival.
How can you put this on me?
Why are you b
eing so selfish?
I'm being selfish?
Do you want to see me
working
as a seamstress?
Is that what you want?
To see our fine things sold at
auction?
Our memories scattered?
It's so unfair.
Of course i
t's unfair.
We're women.
Our choices are never easy.
Protect
them by Thy guiding hand
From every peril on the land
O, spirit whom t
he Father sent
To spread abroad the firmament
O, wind of heaven, by Th
y might
Save all who dare the eagle's flight
And keep them by Thy watc
hful care...
Hello, Mr. Andrews.
I need to talk to someone.
You're not supposed to be in here.
I was here last night, remember?
No.
Now please turn around.
He'll tell you. I just need to talk...
Mr. Hoc
kley and Mrs. DeWitt Bukater...
are still appreciative
of your assistance.
They asked me
to give you this in gratitude...
I don't want your m
oney.
And remind you you are
in third class and your presence here...
is no longer appropriate.
Let me speak to Rose.
Gentlemen, please
see Mr. Dawson
returns to where he belongs...
and that he stays there?
Yes, sir.
Come along, you.
Hear us when we cry to Thee
For those in peril on the sea
Why are there two steering wheels?
We use
this one near shore.
Excuse me, sir.
Another ice warning, from the Noordam.
Thank you, Sparks.
Not to worry.
Quite normal for this time of ye
ar.
In fact, we're speeding up.
I've ordered the last boilers lit.
Okay, son, wind it up tight
like I showed you. That's right.
Okay, now let
it go.
- It was good, wasn't it?
- Quite nice. That's excellent.
Mr. Andrews... Forgive me.
I did the sum in my head...
and with the num
ber of lifeboats
times the capacity you mentioned...
Forgive me, but it see
ms that there are
not enough for everyone aboard.
About half, actually.
Rose, you miss nothing, do you?
In fact, I put in these new
type davi
ts...
which can take an extra row
of boats inside this one.
But it
was thought, by some...
the deck would look
too cluttered.
So, I w
as overruled.
It's a waste of deck space
as it is on an unsinkable ship.
Sleep soundly, young Rose.
I have built you a good ship,
strong and
true.
She's all the lifeboat
you need.
Just keep heading aft. The
next
stop will be the engine room.
Jack, this is impossible.
I can't se
e you.
- I need to talk to you.
- No, Jack. No.
Jack. I'm engaged.

I'm marrying Cal.

I love Cal.

Rose...

you're no pic
nic. All right?

You're a spoiled little brat even.

But under that, you're t
he
most amazingly, astounding...

wonderful girl...

woman, that I've
e ever known.

Jack, I...

No, let me try and get
this out. You're a
ma...

I'm not an idiot.

I know how the world works.

I've got ten b
ucks
in my pocket.

I have nothing to offer
you and I know that.

r>I understand.

But I'm too involved now.

You jump, I jump. Remember?

I can't turn away without
knowing you'll be all right.

That's all
that I want.

Well, I'm fine.

I'll be fine. Really.

Really?

r>
I don't think so.

They've got you trapped, Rose.

And you're go
nna die if you
don't break free.

Maybe not right away...

because y
ou're strong...

but sooner or later that
fire that I love about you, Ros
e...

that fire is gonna burn out.

It's not up to you
to save me, J
ack.

You're right.

Only you can do that.

I'm going back.

Leave me alone.

Tell Lucile about the disaster
you had with the statio
ners.

Well, of course the invitations
had to be sent back, twice.

Oh, my dear.

And the dreadful
bridesmaids' gowns.

Let me tell you
what an
odyssey that has been.

Rose decided she
wanted lavender.

r>She knows I detest the color.

So, she did it only to spite me.

If o
nly you'd come to
me sooner.

Ruth saw some of my designs in
La Mode Ill
ustrée.

They were for the trousseau of the Duchess
of Marlborough's younges
t daughter.

They were quite charming.

But, I think you'll agree,
m
y dear, that together...

we've created something
of a phoenix from the ashe
s.

Hello, Jack.

I changed my mind.

They said you might be up
here.

Give me your hand.

Now close your eyes.

Go on.

>Now, step up.

Now, hold onto the railing.

Keep your eyes closed.

Don't peek.

I'm not.

Now, step up onto the rail.

Hold on. Hol
d on.

Keep your eyes closed.

Do you trust me?

I trust you.

r>
All right...

open your eyes.

I'm flying.

Jack.

r>Come, Josephine, in my
flying machine. Going up...

she goes. Up she goe
s.

That was the last time
Titanic ever saw daylight.

We're up to d
usk the
night of the sinking.

6 hours to go.

Incredible. There's S
mith and
he's standing there and...

he's got the iceberg warning
in his
fucking hand...

excuse me... his hand,
and he's ordering more speed.

r>26 years of experience
working against him.

He figures anything big

enough to sink, the ship...

they're gonna see in time to turn.

But the
ship's too big
with too small a rudder.

Doesn't corner worth a damn.

r>Everything he knows is wrong.

It's quite proper, I assure you.
This is t
he sitting room.

- Will this light do?
- What?

Don't artists need
good light?

That is true, but I'm not
used to working in...

such h
orrible conditions.

Monet!

- Do you know his work?
- Of course.

r>
Look at his use of color here.
Isn't he great?

I know. It's extraor
dinary.

Cal insists on carting
this hideous thing everywhere.

Shou
ld we be expecting him
any time soon?

Not as long as the cigars
and bra
ndy hold out.

That's nice.

What is it, a sapphire?

A diamond.

A very rare diamond.

Jack, I want you to draw me
like one of your
French girls.

Wearing this.

All right.

Wearing only this.

>
The last thing I need is another picture
of me looking like a porcelain doll.

As a paying customer...

I expect to get what I want.

Over on
the bed... the couch.

Come. Lie down.

- Tell me when it looks right.

r>- Keep that.

Put your arm back
the way it was.

Put that other a
rm up,
that hand right by your face there.

Right.

Now, head down.

Eyes to me. Keep them on me.

And try to stay still.

So seriou
s.

I believe you are blushing,
Mr. Big Artiste.

I can't imagine

r>Monsieur Monet blushing.

He does landscapes.

- Just relax your fac
e.
- Sorry.

No laughing.

My heart was pounding
the whole time.

It was the most erotic
moment of my life...

up until then, at lea
st.

So what happened next?

You mean, did we do it?

Sorry to d
isappoint you, Mr. Bodine.

Jack was very professional.

Thank you.

What are you doing?

Will you put this
back in the safe for me?

r>Gentlemen, would you excuse me.

None of the stewards
have seen her.

This is absurd. It's a ship.

There's only so many
places she could be.

Lovejoy, find her.

- Clear.
- Yes.

I don't think I've ev
er
seen such a flat calm.

Like a mill pond.

Not a breath of wind.

It will make the bergs
harder to see...

with no breaking
water

at the base.

Well, I'm off.

Maintain speed and
heading, Mr. Lightoller.

Yes, sir.

It's getting cold.

You look nice.

Miss Rose?

My drawings!

Come on!

Wait, wait, wait!

- Go. Go. Down, down.

- Take us down, quickly. Quickly!

Bye.

Sorry.

- Keep going.

- Thank you, I've got it.

Pretty tough for
a valet, this fella.

Seems more like a cop.

I think he was.

- Oh, shit.

- Go!

No, over here!

Quick!

Now what?

What?

More coal for number one, mate.

Hold up? What are you two
doing down here?

You shouldn't be down here.

It could be dangerous!

Carry on!

Don't mind us. You're
doing a great job!

Keep up the good work!

Look at what we have here?

Thank you.

Where to, miss?

To the stars.

You nervous?

No.

Put your hands on me, Jack.

It's bloody cold.

You know, I can smell ice, you know.

When it's near.

Bollocks!

Well, I can, all right?

Did you ever find those
binoculars for the lookouts?

Haven't seen them
since Southampton.

Well, I'll be on my rounds.

Cheerio.

You're trembling.

Don't worry.

I'll be all right.

- They ran down there.

Right.

Anything missing?

I have a better idea.

Got you!

Did you see those guys' faces?

Did you see them?

When the ship docked...

I'm getting off with you.

This is crazy.

I know. It doesn't make any sense.

That's why I trust it.

Here, look at this.

Look at that, would you?

They're warmer than we are.

If that's what it takes for us to get warm,
I'd rather not.

Bugger me!

Pick up, you bastards!

Is anyone there?

What do you see?

Iceberg, right ahead!

Thank you.

Iceberg ahead!

Hard a' starboard!

Turn! Turn! Smartly!

Full astern!

Hard over.

Helm's hard over, sir.

Go, lads, go!

Bring that steam down! Bring it down!

Shut all the dampers! Shut them!

Hold it.

Hold it!

Now! Engage reversing engine!

Why ain't they turning?

Is it hard over?

It is, sir. Hard over.

Come on, come on, come on. Turn.

Yes.

It's going to hit!

Jesus Christ!

Jesus!

Hard to port!

Get back!

Let's go!

They're closing the doors! Get out!

Get out the door! Go!

Go! Come on, lads! Go, lads, go!

Go! Go!

Oh, my God.

That was a close shave.

Smell ice, can you? Bleedin' Christ!

Note the time. Enter it in the log.

What was that, Mr. Murdoch?

An iceberg, sir.

I put her hard to starboard,
but it was too close.

I tried to port round it, but...

Close the watertight doors.

They're closed, sir.

All stop.

Have the carpenter sound the ship.

Come on, let's get the hell out of here!

Why have the engines stopped?

I felt a shudder.

Not to worry. We threw a propeller blade.

That's the shudder you felt.

Do you need anything?

No, thank you.

There's talk of an iceberg.

I don't see anything. Do you?

If this is where the rats
are going, I am, too.

- You.

- There is no emergency.

- There is. I've been robbed.

- Get the Master at Arms.

Now, you moron!

Did I miss the fun?

- Did you see what happened?

No. I guess it hit over there.

Boiler room six is flooded eight feet
and the mail hold is worse.

- Can you shore up?

- Not unless the pumps get ahead.

- Have you seen the mail hold?

- It's already underwater.

This is bad.

We should tell Mother and Cal.

I think they're very good, sir.

Don't touch anything.

I want the room photographed.

We've been looking for you, miss.

Here we go.

Something serious has happened.

Yes, it has.

Indeed.

Two things dear to me have disappeared.

Now that one is back,
I know where to find the other. Search him.

- Take your coat off.

- Now what?

What are you doing?

We're in the middle of an emergency.

- Is this it?

- That's it.

This is horseshit!

Do n't you believe it.

- He couldn't have.

- Easy enough for a professional.

I was with him the entire time.

Perhaps he did it while you were putting
your clothes back on, dear.

Real slick. They put it in my pocket.

- Shut up.

- It isn't even your pocket.

"Property of A.L. Ryerson."

That was reported stolen.

I just borrowed it.

Oh, we have an honest thief.

You know I didn't do this, Rose.

Don't believe them. You know
it.

Let's go, son.

You know I didn't do it!

There's a good lad. Come on.

You know I didn't do it! You know me!

This is most unfortunate, Captain.

Water fourteen feet above the keel
in ten minutes...

in the forepeak,
all three holds and boiler room six.

That's right.

>
When can we get underway?

That's five compartments.

She can float with four compartments
breached, but not five.

Not five. As she goes down,
the water will spill...

over the tops of the bulkheads
at E deck, one to the next...

back and back. There's no stopping it.

The pumps.

The pumps buy you time, but minutes only.

As of now, no matter what we do...

Titanic will founder.

But this ship can't sink.

She's made of iron. I assure you, she can.

And she will.

It's a mathematical certainty.

How much time?

An hour. Two, at most.

How many aboard, Mr. Murdoch?

Two thousand, two hundred souls, sir.

Well, I believe you may get your headlines,
Mr. Ismay.

Oh, it is a little slut, isn't it?

Look at me when I'm talking to you!

- Mr. Hockley?
- Not now. We're busy.

You've been asked to put on lifebelts
and go to the boat deck.

I said, not now.

I'm sorry, Mr. Hockley, but it's
Captain's orders. Dress warmly.

It's quite cold out.

May I suggest topcoats and hats?

This is ridiculous.

Not to worry, miss.
I'm sure it's just a precaution.

Everybody up! Lifebelts on!

What's he on about?

- Put your lifebelts on!
- What is it?

Just put them on.

C.Q. D?

Sir?

That's right, C.Q.D. The distress call.
That's our position.

Tell whoever responds we're going down
and need immediate assistance.

Blimey.

Keep lowering!

Steady! Make it taut! And winch out!

Uncover this boat! Uncover
all the boats aft!

Release those ties!

Roll back that cover! Smartly now!

Where are the passengers?

They went inside. Too cold and noisy for them.

You there! Get down here
and help with these lines!

Care for a drink, sir?

Sonny, what's doing? You get us all trussed
up and now we're cooling our heels.

Sorry, ma'am. Let me go find out.

Nobody knows what's going on.

Just like the damn English...
everything by the book.

No need for language, Mr. Hockley.

Go back and turn on the heaters in our rooms.
I want a cup of tea when I return.

Mr. Andrews.

I saw the iceberg. And
I see it in your eyes.

Please tell me the truth.

The ship will sink.

You're certain?

In an hour or so, all this
will be at the bottom of the Atlantic.

Please, tell only who you must.
I don't want to cause a panic.

And get to a boat. Quickly. Don't wait.

You remember what I told
you about the boats?

Yes.

I understand.

Over here, son.

Sir, there's a big mob
at the Second Class Purser's office.

Go on. I'll watch him.

Aye. Right.

Sir, Carpathia says they're making 17 knots.
Full steam for them, sir.

She's the only one responding?

The only one close. They'll
be here in four hours.

Four hours?!

Thank you, Bride.

My God.

We are swung out and ready, sir.

Hadn't we better get the women and children
into the boats?

Yes.

Women and children first, yes.

Yes, sir.

Ladies and gentlemen, attention, please!

Step this way, please. That's right.

Come towards me. Thank you.

Good.

For the time being,
I require only women and children.

Right here.

Like the Captain said,
nice and cheery, so there's no panic.

"Wedding Dance."

Lifebelts on. Put your lifebelts on.

Put your lifebelts on. Lifebelt on.

Here, put that lifebelt on. Turn it around.

It isn't time to go to the boats yet!

Please, stay calm.

Make sure you have your lifebelts on.

Let women and children
through to the front.

What are we doing?

Waiting. Once first-class people
are in the boats...

they'll start with us
and we want to be ready.

Pushing won't get you out any faster.

Go get help.

Lower it away, left and
right together! Steady.

Both sides together! Steady!

Steady!

Stop, stop, stop!

Hold the left!

Right side only! Right side only!

Right side!

Hold the left! Right side down!

Lower away together!

Steady, lads!

You know, I do believe this ship may sink.

I've been asked to give you
this small token of our appreciation.

Compliments of Mr. Caledon Hockley.

Come on, sister, you heard
the man. Into the boat.

Any room for a gentleman,
gentlemen?

Only women at this time, sir.

Will the lifeboats be
seated according to class?

I hope they're not too crowded.

Oh, Mother, shut up!

Don't you understand?

The water is freezing and
there aren't enough boats.

Not enough by half.

Half the people on this
ship are going to die.

Not the better half.

Come on, Ruth, get in the boat.

First class seats
are right up here.

You know, it's a pity I didn't
keep that drawing.

It'll be worth a lot
more by morning.

You unimaginable bastard.

Come on, Rose darling.
There's plenty of room for you.

Come on, Rose.

r/>
You're next, darling.

Come into the boat, Rose.

Come.

Rose.

Get into the boat!

Rose.

Good-bye, Mother.

Wh
ere are you going?

To him?!

To be a whore to a gutter rat?

I'd rather be his whore
than your wife.

No!

I said, no!

R
ose! Please, stop!

And, lower away!

No, Wait!

Lower away!<br/
>
- Rose!
- Lower together!

Hold the left side!

Help!
<br/
>Can anybody hear me?!

Hello! Help me!

Help me!

Can you hear
me?!

Can anybody hear me?!
Somebody help me!

Mr. Andrews?!
<b
r/>Steward, check the
starboard corridor.

Madame, please put on a lifebelt.

Get to the boat deck immediately.

Lucy, for God's sake put on your
lif
ebelt and set a good example.

Yes sir.

- Anyone in here?
- Mr. And
rews!

Mr. Andrews! Thank God!

Where would the Master at Arms
take
someone under arrest?

What? You have to get
to a boat right away.

No!

I'm doing this with or
without your help, sir.

But without wil
l take longer.

Take the elevator to the
very bottom. Go to the left...

down the crewmen's passage.

Then go right and left
again at the stair
s.

You'll come to a long corridor.

This could be bad.

Oh, shi
t! Oh, shit!

Excuse me. Thank you.

I'm sorry, miss,
but the lifts
are closed.

I'm through being polite,
goddamnit!

Now take me down!

E deck.

Come on.

Come on, come on.

I'm going back u
p.

No! No! No!

Come back! I'm going back up!

I'm going back u
p!

Crew passage.

Jack!

Rose!

Rose, I'm in here!

I'm in here!

Jack! I'm sorry.

I'm sorry. I'm so sorry.

T
hat guy Lovejoy put
it in my pocket.

I know, I know, I know.

Liste
n Rose...

you're gonna have to find
the spare key, all right?

Look
in that
cabinet right there.

It's a little silver one, Rose.

These
are all brass ones!

Check right here, Rose.

Rose.

How did you
find out I didn't do it?

I didn't.

I just realized I already knew.<br/
>
Keep looking.

No key.

There's no key!

All right, Rose,
listen.

You're gonna have
to go find some help.

It'll be all righ
t.

I'll be right back.

I'll just wait here!

Hello? Is there a
nyone here?

Hello?

Is there anybody down here?

We need help!
Hello?

Damn it!

Can anybody hear me, please?!
Hello?! Hello?!
<
br/>Oh, thank God.

Wait, please, I need your help.

There's a man back<
br/>here and he's...

Wait!

Hello?!

Hello?

Miss, you

be here now.

I need your help.

There is a man down
here and h
e is trapped.

- This way, yes. All right.
- Please!

- There's no n
eed to panic.
- No, I'm not panicking!

You're going the wrong way!
<br/
>Let go of me! Listen!!!

To hell with you.

Oh, my God.

Will t
his work?

I guess we'll find out.

Come on.

Wait, wait, wait.<
br/>
Try a couple practice
swings over there.

Good.

Now try an
d hit the same mark
again, Rose. You can do it.

Okay, that's enough practic
e.
Come on, Rose.

You can do it.

Listen, just hit it really hard<b
r/>and really fast.

Come on. Wait.

Open your
hands up a little mor
e.

- Like that?
- Right.

Listen, Rose, I trust you.

Go.<b
r/>
You did it!

Come on. Let's go.

Oh shit, this is cold!
Oh,
shit!

Shit! Shit!

This is the way out.

We have to find
an
other way. Come on.

Pull.

Put your backs into it.

Pull!
<
br/>Now, there's something
you don't see every day.

What's this luggage doi
ng here?
Get rid of it. Get rid of it.

We need the room.
Get rid of tha
t. Out.

This way.
Let go, sir. Get back.

Keep calm!

Lovej
oy!

She's not on the starboard side either.

We're running out of time.
This strutting
martinet isn't letting any men on at all.

There's one on the
other
side letting men on.

Well then, that's our play.

We'll need
some
insurance first. Come on.

This way, please.
All the way down here.

Here!

What do you think you're doing?

You'll have to pay for

that, you know.

That's White Star
Line property.

Shut up!<br/
>
Will you hold the boat a moment?
I just have to run back to my room...
<b
r/>Sit down!

She's the last.

- Prepare to lower.
- Mr. Lightoller.

Why are the boats being
launched half full?

Not now, Mr. Andrews.

There, look. 20 or so
in a boat built for 65?

And I saw one boat<
br/>with only 12. 12!

Well, we weren't sure of
the weight, Mr. Andrews.<br/
>
These boats may buckle.

Rubbish!

They were tested in Belfast<br/
>with the weight of 70 men.

Now, fill these boats, Mr. Lightoller.
For Go
d's sake man!

Please, I need more women
and children, please!

Get

back in there!
This is not an exit.
This is not an exit.
You can't keep us locked in here.
Like animals. The ship's bloody sinking.
Bring forw and the women!
Unlock the gates.
Women only!
No men!
Get back!
Lock the gates!
Get them back from those gates!
Do n't touch the gates!
For God's sake, man...
there are women and
children down here!
Let us up so we can have a chance!
Get back!
Tommy!
- Can we get out?
- It's hopeless that way.
Whatever we do,
we've got to do it fast.
The boats are all going.
This whole place is flooding.
We've gotta get out of here.
There is niente this way.
Let's go this way, all right?
Come on!
I make my own luck.
So do I.
Come on!
No, come on, let's go this way.
This way!
Just go back to
the main stairwell.
And everything will be
sorted out there.
It will all get sorted out back there.
Go back to the main stairwell.
- Open the gate!
- Go back down the main stairwell.
Open the gate right now!
Go back down the main stairwell, like I told you.
Goddamn it! Son of a bitch!
Stop that!
Fabri, Tommy, give me a hand here.
Move aside.
Come on, pull!
Pull!
Move aside.
Quickly, move aside!
Put that down!
Move aside!
Put that down!
One! Two!
Three!
Again!
Now, let's go!
Let's go, Rose.
You can't go up there!
You can't do this!
Keep order! Keep order here!
Back! Back! Back!
Hold on to her!
Pull her in!
Get back, I say, or I'll...
shoot you all like dogs!
Keep order here!
Keep order, I say.
Mr. Lowe, man this boat.
Right. Is everybody all right?
Nobody panic.
Stay back.
We're too late.
There are more boats down the front.
Stay with this one. Murdoch.
He seems to be quite practical.
Don't lower it!
Cut the falls!
Sit down!
Stay back, you lot!
Just stay back, the lot of you! Stay back!
It's starting to fall apart.
We don't have much time.
Mr. Murdoch?
Mr. Hockley.
You two, with me, now!
I'm a businessman, as you know...
and I have a business proposition for you.
Come on, Rose.
The boats are gone!
Colonel, are there any boats on that side?
No, miss, but there are a couple of boats all the way forward.
This way, I'll lead you.
What's the use?
Nobody's listening to us anyway.
Well, they don't listen to us at dinner, either.
Come on, let's play.
Keep us warm.
"Orpheus."
Music to drown by.
Now I know I'm in first class.
- Where is everyone?
- They're all still aft, sir.
We have an understanding
then, Mr. Murdoch.
Will the men please hold back! Hold back, I say!
Women and children only!
Get back!
Come through, madame.
This way. Step back, sir!
You better check the other side. Go!
I found her, on the other side.
Waiting for a boat.
With him.
- Any more women and children?
- The y're all aboard, Mr. Murdoch.
Anyone else then?
- Anyone else?
- Do hurry. Hurry along.
Goddamn it all to hell.
Shit.
Fire!
Sir, sir, you can't go through here.
That's it. Splendid. Right.
Prepare to lower.
Ready on the left.
Take them down.
Keep it steady.
Both sides together.
Steady. Keep it steady.
- Give her to me.
- Daddy.
It'll be fine, darling.
Don't you worry.
Daddy, get in the boat.
It's good-bye for a little while. Only for a little while.
There'll be another boat for the daddies.
This boat is for the mummies and the children.
You hold Mummy's hand and be a good little girl.
I'm not going without you.
No, you have to go, now.
No, Jack.
Get in the boat, Rose.
No, Jack.
Yes.
Get on the boat!
Yes, get on the boat, Rose.
Oh my God, look at you.
You look a fright.
Here.
Put this on. Come.
Go on. I'll get the next one.
No, not without you.
I'll be all right.
Listen, I'll be fine.
I'm a survivor, all right?
Don't worry about me.
Now, go on. Get on.
I have an arrangement with an officer on the other side of the ship.
Jack and I can get off safely.
Both of us.
See?
I got my own boat to catch.
Go on, hurry.
They're almost full.
- Step aboard, miss.
- Go. Go.
Step aboard, please.
You're daddy's good girl, all right?
You're my little sailor.
Clear the rail, please.
And, lower away!
You're a good liar.
Almost as good as you.
There's no... there's no arrangement, is there?
No, there is.
Not that you'll benefit much from it.
I always win, Jack.
One way or another.
Rose!
Stop her!
Rose, what are you doi

ng?

No!

Rose! You're so stupid!
Why did you do that?

You u're so stupid, Rose.

Why did you do that? Why?

You jump, I jump, right?

Right.

Oh God. I couldn't go.

I couldn't go, Jack.

r/>It's all right. We'll
think of something.

- At least I'm with you.
- We'll think of something.

Come on! Move!

Come on! Move.

Come on!

Move!

Come on! Come on Rose.

Rose, come on!

Move Rose!

Go!

I hope you enjoy your time together!

What could possibly be funny?

I put the diamond in the coat.

And I put the coat on her!

Come on!

Dada!

We can't leave him.

All right, come on!

Dada!

Go back!

It's the wrong way! Come back!

No, not that way!
Come back! Stop!

Go!

Go! Run!

This way!

Give me your hand!

Oh, God!

Help!

Wait, sir!

Sir, open the gate, please!

Help us, please!

Help us!

- Please!
- Please!

Bloody hell!

- Come on, come on!
- Come on!

Go, go!

Jesus.

- Please!
- Come on!

Hurry!

Come on!

I'm sorry, I dropped the keys.

- Wait, please!
- Wait!

Don't leave! Please,
send for help!

I got it! Which
one is it, Rose?

The short one.

Try the short one.

Hurry, Jack.

Oh no! It won't go in.

Hurry, Jack.

It's stuck! It's stuck!

- Come on!
- Hurry, Jack!

- Hurry, Jack!
- Come on!

I got it! I got it!
Go! Go, Rose!

Go! Go!

Jack! Come on!

Move, move.

- Get those oars in place.
- Get an oar under it.

Hold it! Hold it!

Hold it!

Get these davits cranked in!
Let's get the falls hooked up!

Mommy!

Keep going up!

Stop pushing!

Stay back!

Will you give us a chance
to live, you limey bastard!

I'll shoot any man who tries
to get past me! Get back!

Bastard!

Get back!

We had a deal, damn you!

Your money can't save you
any more than it could save me.

Get back!

Women and children only!

No, Tommy!

No, Will!

Now stand back, damn you!

Gently, gently. Hold it. Hold it.

I have a child!

- I have a child!
- Clear a path here!

Please, I have a child!

Please. I'm all she has in the world.

Go on.

Step back!

- Please?
- Here, give her to me.

You're all right, dearie.

Give her here.

There, there.

Wait, wait, wait! Mr. Andrews!

Oh, Rose.

Won't you even
make a try for it?

I'm sorry that I didn't build you
a stronger ship, young Rose.

It's going fast.
We have to move.

Wait.

Good luck to you, Rose.

And to you.

Mr. Guggenheim?

These are for you, Mr. Guggenheim.

No, thank you.

We are dressed in our best and are
prepared to go down as gentlemen.

But we would like a brandy.

Get the falls over here now!

Let them drop. Then we'll right it.

Capitán?

Capitán, where should I go? Please.

Captain. Captain. Sir.

Right. That's it, then.

Good-bye, Wally. Good luck.

- Good-bye, Wallace.
- So long, old chap.

And so they lived happily
together for 300 years...

in the land of Tir na nog...

Land of eternal
youth and beauty.

There's no time!

Cut those falls!

Cut them!

Cut them if you have to!

I need a knife!

Cut the falls now!

Cut them loose!

Cut those bloody falls!

Gentlemen...

it has been a privilege
playing with you tonight.

We have to stay on the
ship as long as possible.

Come on!

This way. Through the rail.

Come on, Rose.

Jump.

Come on.

I got you. Jump.

I've got you, miss.

Back!

No! You u'll swamp us!

Yea, though I walk through the
valley of the shadow of death...

You wanna walk a little faster
through that valley there?

Holy Mary, mother of God...

pray for us sinners now and
at the hour of our death. Amen.

Hail Mary, full of grace...

This way.

Come on!

And I saw a new heaven
and a new earth...

for the first heaven and the first earth
had passed away...

and there was no more sea.

It'll be over soon.
It'll all be over soon.

And He shall dwell with them.

And they shall be His people
and God Himself shall be with them...

and be their God.

Jack...

this is where we first met.

And God shall wipe away
all the tears from their eyes...

and there shall be
no more death.

Neither shall there be
sorrow or crying.

Neither shall there
be any more pain...

for the former world
has passed away.

Blood y pull faster! And pull!

Hang on, miss Trudy!

Hold on real tight.

God Almighty.

Keep those breakers in!
Keep them in!

We have to o move!

Give me your hand.
I'll pull you over.

I can't.

C

ome on!
Give me your hand.
I've got you. I won't let go.
Come on, I've got you.
- What's happening, Jack?
- I don't know. I don't know.
Hold on.
This is it!
Oh, my God, Jack!
Oh, God. Oh, God.
Hold on!
The ship is gonna suck us down.
Take a deep breath when I say.
Kick for the surface
and keep kicking.
Do not let go of my hand.
We're going to make it, Rose.
Trust me.
I trust you.
Ready! Ready!
Now!
Jack! Jack!
Rose!
Get off her! Get off her!
Swim, Rose! I need you to swim!
Keep swimming.
It's so cold.
Swim, Rose!
Come on.
Keep swimming.
Come on.
Here...
get on it.
Get on top.
Come on, Rose.
Stay on it. Stay on, Rose.
It'll be all right now.
Return...
the boats!
The boats are coming
back for us Rose.
Hold on just a
little bit longer.
They had to row
away for the suction
on...
but now they'll be coming back.
For God's sake!
Please...
help us!
You don't understand.
If we go back, they'll
swamp the boat.
They'll pull us right down,
I'm telling you.
Oh, knock it off.
You're scaring me.
Come on, girls, grab
an oar. Let's go.
Are you out of your mind?
We're in the middle of the North Atlantic.
Now, do you people want to live
or do you want to die?
I don't understand a one of you.
What's the matter with you?
It's your men out there!
There's plenty of room for more.
And there'll be one less
on this boat...
if you don't shut that
hole in your face!
Now, bring in your oars over there.
And tie these boats together as well.
Now, make sure that's
tied up nice and tight.
Right, listen to me, men.
We have to go back.
I want to transfer all the women
from this boat into that boat right now...
as quick as you can, please.
Let's create some space over there.
Move forward and aft.
It's getting quiet.
It's just going to take a
couple of minutes...
to get the boats organized.
I don't know about you but...
I intend to write
a strongly worded letter...
to the White Star Line
about all this.
I love you, Jack.
Don't you do that.
Don't you say your
good-byes. Not yet.
Do you understand me?
I'm so cold.
Listen, Rose...
you're gonna get out of here.
You're gonna go on...
and you're gonna
make lots of babies.
And you're gonna
watch them grow.
You're gonna die an old...
an old lady.
Warm in her bed.
Not here.
Not this night. Not like this.
Do you understand me?
I can't feel my body.
Winning that ticket, Rose...
was the best thing that
ever happened to me.
It brought me to you.
And I'm thankful
for that, Rose.
I'm thankful.
You must...
you must do me this honor.
You must promise me
that you'll survive.
That you won't give up...
no matter what happens.
No matter how hopeless.
Promise me now, Rose.
And never let go
of that promise.
I promise.
Never let go.
I'll never let go, Jack.
I'll never let go.
Right ahead, sir.
Oars!
Do you see any moving?
No, sir. None moving, sir.
Check them.
Bring that oar up here.
Check them. Make sure.
These are dead, sir.
Now, give way.
Ahead easy.
Careful with your oars.
Don't hit them.
Is there anyone
alive out there?
Can any one hear me?
Is there anyone
alive out there?
We waited too long.
Well, keep checking them!
Keep looking!
Is there anyone
alive out there?
Can anyone hear me?
Come, Josephine...
in my flying machine
And it's up she goes
Up she goes
Come, Josephine...
in my flying...
Jack.
There's a boat.
Jack.
There's a boat, Jack.
Come back.
Come back. Come back!
Hello!
Can anyone hear me?
There's nothing here, sir.
Come back.
I'll never let go.
I promise.
Come about!
Fifteen hundred people
went into the sea...
when Titanic
sank from under us.
There were twenty
boats floating nearby...
and only one came back.
One.
Six were saved
from the water...
myself included.
Six...
out of fifteen hundred.
Afterward...
the seven hundred
people in the boats...
had nothing to do but wait.
Wait to die.
Wait to live.
Wait for an absolution...
that would never come.
Sir, I don't think you'll find any
of your people down here.
It's all steerage.
His hair is reddish brown,
reddish brown, reddish brown.
White beard.
Isn't there another
passenger list?
There is no other list.
Perhaps he's on another ship.
We're doing all

we can,
ma'am. I'm so sorry.

That's the last time
I ever saw him.

He married. Of course.
And inherited his millions.

But the Crash of '29 hit
his interests hard...

and he put a pistol in
his mouth that year.

Or so I read.

Can I take your name
please, love?

Dawson.

Rose Dawson.

Thank you.

We never found
anything on Jack.

There's no record
of him at all.

No, there wouldn't
be, would t here?

And I've never spoken
of him until now.

Not to anyone.

Not even your grandfather.

A woman's heart is a
deep ocean of secrets.

But now you know there was
a man named Jack Dawson...

and that he saved me...

in every way that
a person can be saved.

I don't even have
a picture of him.

He exists now only
in my memory.

Keldys h, Mir 2 on our
way to the surface.

I was saving this for when
I found the diamond.

I'm sorry.

Three years...

I've thought of
no thing except Titanic.

But I never got it.

I never let it in.</div>

e're there.

That's Hockley's bed.

That's where the son of a bitch slept.

Oops. Somebody left the water running.

Hold it. Hold it just a second.
Go back to the right.

That wardrobe door. Get closer.

You smelling something, boss?

- I want to see what's under it.
- Give me my hands, man.

All right.

- Take it easy. It might come apart.
- Okay.

Go, go, go. Flip it over.
Flip it over. Go.

Turn her over. Keep going.

Go, go, go.

Okay, drop it.

Oh, baby, baby.
Are you seeing this, boss?

It's payday, boys.

Cha-ching!

- We did it, Bobby.
- We brought it back, Baby.

Oh, yeah! Who's the best?
Who's the best, baby?

Say it. Say it. Say it.

You are, Lewis.

- Bobby, my cigar.
- Right here.

Okay, crack her open.

Shit.

No diamond.

You know boss, this same thing happened to Geraldo and his career never recovered.

Turn the camera off.

Brock, the partners would like to know how it's going.

Hey, Dave, Barry, hi. Look, I it wasn't in the safe. But hey, hey...

Don't worry about it. There's still plenty of places it could be. Hell, yes.

The floor debris in the suite, the mother's room...

the purser's safe on C deck.

Jimmy Hoffa's briefcase.

A dozen other places. Guys, look, you're just going to have to trust my instincts. I know we're close.

We've just got to go through a little process of elimination.

Hang on a second.

- Let me see that.
- We may have something here, guys.

Where's the photograph of the necklace?

We'll call you right back.

I'll be goddamned.

Treasure hunter Brock Lovett is best known for finding Spanish gold...

It's okay. I'll feed you in a minute.

Now he has chartered Russian subs to reach the most famous shipwreck of all, the Titanic.

He is with us live via satellite from the research ship Keldysh...

in the North Atlantic. Hello. Brock.

Hello, Tracy. Of course, everyone knows the familiar stories of Titanic.

You know, the nobility of the band playing to the very end and all that.

But what I'm interested in are the untold stories.

The secrets locked deep inside the hull of Titanic.

And we're out here using robot technology to go further into the wreck...

than anybody has ever done before.

Your expedition is at the center of a storm of controversy...

over salvage rights and even ethics.

Many are calling you a graverobber.

Well, nobody ever called the recovery of the artifacts...

What is it?

Turn that up, dear.

I have museum-trained experts sent out here making sure...

that these relics are preserved and catalogued properly.

Take a look at this drawing that we found just today.

A piece of paper that's been underwater for 84 years.

And my team are able to preserve it intact.

Should this have remained unseen at the bottom of the ocean for eternity...

when we can see and enjoy it now?

I'll be goddamned.

Brock!

There's a satellite call for you.

Bobby, we're launching. You see these submersibles going in the water?

Trust me, buddy.

You want to take this call.

This better be good.

Now, you gotta speak up.

She's kind of old.

Great.

This is Brock Lovett.

How can I help you, Mrs...?

Calvert. Rose Calvert.

Mrs. Calvert.

I was just wondering if you had found...

the "Heart of the Ocean" yet, Mr. Lovett.

Told you you wanted to take the call.

All right, you have my attention, Rose.

Can you tell us who the woman in the picture is?

Oh, yes. The woman in the picture is me.

She's a goddamn liar!

Some nutcase seeking money or publicity.

God only knows why.

Like that Russian babe, Anesthesia.

They're inbound!

Rose DeWitt Bukater died on the Titanic when she was 17, right?

- That's right.
- If she had lived, she'd be over 100 by now.

101 next month.

Okay, so she's a very old goddamn liar.

Look, I've already done the background on this woman...

all the way back to the 20s, when she was working as an actress.

An actress.

There's your first clue, Sherlock.

Her name was Rose Dawson back then.

Then she marries this guy named Calvert.

They move to Cedar Rapids and she punches out a couple of kids.

Now Calvert's dead and, from what I hear, Cedar Rapids is dead.

And everybody who knows about the diamond is supposed to be dead...

or on this boat, but she knows.

Doesn't exactly travel light, does she?

Hurry up, give him a hand.

Mrs. Calvert, I'm Brock Lovett.

Welcome to the Keldysh.

Okay, let's get her inside there.

Hi, Miss Calvert.

- Hi.
- Welcome to the Keldysh.

Thanks.

Hey!

Are your staterooms all right?

Oh, yes.

Very nice.

Have you met my granddaughter, Lizzy?

She takes care of me.

We met just a few minutes ago.

Remember, Nana? Up on deck?

Oh, yes.

There. That's

nice.

Have to have my pictures when I travel.

Can I get you anything?

Is there anything you'd like?

Yes.

I would like to see my drawing.

Louis XVI wore a fabulous stone that was...

called the Blue Diamond
of the Crown...

which disappeared in 1792...

about the same time old Louis lost everything from the neck up.

The theory goes that the crown diamond was chopped, too.

Recut into a heart-like shape that became known as...

the Heart of the Ocean.

Today it would be worth more than the Hope diamond.

It was a dreadful, heavy thing.

I only wore it this once.

You actually think this is you, Nana?

It is me, dear.

Wasn't I a dish?

I tracked it down through insurance records.

An old claim that was settled under terms of absolute secrecy.

Can you tell me who the claimant was, Rose?

I should imagine someone named Hockley.

Nathan Hockley, that's right.

Pittsburgh steel tycoon.

The claim was for a diamond necklace his son...

Caledon, bought his fiancée.

You.

A week before he sailed on Titanic.

And it was filed right after the sinking.

So the diamond had to have gone down with the ship.

You see the date?

April 14, 1912.

Which means if your grandmother is who she says she is...

she was wearing the diamond the day the Titanic sank.

And that makes you my new best friend.

These are some of the things we recovered from your stateroom.

This was mine.

How extraordinary.

And it looks the same as it did the last time I saw it.

The reflection has changed a bit.

Are you ready to go back to Titanic?

Okay, here we go.

She hits the berg on the starboard side, right?

She kind of bumps along...

punching holes like morse code...

ditdit-dit... along the side...

below the water line.

Then the forward compartments start to flood.

Now, as the water level rises...

it spills over the watertight bulkheads...

which, unfortunately, don't go any higher than E deck.

So now as the bow goes down...

the stern rises up, slow at first...

then faster and faster...

until finally, she's got her whole ass sticking up in the air.

And that's a big ass.

We're talking 20, 30,000 tons. Okay?

And the hull's not designed to deal with that pressure.

So, what happens?

She splits, right?

down to the keel.

And the stern...

falls back level.

Then...

as the bow sinks...

it pulls the stern vertical...

and then finally detaches.

Now the stern section just kind of bobs there like a cork for a couple of minutes...

floods, and finally goes under about 2:20 AM...

2 hours and 40 minutes after the collision.

The bow section planes away...

landing about a half a mile away...

going 20, 30 knots when it hits the ocean floor.

Pretty cool?

Thank you for that fine forensic analysis, Mr. Bodine.

Of course, the experience of it was...

somewhat different.

Will you share it with us?

I'm taking her to rest.

No.

Come on, Nana.

No!

Give me the tape recorder.

Tell us, Rose.

It's been 84 years...

It's okay. Just try to remember anything...

anything at all.

Do you want to hear this or not, Mr. Lovett?

It's been 84 years...

and I can still smell the fresh paint.

The china had never been used.

The sheets had never been slept in.

Titanic was called the ship of dreams.

And it was.

It really was.

All third-class passengers...

with a forward berth...

this way please! This queue!

It's a big boat?

Daddy, it's a ship.

You're right.

I don't see what all the fuss is about.

It doesn't look any bigger than the Mauretania.

You can be blasé about some things, Rose...

but not about Titanic.

It's over 100 feet longer than Mauretania...

and far more luxurious.

Your daughter is far too difficult to impress, Ruth.

So this is the ship they say is unsinkable.

It is unsinkable.

God Himself could not sink this ship...

What?!

You have to check your baggage through the main terminal.

It's round that way, sir.

I put my faith in you good sir.

Now kindly see my man.

Yes sir. It's my pleasure, sir.

If I can do anything at all...

Yes, right.

All the trunks from that car there.

12 from here.

And the safe, to the parlour suite...

rooms B-52, 54, 56.

Ladies...

we better hurry.

Come along.

- My coat?

- I have it, miss.

All third-class passengers queue here for health inspection.

- Welcome aboard, ma'am.

- Welcome to Titanic.

It was the ship of dreams...

to everyone else.

To me. It was a slave ship...

taking me back to America in chains.

Outwardly, I was everything a well brought up girl should be. In side, I was screaming. Jack, you are pazzo. You bet everything we have. When you got nothing, you got nothing to lose. Sven? All right, moment of truth. Someone's life is about to change. Fabrizio o? Niente. Olaf? Nothing. Sven? 2 pair. I'm sorry, Fabrizio. I'm sorry... you're not gonna see your mom again for a... Long time... 'cause we're going to America. Full house, boys! Come on. I'm going home! I'm going home. I go to America! No, mate. Titanic go to America, in 5 minutes. Shit. Fabri. Come on. Come on, here. Here. We're riding in high style now! We're a couple of regular swells. We're practically goddamn royalty... ragazzino mio. You see? Is my destiny. Like I told you... I go to America to be millionaire. You are pazzo. Maybe, but I've got the tickets. Come on, I thought you were fast. Aspetta! Wait! Wait! Hey, wait! We're passengers! Have you been through the inspection queue? Of course. Anyway, we don't have any lice. We're Americans. Both of us. Right. Come aboard. We're the luckiest sons of bitches in the world. You know that? Good-bye! You know somebody? Of course not. That's not the point. Good-bye! I'll miss you! Good-bye! I will never forget you! Come with me, darling. Let's go. G-60. G-60. G-60. Excuse me, ma'am. G-60. Oh, right here. Hey, how you doing? Jack. Nice to meet you. Jack Dawson. Nice to meet you. How you doing? Who says you get top bunk? This is your private promenade deck, sir. Will you be requiring anything? Excuse me. - This one? - No. It had a lot of faces on it. This is the one. Would you like all of them out, miss? Yes. We need a little color in this room. Put in there. In the wardrobe. God, not those finger paintings again. They certainly were a waste of money. The difference between Cal's taste in art... and mine is that I have some. They're fascinating. Like being inside a dream or something. There's truth but no logic. - What's the artist's name? - Something Picasso. Something Picasso. He won't amount to a thing. He won't, trust me. - Let's put the Degas in the bedroom. - At least they were cheap. Put it in the wardrobe. At Cherbourg, a woman came aboard named Margaret Brown. We all called her Molly. History would call her the Unsinkable Molly Brown. Well, I wasn't about to wait all day for you, sonny. Here, if you think you can manage. Her husband had struck gold someplace out west. And she was what Mother called "new money." By the next afternoon... we were steaming west from the coast of Ireland... with nothing out ahead of us but ocean. Take her to sea, Mr. Murdoch. Let's stretch her legs. Yes sir. All ahead full, Mr. Moody. Very good, sir. All ahead full. All ahead full! Come on lads, step lively! All right! Let's stoke her right up! We go full ahead! Come on, put your backs into it! 21 knots, sir. Hey, look, look, look! See it? There's another one! See him? Look at that one! Look at him jump! I can see the Statue of Liberty already. Very small, of course. I'm the king of the world! She is the largest moving object ever made by the hand of man... in all history. And our master shipbuilder, Mr. Andrews here... designed her from the keel plates up. I may have knocked her together, but... the idea was Mr. Ismay's. He envisioned a steamer so grand in scale... and so luxurious in its appointments... that its supremacy would never be challenged. And here she is. Willed into solid reality. Hear, hear. I'll have the salmon. You know I don't like that, Rose. She knows. We'll both have the lamb. Rare, with very little mint sauce. You like lamb, right sweet pea? You gonna cut her meat for her too there, Cal? Hey, who thought of the name Titanic? Was it you, Bruce? Yes, actually. I wanted to convey sheer size. And size means stability... luxury, and above all, strength. Do you know of Dr. Freud, Mr. Ismay? His ideas about the male preoccupation with size might be of particular interest to you. What's gotten into you? Excuse me. I do apologize. She's a pistol, Cal. Hope you can handle her. Well, I may have to start minding what she reads from now on, won't I, Mrs. Brown? Freud

d? Who is he? Is he a passenger? The ship is nice? Yeah. It's an Irish ship. Is English, no? No, it was built in Ireland. 15,000 Irishmen built this ship. Solid as a rock. Big Irish hands. That's typical. First-class dogs come down here to take a shite. Lets us know where we rank in the scheme of things. Like we could forget? I'm Tommy Ryan. - Jack Dawson. - Fabrizio. Do you make any money with your drawings? Forget it, boyo. You'd as like have angels fly out of your arse as get next to... the likes of her. I saw my whole life as if I'd already lived it. An endless parade of parties and cotillions... yachts and polo matches. Always the same narrow people, the same mindless chatter. I felt like I was standing at a great precipice... with no one to pull me back. No one who cared... or even noticed. Don't do it. Stay back. Don't come any closer. Come on. Just give me your hand. I'll pull you back over. No! Stay where you are. I mean it. I'll let go. No, you won't. What do you mean, no I won't? Don't presume to tell me what I will and will not do. You don't know me. Well, you would have done it already. You're distracting me. Go away. I can't. I'm involved now. You let go, and I'm going to have to jump in there after you. Don't be absurd. - You'll be killed. - I'm a good swimmer. The fall alone will kill you. It would hurt. I'm not saying it wouldn't. Tell you the truth... I'm a lot more concerned about that water being so cold. How cold? Freezing. Maybe a couple degrees over. You ever... ever been to Wisconsin? What? Well, they have some of the coldest winters around. I grew up there, near Chippewa Falls. I remember when I was a kid, me and my father, we went ice fishing... out on Lake Wissota. Ice fishing is, you know, where you... I know what ice fishing is! Sorry. You just seem like, you know, kind of an indoor girl. Anyway, I... fell through some thin ice. And I'm telling you... water that cold, like right down there... it hits you like 1000 knives stabbing you all over your body. You can't breathe. You can't think. Least not about anything but the pain. Which is why I'm not looking forward to jumping in there after you. Like I said... I don't have a choice. I guess I'm kind of hoping you'll come back over the rail and... and get me off the hook here. You're crazy. That's what everybody says but... with all due respect, miss... I'm not the one hanging off the back of a ship here. Come on. Come on, give me your hand. You don't want to do this. I'm Jack Dawson. Rose DeWitt Bukater. I'll have to get you to write that one down. Come on. I got you. Come on. Help, please! Help! - Please, help me! - Listen. Listen to me. Listen. Listen to me. I've got you. I won't let go. Now pull yourself up. Come on! Come on. That's right. You can do it. I got you. What's all this? You stand back and... don't move an inch! Fetch the Master at Arms. This is completely unacceptable! What made you think that you could put your hands on my fiancée?! Look at me, you filth! Cal. What do you think you were doing? Cal, stop. It was an accident. An accident? It was. Stupid, really. I was leaning over and I slipped. I was leaning far over to see the... The... Propellers? - Propellers, and I slipped. And I would have gone overboard but Mr. Dawson here... saved me. And almost went over himself. You wanted to see the... She wanted to see the propellers. Like I said, women and machinery do not mix. Was that the way of it? Yeah. Yeah, that was pretty much it. Well, the boy's a hero then. Good for you, son. Well done. So, it's all's well and back to our brandy, eh? Look at you. You must be freezing. Let's get you inside. Perhaps a little something for the boy? Of course. Mr. Lovejoy, I think a 20 should do it. Is that the going rate for saving the woman you love? Rose is displeased. What to do? I know. Perhaps you could join us for dinner tomorrow evening... to regale our group... with your heroic tale. Sure. Count me in. Good. It's settled then. This should be interesting. Can I bum a smoke? You'll want to tie those. It's interesting... the young lady slipped so suddenly... and you still had time to remove your jacket and your shoes. I know you've been melancholy. I don't pretend to know why.

r/>I intended to save this...

until the engagement
gala next week...
<b
r/>but, I thought...

tonight.

Good gracious.

Perhaps as a rem

of my feelings for you.

- Is it a...
- Diamond. Yes.

56
carats to be exact.

It was worn by Louis XVI.

And they called
it L
e Coeur de la Mer.

- The Heart of the Ocean.
- The Heart of the Ocean. Yes.

It's overwhelming.

Well, it's for royalty.

We are royalty, R
ose.

You know, there's
nothing I couldn't give you.

There's nothin
g I'd deny you...

if you would not deny me.

Open your heart to me, Ros
e.

Well, I've been on my own since
I was 15, since my folks died.

And I had no brothers or sisters or
close kin in that part of the country...
<b
r/>so I lit on out of there and I
haven't been back since.

You could just c
all me a
tumbleweed blowing in the wind.

Well, Rose, we've walked about a m

around this boat deck and...

chewed over how great the weather's
be
en and how I grew up...

but I reckon that's not why
you came to talk to me,
is it?

- Mr. Dawson, I...
- Jack.

Jack.

I want to thank y
ou
for what you did.

Not just for pulling me back,
but for your discret

You're welcome.

Look.

I know what you
must be thinki

Poor little rich girl.

What does she know about misery?

N
o.

No, that's not what I was thinking.

What I was thinking was...

what could have happened to this girl
to make her think she had no way out?<br/
>
Well I...

It was everything.
It was my whole world and...

al
l the people in it.

And the inertia of my life,
plunging ahead and me...<b
r/>
powerless to stop it.

God, look at that thing.

You would have
gone
straight to the bottom.

500 invitations have gone out.

All of
Philadelphia society will be there.

And all the while I feel I'm...

st
anding in the middle
of a crowded room...

screaming at the
top of my lu
ngs...

and no one even looks up.

Do you love him?

Pardon me?<
br/>
Do you love him?

You're being very rude. You
shouldn't be asking m
e this.

Well, it's a simple question.
Do you love the guy or not?

This is not a suitable conversation.

Why can't you just
answer the questio
n?

This is absurd.

You don't know me
and I don't know you...
<
br/>and we are not having this
conversation at all. You are rude...

and unc
outh and presumptuous
and I am leaving now...

Jack. Mr. Dawson.
It's be
en a pleasure.

I sought you out to thank you
and now I have thanked you.<b
r/>
And you've insulted me.

Well, you deserved it.

- Right.
-
Right.

I thought you were leaving.

I am.

You are so annoying.

Wait.

I don't have to leave. This is
my part of the ship. You lea
ve.

Well, well, well.
Now who's being rude?

What is this stupid th
ing
you're carrying around?

So, what are you,
an artist or something?<b
r/>
These are rather good.

They're very good, actually.

Jack, this
is exquisite work.

They didn't think too
much of them in old Paree.
<b
r/>Paris?

You do get around for a p...

Well, a... a
person of limi
ted means.

Go on. A poor guy. You can say it.

Well, well, well.
<b
r/>And these were drawn from life?

Well, that's one of the
good things abou
t Paris.

Lots of girls are willing
to take their clothes off.

You
liked this woman.

You used her several times.

Well.

She had b
eautiful
hands, you see?

I think you must have
had a love affair with h
er.

No, no, no.
Just with her hands.

She was a
one-legged pros
titute.

See?

She had a good
sense of humor though.

Oh, an
d this lady...

She used to sit at this bar every night...

wearing ever
y piece
of jewelry she owned...

just waiting for
her long, lost love.<b
r/>
We called her Madame Bijoux.

See, her clothes are all moth-eaten.
<
br/>Well, you have a gift, Jack.

You do.

You see people.

I se
e you.

And?

You wouldn't have jumped.

But the purpose of univ
ersity
is to find a suitable husband.

Rose has already done that.

Look, here comes that
vulgar Brown woman.

Quickly, get up before
she si
ts with us.

Hello, girls. I was hoping
I'd catch you at tea.

We're
awfully sorry,
you missed it.

The Countess and I were just
off to take
the air on the boat deck.

What a lovely idea.
I need to catch up on my goss
ip.

Countess.

So, you've not yet lit the
last four boilers?
<b
r/>No, I don't see the need.

We are making excellent time.

The press k
nows the size of Titanic.
Now, I want them to marvel at her speed.

We must
give them
something new to print.

This maiden voyage
of Titanic must...

make headlines.

Mr. Ismay, I would prefer
not to push the engine
s...

until they've been properly run in.

Of course I'm just a passenge

r.
I leave it to your good offices
to decide what's best.
But what a glorious end
to your final crossing...
if we were to get into New York
on Tuesday night...
and surprise them all.
Make the morning papers.
Retire with a bang, eh, E. J?
Good man.
After that, I worked
on a squid boat in Monterey...
then I went to Los Angeles to the...
Santa Monica pier
and did portraits for 10 cents each.
Why can't I be like you?
Just head out for the horizon
whenever I feel like it.
Say we'll go there
sometime, to that pier...
only if we just talk about it.
No, we'll do it. We'll drink cheap beer.
Ride on the roller coaster
till we throw up.
We'll ride horses on the beach, in the surf.
But you have to do it like a real cowboy.
No sidesaddle stuff.
You mean with one leg on each side?
Can you show me?
Sure, if you like.
Teach me to ride like a man.
Chew tobacco like a man.
And spit like a man.
You didn't learn in finishing school?
No.
Come on, I'll show you.
I'll show you how.
Jack! No, Jack, no. Wait.
I couldn't possibly, Jack.
Watch closely.
That's disgusting.
Your turn.
That was pitiful.
You really have to hawk it back.
Get some leverage.
Use your arms. Arc your neck.
You see the range on that thing?
Okay, go.
That was better. You have to work on it.
Really try to hawk it up.
Mother.
May I introduce Jack Dawson?
Charmed, I'm sure.
The others were gracious and curious
about the man who'd saved my life.
But my mother looked at him like an insect.
A dangerous insect
which must be squashed quickly.
Sounds like you're a good man
to have around in a sticky spot.
Why do they always insist on announcing
dinner like a damn cavalry charge?
Shall we go dress, Mother?
See you at dinner, Jack.
Son?
Son!
Do you have any idea what you're doing?
Not really.
You're about to go into the snake pit.
What are you going to wear?
I figured. Come on.
I was right. You and my son
are just about the same size.
Pretty close.
You shine up like a new penny.
Good evening, sir.
Thousands of tons of Hockley steel
are in this ship.
Which part?
All the right ones.
Then you're accountable
if there's a problem. Where's Rose?
She'll be along.
There is the Countess.
I saw that in a nickelodeon
and always wanted to do it.
Darling...
surely you remember Mr. Dawson.
It's amazing.
You could almost pass for a gentleman.
Almost.
This is extraordinary.
This is a remarkable voyage.
Mad.
Completely lunatic.
There's the Countess of Rothes.
That's John Jacob Astor...
the richest man on board.
His little wifey, Madeleine,
is my age and in a delicate condition.
See how she tries to hide it.
Quite the scandal.
Benjamin Guggenheim and his mistress,
Madame Aubert. Mrs. Guggenheim...
is at home with the children, of course.
And over here...
Sir Cosmo and Lucile, Lady Duff-Gordon.
She designs naughty lingerie,
among her many talents.
Very popular with the royals.
Congratulations. She's splendid.
Why, thank you.
Escort a lady to dinner?
Certainly.
Sweet pea, sweet pea.
Ain't nothing to it.
They love money. Pretend like you own
a gold mine and you're in the club.
Hey, Astor.
Hello, Molly. Nice to see you.
J.J., Madeleine,
I'd like you to meet Jack Dawson.
Well, Jack...
are you of the Boston Dawsons?
No, the Chippewa Falls Dawsons, actually.
Oh, yes.
He must have been nervous.
But he never faltered.
They assumed he was one of them.
Heir to a rail road fortune, perhaps.
New money, obviously,
but still a member of the club.
Mother. Of course.
Could always be counted upon.
Tell us of the accommodations in steerage,
Mr. Dawson.
I hear they're quite good.
The best I've seen, ma'am. Hardly any rats.
Mr. Dawson is joining us from third class.
He was of help to my fiancée last night.
It happens Mr. Dawson
is quite a fine artist.
He showed me some of his work today.
Rose and I differ in our definition of fine art.
Not to impugn your work, sir.
Are all these mine?
Start from the outside and work in.
He knows every rivet in her.
Your ship is a wonder, Mr. Andrews.
Thank you, Rose.
How do you take your caviar, sir?
No caviar for me, thanks.
Never did like it much.
Where exactly do you live, Mr. Dawson?
Right now, my address is the RMS Titanic.
After that, I'm on God's good humor.
How do you have means to travel?
I work my way from place to place.
Tramp steamers and such.
I won my ticket on Titanic
at a lucky hand at poker.
A very lucky hand.
All life is a game of luck.
A real man makes his own luck.
Right, Dawson?
And you find

that sort of rootless existence appealing?

Yes, ma'am, I do.

I've got everything I need right here with me.

I have air in my lungs and blank sheets of paper.

I love waking up, not knowing what will happen or who I'll meet.

Where I'll wind up.

One night I'm sleeping under a bridge...

now I'm on the grandest ship in the world, with you fine people.

I'll take more of that.

Life's a gift. I don't intend on wasting it.

You never know what hand you'll get dealt.

You take life as it comes at you.

Here, Cal.

Make each day count.

Well said, Jack.

Hear, hear.

To making it count.

Bravo.

But Mr. Brown didn't know I'd hidden the money in the stove.

He comes home drunk as a pig celebrating and lights a fire.

Next is brandy in the smoking room.

Join me in a brandy, gentlemen?

Now they retreat to congratulate each other on being masters of the universe.

Ladies, thank you for your company.

May I escort you to the cabin?

No, I'll stay here.

Here, Molly.

Joining us, Dawson?

You don't want to stay with the women.

No, thanks. I have to head back.

That's best. It'll be all business and politics.

Wouldn't interest you.

But Dawson, good of you to come.

Must you go?

Time for me to row with the other slaves.

Good night, Rose.

Want to go to a real party?

Is okay I put my hand here?

I can't understand you.

I'm going to dance with her now.

Come on.

Come on. Come with me.

Jack. Jack, wait.

I can't do this.

We'll have to get a bit closer.

Like this.

You're still my best girl, Cora.

- I don't know the steps.

- Me, either. Just go with it.

Don't think.

Wait! Jack! Wait! Stop, Jack!

What? Wait!

Jack, no.

Beyond the jurisdiction of the Sherman Act.

That's what Rockefeller said...

Supreme Court didn't swallow it.

What? You think a first-class girl can't drink?

Get out of here.

Are you all right?

I'm fine.

Two out of three.

So...

you think you're tough?

Let's see you do this.

Hold this for me, Jack. Hold it up.

Jesus!

You okay?

I haven't done that in years.

Come on, lads. Give it all you got.

Let's go.

Coffee, sir?

You didn't come to me last night.

I was tired.

Your exertions below deck were no doubt exhausting.

I see you had that undertaker of a manservant follow me.

You will never behave like that again.

I'm not one of your mill foremen who you can command.

I'm your fiancée.

My fiancée. My fiancée!

Yes, you are! And my wife!

My wife in practice, if not yet by law, so you will honor me!

You will honor me the way a wife honors her husband.

Because I will not be made a fool of.

Is this in any way unclear?

No.

Good. Excuse me.

Oh, Miss Rose.

We had a little accident.

- That's all right.

- I'm sorry.

Let me help you.

It's all right, miss.

Tea, Trudy.

You're not to see that boy again.

You understand?

Rose, I forbid it.

Stop it, Mother.

You'll give yourself a nosebleed.

This is not a game.

Our situation is precarious.

You know the money's gone.

Of course I know.

You remind me every day.

Your father left us nothing but a legacy of bad debts hidden by a good name.

That name is the only card we have to play.

I don't understand you.

It is a fine match with Hockley.

It will ensure our survival.

How can you put this on me?

Why are you being so selfish?

I'm being selfish?

Do you want to see me working as a seamstress?

Is that what you want?

To see our fine things sold at auction?

Our memories scattered?

It's so unfair.

Of course it's unfair.

We're women.

Our choices are never easy.

Protect them by Thy guiding hand

From every peril on the land

O, spirit whom the Father sent

To spread abroad the firmament

O, wind of heaven, by Thy might

Save all who dare the eagle's flight

And keep them by Thy watchful care...

Hello, Mr. Andrews.

I need to talk to someone.

You're not supposed to be in here.

I was here last night, remember?

No.

Now please turn around.

He'll tell you. I just need to talk...

Mr. Hockley and Mrs. DeWitt Bukater...

are still appreciative of your assistance.

They asked me to give you this in gratitude...

I don't want your money.

And remind you you are in third class and your presence here...

is no longer appropriate.

Let me speak to Rose.

Gentlemen, please see Mr. Dawson returns to where he belongs...

and that he stays there?

Yes, sir.

Come along, you.

Hear us when we cry to Thee

For those in peril on the sea

Why are there two steering wheels?

We use this one near shore.

Excuse me, sir.

Another ice warning, from the Noordam.

Thank you, Sparks.

Not to worry.

Quite normal for this time of year.

In fact, we're speeding up.

I've ordered the last boilers lit.

Okay, son, wind it up tight like I showed you. That's right.

Okay, now let it go.

- It was good, wasn't it?

- Quite nice. That's excellent.

M r. Andrews... Forgive me.

I did the sum in my head... and with the number of lifeboats times the capacity you mentioned... Forgive me, but it seems that there are not enough for everyone aboard.

About half, actually.

Rose, you miss nothing, do you?

In fact, I put in these new type davits... which can take an extra row of boats inside this one.

But it was thought, by some... the deck would look too cluttered.

So, I was overruled.

It's a waste of deck space as it is on an unsinkable ship.

Sleep soundly, young Rose.

I have built you a good ship, strong and true.

She's all the lifeboat you need.

Just keep heading aft. The next stop will be the engine room.

Jack, this is impossible.

I can't see you.

- I need to talk to you.

- No, Jack. No.

Jack. I'm engaged.

I'm marrying Cal.

I love Cal.

Rose... you're no picnic. All right?

You're a spoiled little brat even.

But under that, you're the most amazingly, astounding... wonderful girl... woman, that I've ever known.

Jack, I...

No, let me try and get this out. You're a madman.

I'm not an idiot.

I know how the world works.

I've got ten bucks in my pocket.

I have nothing to offer you and I know that.

I understand.

But I'm too involved now.

You jump, I jump. Remember?

I can't turn away without knowing you'll be all right.

That's all that I want.

Well, I'm fine.

I'll be fine. Really.

Really?

I don't think so.

They've got you trapped, Rose.

And you're gonna die if you don't break free.

Maybe not right away... because you're strong... but sooner or later that fire that I love about you, Rose... that fire is gonna burn out.

It's not up to you to save me, Jack.

You're right.

Only you can do that.

I'm going back.

Leave me alone.

Tell Lucile about the disaster you had with the stationers.

Well, of course the invitations had to be sent back, twice.

Oh, my dear.

And the dreadful bridesmaids' gowns.

Let me tell you what an odyssey that has been.

Rose decided she wanted lavender.

She knows I detest the color.

So, she did it only to spite me.

If only you'd come to me sooner.

Ruth saw some of my designs in La Mode Illustrée.

They were for the trousseau of the Duchess of Marlborough's youngest daughter.

They were quite charming.

But, I think you'll agree, my dear, that together... we've created something of a phoenix from the ashes.

Hello, Jack.

I changed my mind.

They said you might be up here.

Give me your hand.

Now close your eyes.

Go on.

Now, step up.

Now, hold onto the railing.

Keep your eyes closed.

Don't peek.

I'm not.

Now, step up onto the rail.

Hold on. Hold on.

Keep your eyes closed.

Do you trust me?

I trust you.

All right... open your eyes.

I'm flying.

Jack.

Come, Josephine, in my flying machine. Going up...

she goes. Up she goes.

That was the last time Titanic ever saw daylight.

We're up to dusk the night of the sinking.

6 hours to go.

Incredible. There's Smith and he's standing there and... he's got the iceberg warning in his fucking hand... excuse me... his hand, and he's ordering more speed.

26 years of experience working against him.

He figures anything big enough to sink, the ship... they're gonna see in time to turn.

But the ship's too big with too small a rudder.

Doesn't corner worth a damn.

Everything he knows is wrong.

It's quite proper, I assure you.

This is the sitting room.

- Will this light do?

- What?

Don't artists need good light?

That is true, but I'm not used to working in... such horrible conditions.

Monet!

- Do you know his work?

- Of course.

Look at his use of color here.

Isn't he great?

I know. It's extraordinary.

Cal insists on carting this hideous thing everywhere.

Should we be expecting him any time soon?

Not as long as the cigars and brandy hold out.

That's nice.

What is it, a sapphire?

A diamond.

A very rare diamond.

Jack, I want you to draw me like one of your French girls.

Wearing this.

All right.

Wearing only this.

The last thing I need is another picture of me looking like a porcelain doll.

As a paying customer... I expect to get what I want.

Over on the bed... the couch.

Come. Lie down.

- Tell me when it looks right.

r/>- Keep that.

Put your arm back
the way it was.

Put that other arm up,
that hand right by your face there.

Right.

Now, head down.

Eyes to me. Keep them on me.

And try to stay still.

So serious.

I believe you are blushing,
Mr. Big Artiste.

I can't imagine
Monsieur Monet blushing.

He does landscapes.

- Just relax your face.
- Sorry.

No laughing.

My heart was pounding
the whole time.

It was the most erotic
moment of my life...

up until then, at least.

So what happened next?

You mean, did we do it?

Sorry to disappoint you, Mr. Bodine.

Jack was very professional.

Thank you.

What are you doing?

Will you put this
back in the safe for me?

Gentlemen, would you excuse me.

None of the stewards
have seen her.

This is absurd. It's a ship.

There's only so many
places she could be.

Lovejoy, find her.

- Clear.
- Yes.

I don't think I've ever
seen such a flat calm.

Like a mill pond.

Not a breath of wind.

It will make the bergs
harder to see...

with no breaking
water at the base.

Well, I'm off.

Maintain speed and
heading, Mr. Lightoller.

Yes, sir.

It's getting cold.
You look nice.

Miss Rose?

My drawings!

Come on!

Wait, wait, wait!

- Go. Go. Down, down.
- Take us down, quickly. Quickly!

Bye.

Sorry.

- Keep going.
- Thank you, I've got it.

Pretty tough for
a valet, this fella.

Seems more like a cop.

I think he was.

- Oh, shit.
- Go!

No, over here!

Quick!

Now what?

What?

More coal for number one, mate.

Hold up? What are you two
doing down here?

You shouldn't be down here.

It could be dangerous!

Carry on!

Don't mind us. You're
doing a great job!

Keep up the good work!

Look at what we have here?

Thank you.

Where to, miss?

To the stars.

You nervous?

No.

Put your hands on me, Jack.

It's bloody cold.

You know, I can smell ice, you know.
When it's near.

Bollocks!

Well, I can, all right?

Did you ever find those
binoculars for the lookouts?

Haven't seen them
since Southampton.

Well, I'll be on my rounds.

Cheerio.

You're trembling.

Don't worry.

I'll be all right.

- They ran down there.
- Right.

Anything missing?

I have a better idea.

Got you!

Did you see those guys' faces?

Did you see them?

When the ship docked...

I'm getting off with you.

This is crazy.

I know. It doesn't make any sense.

That's why I trust it.

Here, look at this.

Look at that, would you?

They're warmer than we are.

If that's what it takes for us to get warm,
I'd rather not.

Bugger me!

Pick up, you bastards!

Is anyone there?!

What do you see?

Iceberg, right ahead!

Thank you.

Iceberg ahead!

Hard a' starboard!

Turn! Turn! Smartly!

Full astern!

Hard over.

Helm's hard over, sir.

Go, lads, go!

Bring that steam down! Bring it down!

Shut all the dampers! Shut them!

Hold it.

Hold it!

Now! Engage reversing engine!

Why ain't they turning?

Is it hard over?!

It is, sir. Hard over.

Come on, come on, come on. Turn.

Yes.

It's going to hit!

Jesus Christ!

Jesus!

Hard to port!

Get back!

Let's go!

They're closing the doors! Get out!

Get out the door! Go!

Go! Come on, lads! Go, lads, go!

Go! Go!

Out! Out!

Oh, my God.

That was a close shave.

Smell ice, can you? Bleedin' Christ!

Note the time. Enter it in the log.

What was that, Mr. Murdoch?

An iceberg, sir.

I put her hard to starboard,
but it was too close.

I tried to port round it, but...

- Close the watertight doors.
- They're closed, sir.

All stop.

Have the carpenter sound the ship.

Come on, let's get the hell out of here!

Why have the engines stopped?
I felt a shudder.

Not to worry. We threw a propeller blade.

That's the shudder you felt.
Do you need anything?

No, thank you.

There's talk of an iceberg.

I don't see anything. Do you?

If this is where the rats
are going, I am, too.

- You.
- There is no emergency.

- There is. I've been robbed.
- Get the Master at Arms.

Now, you moron!

Did I miss the fun?

- Did you see what happened?
- No. I guess it hit over there.

Boiler room six is flooded eight feet
and the mail hold is worse.

- Can you shore up?
- Not unless the pumps get ahead.

- Have you seen the mail hold?
- It's already underwater.

This is bad.

We should tell Mother and Cal.

I think they're very good, sir.

Don't touch anything.
I want the room photographed.

We've been look

ing for you, miss.

Here we go.

Something serious has happened.

Yes, it has.

Indeed.

Two things dear to me have disappeared.

No w that one is back,

I know where to find the other. Search him.

- Take your coat off.

- Now what?

What are you doing?

We're in the middle of an emergency.

- Is this it?

- That's it.

This is horseshit!

Do n't you believe it.

- He couldn't have.

- Easy enough for a professional.

I was with him the entire time.

Perhaps he did it while you were putting your clothes back on, dear.

Real slick. They put it in my pocket.

- Shut up.

- It isn't even your pocket.

"Property of A.L. Ryerson."

That was reported stolen.

I just borrowed it.

Oh, we have an honest thief.

You know I didn't do this, Rose.

Don't believe them. You know it.

Let's go, son.

You know I didn't do it!

There's a good lad. Come on.

You know I didn't do it! You know me!

This is most unfortunate, Captain.

Water fourteen feet above the keel

in ten minutes...

in the forepeak,

all three holds and boiler room six.

That's right.

When can we get underway?

That's five compartments.

She can float with four compartments

breached, but not five.

Not five. As she goes down,

the water will spill...

over the tops of the bulkheads

at E deck, on e to the next...

back and back. There's no stopping it.

The pumps.

The pumps buy you time, but minutes only.

As of now, no matter what we do...

Titanic will founder.

But this ship can't sink.

She's made of iron. I assure you, she can.

And she will.

It's a mathematical certainty.

How much time?

An hour. Two, at most.

How many aboard, Mr. Murdoch?

Two thousand, two hundred souls, sir.

Well, I believe you may get your headlines,

Mr. Ismay.

Oh, it is a little slut, isn't it?

Look at me when I'm talking to you!

- Mr. Hockley?

- Not now. We're busy.

You've been asked to put on lifebelts

and go to the boat deck.

I said, not now.

I'm sorry, Mr. Hockley, but it's

Captain's orders. Dress warmly.

It's quite cold out.

May I suggest topcoats and hats?

This is ridiculous.

Not to worry, miss.

I'm sure it's just a precaution.

Everybody up! Lifebelts on!

What's he on about?

- Put your lifebelts on!

- What is it?

Just put them on.

C.Q. D?

Sir?

That's right, C.Q.D. The distress call.

That's our position.

Tell whoever responds we're going down

and need immediate assistance.

Blimey.

Keep lowering!

Steady! Make it taut! And winch out!

Uncover this boat! Uncover

all the boats aft!

Release those ties!

Roll back that cover! Smartly now!

Where are the passengers?

They went inside. Too cold and noisy for them.

You there! Get down here

and help with these lines!

Care for a drink, sir?

Sonny, what's doing? You get us all tressed up and now we're cooling our heels.

Sorry, ma'am. Let me go find out.

Nobody knows what's going on.

Just like the damn English...

everything by the book.

No need for language, Mr. Hockley.

Go back and turn on the heaters in our rooms.

I want a cup of tea when I return.

Mr. Andrews.

I saw the iceberg. And

I see it in your eyes.

Please tell me the truth.

The ship will sink.

You're certain?

In an hour or so, all this

will be at the bottom of the Atlantic.

Please, tell only who you must.

I don't want to cause a panic.

And get to a boat. Quickly. Don't wait.

You remember what I told

you about the boats?

Yes.

I understand.

Over here, son.

Sir, there's a big mob

at the Second Class Purser's office.

Go on. I'll watch him.

Aye. Right.

Sir, Carpathia says they're making 17 knots.

Full steam for them, sir.

She's the only one responding?

The only one close. They'll

be here in four hours.

Four hours?!

Thank you, Bride.

My God.

We are swung out and ready, sir.

Hadn't we better get the women and children

into the boats?

Yes.

Women and children first, yes.

Yes, sir.

Ladies and gentlemen, attention, please!

Step this way, please. That's right.

Come towards me. Thank you.

Good.

For the time being,

I require only women and children.

Right here.

Like the Captain said,

nice and cheery, so there's no panic.

"Wedding Dance."

Lifebelts on. Put your lifebelts on.

Put your lifebelts on. Lifebelt on.

Here, put that lifebelt on. Turn it around.

It isn't time to go to the boats yet!

Please, stay calm.

Make sure you have your lifebelts on.

Let women and children

through to the front.

What are we doing?

Waiting. Once first-class people

are in the boats...

they'll start with us

and we want to be ready.

Pushing won't get you out any faster.

Go get help.

L

ower it away, left and
right together! Steady.
Both sides together! Steady!
Steady!
Stop, stop, stop!
Hold the left!
Right side only!
Right side only!
Right side!
Hold the left! Right side down!
Lower away together!
Steady, lads!
You know, I do believe this ship may sink.
I've been asked to give you
this small token of our appreciation.
Compliments of Mr. Caledon Hockley.
Come on, sister, you heard
the man. Into the boat.
Any room for a gentleman,
gentlemen?
Only women at this time, sir.
Will the lifeboats be
seated according to class?
I hope they're not too crowded.
Oh, Mother, shut up!
Don't you understand?
The water is freezing and
there aren't enough boats.
Not enough by half.
Half the people on this
ship are going to die.
Not the better half.
Come on, Ruth, get in the boat.
First class seats
are right up here.
You know, it's a pity I didn't
keep that drawing.
It'll be worth a lot
more by morning.
You unimaginable bastard.
Come on, Rose darling.
There's plenty of room for you.
Come on, Rose.
You're next, darling.
Come into the boat, Rose.
Come.
Rose.
Get into the boat!
Rose.
Good-bye, Mother.
Where are you going?
To him?
To be a whore to a gutter rat?
I'd rather be his whore
than your wife.
No!
I said, no!
Rose! Please, stop!
And, lower away!
No, Wait!
Lower away!
- Rose!
Lower together!
Hold the left side!
Help!
Can anybody hear me?
Hello! Help me!
Help me!
Can you hear me?
Can anybody hear me?
Somebody help me!
Mr. Andrews?
Steward, check the
starboard corridor.
Madame, please put on a lifebelt.
Get to the boat deck immediately.
Lucy, for God's sake put on your
lifebelt and set a good example.
Yes sir.
- Anyone in here?
- Mr. Andrews!
Mr. Andrews! Thank God!
Where would the Master at Arms
take someone under arrest?
What? You have to get
to a boat right away.
No!
I'm doing this with or
without your help, sir.
But without will
I take longer.
Take the elevator to the
very bottom. Go to the left...
down the crewmen's passage.
Then go right and left
again at the stairs.
You'll come to a long corridor.
This could be bad.
Oh, shit!
Oh, shit!
Excuse me. Thank you.
I'm sorry, miss,
but the lifts are closed.
I'm through being polite,
goddamnit!
Now take me down!
E deck.
Come on.
Come on, come on.
I'm going back up.
No! No! No!
Come back! I'm going back up!
I'm going back up!
Crew passage.
Jack!
Rose!
Rose, I'm in here!
I'm in here!
Jack! I'm sorry.
I'm sorry. I'm so sorry.
That guy Lovejoy put
it in my pocket.
I know, I know, I know.
Listen Rose...
you're gonna have to find
the spare key, all right?
Look in that
cabinet right there.
It's a little silver one, Rose.
These are all brass ones!
Check right here, Rose.
Rose.
How did you find out I didn't do it?
I didn't.
I just realized I already knew.
Keep looking.
No key.
There's no key!
All right, Rose, listen.
You're gonna have
to go find some help.
It'll be all right.
I'll be right back.
I'll just wait here!
Hello? Is there anyone here?
Hello?
Is there anybody down here?
We need help!
Hello?
Damnit!
Can anybody hear me, please?
Hello?! Hello?!
Oh, thank God.
Wait, please, I need your help.
There's a man back
here and he's...
Wait!
Hello?
Hello?
Miss, you shouldn't
be here now.
I need your help.
There is a man down
here and he is trapped.
- This way, yes. All right.
- Please!
- The
re's no need to panic.
- No, I'm not panicking!
You're going the wrong way!
Let go of me! Listen!!!
To hell with you.
Oh, my God.
Will this work?
I guess we'll find out.
Come on.
Wait, wait, wait.
Try a couple practice
swings over there.
Good.
Now try and hit the same mark
again, Rose. You can do it.
Okay, that's enough
practice.
Come on, Rose.
You can do it.
Listen, just hit it
really hard
and really fast.
Come on. Wait.
Open your
hands up a little more.
- Like that?
- Right.
Listen, Rose, I trust you.
Go.
You did it!
Come on. Let's go.
Oh shit, this is cold!
Oh, shit!
Shit! Shit!
This is the way out.
We have to find
another way. Come on.
Pull.
Put your backs into it.
Pull!
Now, there's something
you don't see every day.
What's this
luggage doing here?
Get rid of it. Get rid of it.
We need the room.
Get r

id of that. Out.
This way.
Let go, sir. Get back.
Keep calm!
Lovejoy!
She's not on the starboard side either.
We're running out of time. This strutting martinet isn't letting any men on at all.
There's one on the other side letting men on.
Well then, that's our play.
We'll need some insurance first. Come on.
This way, please.
All the way down here.
Here!
What do you think you're doing?
You'll have to pay for that, you know.
That's White Star Line property.
Shut up!
Will you hold the boat a moment?
I just have to run back to my room...
Sit down!
She's the last.
- Prepare to lower.
- Mr. Lightoller.
Why are the boats being launched half full?
Not now, Mr. Andrews.
There, look. 20 or so in a boat built for 65?
And I saw one boat with only 12.
Well, we weren't sure of the weight, Mr. Andrews.
These boats may buckle.
Rubbish!
They were tested in Belfast with the weight of 70 men.
Now, fill these boats, Mr. Lightoller.
For God's sake man!
Please, I need more women and children, please!
Get back in there!
This is not an exit.
This is not an exit.
You can't keep us locked in here.
Like animals. The ship's bloody sinking.
Bring forward the women!
Unlock the gates.
Women only!
No men!
Get back!
Lock the gates!
Get them back from those gates!
Don't touch the gates!
For God's sake, man...
there are women and children down here!
Let us up so we can have a chance!
Get back!
Tommy!
- Can we get out?
- It's hopeless that way.
Whatever we do, we've got to do it fast.
The boats are all going.
This whole place is flooding.
We've gotta get out of here.
There is niente this way.
Let's go this way, all right?
Come on!
I make my own luck.
So do I.
Come on!
No, come on, let's go this way.
This way!
Just go back to the main stairwell.
And everything will be sorted out there.
It will all get sorted out back there.
Go back to the main stairwell.
- Open the gate!
- Go back down the main stairwell.
Open the gate right now!
Go back down the main stairwell, like I told you.
Goddamn it! Son of a bitch!
Stop that!
Fabri, Tommy, give me a hand here.
Move aside.
Come on, pull!
Pull!
Move aside.
Quickly, move aside!
Put that down!
- Move aside!
- Put that down!
One! Two!
Three!
Again!
No w, let's go!
Let's go, Rose.
You can't go up there!
You can't do this!
Keep order! Keep order here!
Back! Back! Back!
Hold on to her!
Pull her in!
Get back, I say, or I'll...
shoot you all like dogs!
Keep order here!
Keep order, I say.
Mr. Lowe, man this boat.
Right. Is everybody all right?
Nobody panic.
Stay back.
We're too late.
There are more boats down the front.
Stay with this one. Murdoch.
He seems to be quite practical.
Don't lower it!
Cut the falls!
Sit down!
Stay back, you lot!
Just stay back, the lot of you! Stay back!
It's starting to fall apart.
We don't have much time.
Mr. Murdoch?
Mr. Hockley.
You two, with me, now!
I'm a businessman, as you know...
and I have a business proposition for you.
Come on, Rose.
The boats are gone!
Colonel, are there any boats on that side?
No, miss, but there are a couple of boats all the way forward.
This way, I'll lead you.
What's the use?
Nobody's listening to us anyway.
Well, they don't listen to us at dinner, either.
Come on, let's play.
Keep us warm.
"Orpheus."
Music to drown by.
Now I know I'm in first class.
Where is everyone?
- The y're all still aft, sir.
We have an understanding then, Mr. Murdoch.
Will the men please hold back! Hold back, I say!
Women and children only!
Get back!
Come through, madame.
This way. Step back, sir!
You better check the other side. Go!
I found her, on the other side.
Waiting for a boat.
With him.
- Any more women and children?
- They're all aboard, Mr. Murdoch.
Anyone else then?
- Anyone else?
- Do hurry. Hurry along.
Goddamn it all to hell.
Shit.
Fire!
Sir, sir, you can't go through here.
That's it. Splendid. Right.
Prepare to lower.
Ready on the left.
Take them down.
Keep it steady.
Both sides together.
Steady. Keep it steady.
- Give her to me.
- Daddy.
It'll be fine, darling.
Don't you worry.
Daddy, get in the boat.
It's good-bye for a little while. Only for a little while.
There'll be another boat for the daddies.
This boat is for the mummies and the children.
You hold Mummy's hand and be a goo

d little girl.

I'm not going without you.

No, you have to go, now.

No, Jack.

Get in the boat, Rose.

No, Jack.

Yes.

Get on the boat!

Yes, get on the boat, Rose.

Oh my God, look at you.

You look a fright.

Here.

Put this on. Come.

Go on. I'll get the next one.

No, not without you.

I'll be all right.

Listen, I'll be fine.

I'm a survivor, all right?
Don't worry about me.

Now, go on. Get on.

I have an arrangement with an officer on the other side of the ship.

Jack and I can get off safely.

Both of us.

See?

I got my own boat to catch.

Go on, hurry.

They're almost full.

- Step aboard, miss.
- Go. Go.

Step aboard, please.

You're daddy's good girl, all right?

You're my little sailor.

Clear the rail, please.

And, lower away!

You're a good liar.

Almost as good as you.

There's no... there's no arrangement, is there?

No, there is.

Not that you'll benefit much from it.

I always win, Jack.

One way or another.

Rose!

Stop her!

Rose, what are you doing?!

No!

Rose! You're so stupid!
Why did you do that?

You're so stupid, Rose.

Why did you do that? Why?!

You jump, I jump, right?

Right.

Oh God. I couldn't go.

I couldn't go, Jack.

It's all right. We'll think of something.

- At least I'm with you.
- We'll think of something.

Come on! Move!

Come on! Move.

Come on!

Move!

Come on! Come on Rose.

Rose, come on!

Move Rose!

Go!

I hope you enjoy your time together!

What could possibly be funny?

I put the diamond in the coat.

And I put the coat on her!

Come on!

Dada!

We can't leave him.

All right, come on!

Dada!

Go back!

It's the wrong way! Come back!

No, not that way!
Come back! Stop!

Go!

Go! Run!

This way!

Give me your hand!

Oh, God!

Help!

Wait, sir!

Sir, open the gate, please!

Help us, please!

Help us!

- Please!
- Please!

Bloody hell!

- Come on, come on!
- Come on!

Go, go!

Jesus.

- Please!
- Come on!

Hurry!

Come on!

I'm sorry, I dropped the keys.

- Wait, please!
- Wait!

Don't leave! Please,
send for help!

I got it! Which one is it, Rose?

The short one.

Try the short one.

Hurry, Jack.

Oh no! It won't go in.

Hurry, Jack.

It's stuck! It's stuck!

- Come on!
- Hurry, Jack!

- Hurry, Jack!
- Come on!

I got it! I got it!
Go! Go, Rose!

Go! Go!

Jack! Come on!

Move, move.

- Get those oars in place.
- Get an oar under it.

Hold it! Hold it!

Hold it!

Get these davits cranked in!
Let's get the falls hooked up!

Mommy!

Keep going up!

Stop pushing!

Stay back!

Will you give us a chance to live, you limey bastard!

I'll shoot any man who tries to get past me! Get back!

Bastard!

Get back!

We had a deal, damn you!

Your money can't save you any more than it could save me.

Get back!

Women and children only!

No, Tommy!

No, Will!

Now stand back, damn you!

Gently, gently. Hold it. Hold it.

I have a child!

- I have a child!
- Clear a path here!

Please, I have a child!

Please. I'm all she has in the world.

Go on.

Step back!

- Please?
- Here, give her to me.

You're all right, dearie.

Give her here.

There, there.

Wait, wait, wait! Mr. Andrews!

Oh, Rose.

Won't you even make a try for it?

I'm sorry that I didn't build you a stronger ship, young Rose.

It's going fast.
We have to move.

Wait.

Good luck to you, Rose.

And to you.

Mr. Guggenheim?

These are for you, Mr. Guggenheim.

No, thank you.

We are dressed in our best and are prepared to go down as gentlemen.

But we would like a brandy.

Get the falls over here now!

Let them drop. Then we'll right it.

Capitán?

Capitán, where should I go? Please.

Captain. Captain. Sir.

Right. That's it, then.

Good-bye, Wally. Good luck.

- Good-bye, Wallace.
- So long, old chap.

And so they lived happily together for 300 years...

in the land of Tir na nog...

Land of eternal youth and beauty.

There's no time!

Cut those falls!

Cut them!

Cut them if you have to!

I need a knife!

Cut the falls now!

Cut them loose!

Cut those bloody falls!

Gentlemen...

it has been a privilege playing with you tonight.

We have to stay on the ship as long as possible.

Come on!

This way. Through the rail.

Come on, Rose.

Jump.

Come on.

I got you. Jump.

I've got you, miss.

Back!

No! You'll swamp us!
Yea, though I walk through the valley of the shadow of death...
You wanna walk a little faster through that valley there?
Holy Mary, mother of God...
pray for us sinners now and at the hour of our death. Amen.
Hail Mary, full of grace...
This way.
Come on!
And I saw a new heaven and a new earth...
for the first heaven and the first earth had passed away...
and there was no more sea.
It'll be over soon.
It'll all be over soon.
And He shall dwell with them.
And they shall be His people and God Himself shall be with them...
and be their God.
Jack...
this is where we first met.
And God shall wipe away all the tears from their eyes...
and there shall be no more death.
Neither shall there be sorrow or crying.
Neither shall there be any more pain...
for the former world has passed away.
Bloody pull faster! And pull!
Hang on, miss Trudy!
Hold on real tight.
God Almighty.
Keep those breakers in!
Keep them in!
We have to move!
Give me your hand.
I'll pull you over.
I can't.
Come on!
Give me your hand.
I've got you. I won't let go.
Now, I've got you.
What's happening, Jack?
I don't know. I don't know.
Hold on.
This is it!
Oh, my God, Jack!
Oh, God. Oh, God.
Hold on!
The ship is gonna suck us down.
Take a deep breath when I say.
Kick for the surface and keep kicking.
Do not let go of my hand.
We're going to make it, Rose.
Trust me.
I trust you.
Ready! Ready!
Now!
Jack! Jack!
Rose!
Get off her! Get off her!
Swim, Rose! I need you to swim!
Keep swimming.
It's so cold.
Swim, Rose!
Come on.
Keep swimming.
Come on.
Here...
get on it.
Get on top.
Come on, Rose.
Stay on it. Stay on, Rose.
It'll be all right now.
Return...
the boats!
The boats are coming back for us Rose.
Hold on just a little bit longer.
They had to row away for the suction...
but now they'll be coming back.
For God's sake!
Please...
help us!
You don't understand.
If we go back, they'll swamp the boat.
They'll pull us right down,
I'm telling you.
Oh, knock it off.
You're scaring me.
Come on, girls, grab an oar. Let's go.
Are you out of your mind?
We're in the middle of the North Atlantic.
Now, do you people want to live or do you want to die?
I don't understand a one of you.
What's the matter with you?
It's your men out there!
There's plenty of room for more.
And there'll be one less on this boat...
if you don't shut that hole in your face!
Now, bring in your oars over there.
And tie these boats together as well.
Now, make sure that's tied up nice and tight.
Right, listen to me, men.
We have to go back.
I want to transfer all the women from this boat into that boat right now...
as quick as you can, please.
Let's create some space over there.
Move forward and aft.
It's getting quiet.
It's just going to take a couple of minutes...
to get the boats organized.
I don't know about you but...
I intend to write a strongly worded letter...
to the White Star Line about all this.
I love you, Jack.
Don't you do that.
Don't you say your good-byes. Not yet.
Do you understand me?
I'm so cold.
Listen, Rose...
you're gonna get out of here.
You're gonna go on...
and you're gonna make lots of babies.
And you're gonna watch them grow.
You're gonna die an old...
an old lady.
Warm in her bed.
Not here.
Not this night. Not like this.
Do you understand me?
I can't feel my body.
Winning that ticket, Rose...
was the best thing that ever happened to me.
It brought me to you.
And I'm thankful for that, Rose.
I'm thankful.
You must...
you must do me this honor.
You must promise me that you'll survive.
That you won't give up...
no matter what happens.
No matter how hopeless.
Promise me now, Rose.
And never let go of that promise.
I promise.
Never let go.
I'll never let go, Jack.
I'll never let go.
Right ahead, sir.
Oars!
Do you see any moving?
No, sir. None moving, sir.
Check them.
Bring that oar up here.
Check them. Make sure.
These are dead, sir.
Now, give way.
Ahead easy.
Careful with your oars.
Don't hit them.
Is there anyone alive out there?
Can anyone hear me?
Is there anyone alive out there?
We waited too long.
Well, keep checking them!
Keep looking!
Is there anyone alive out there?
Can anyone hear me?
Come, Josephine...
in my

flying machine
And it's up she goes
Up she goes
Come, Josephine...
in my flying...
Jack.
There's a boat.
Jack.
There's a boat, Jack.
Come back.
Come back. Come back!
Hello!
Can anyone hear me?
There's nothing here, sir.
Come back.
I'll never let go.
I promise.
Come about!
Fifteen hundred people
went into the sea...
when Titanic
sank from under us.
There were twenty
boats floating nearby...
and only one came back.
One.
Six were saved
from the water...
myself included.
Six...
out of fifteen hundred.
Afterward...
the seven hundred
people in the boats...
had nothing to do but wait.
Wait to die.
Wait to live.
Wait for an absolution...
that would never come.
Sir, I don't think you'll find any
of your people down here.
It's all steerage.
His hair is reddish brown,
reddish brown, reddish brown.
White beard.
Isn't there another
passenger list?
There is no other list.
Perhaps he's on another ship.
We're doing all we can,
ma'am. I'm so sorry.
That's the last time
I ever saw him.
He married. Of course.
And inherited his millions.
But the Crash of '29
hit his interests hard...
and he put a pistol in
his mouth that year.
Or so I read.
Can I take your name
please, love?
Dawson.
Rose Dawson.
Thank you.
We never found
anything on Jack.
There's no record
of him at all.
No, there wouldn't
be, would there?
And I've never spoken
of him until now.
Not to anyone.
Not even your grandfather.
A woman's heart is a
deep ocean of secrets.
But now you know there was
a man named Jack Dawson...
and that he saved me...
in every way that
a person can be saved.
I don't even have
a picture of him.
He exists now only
in my memory.
Keldysh, Mir 2 on our
way to the surface.
I was saving this for when
I found the diamond.
I'm sorry.
Three years...
I've thought of
nothing except Titanic.
But I never got it.
I never let it in.

You are so full of shit, boss.

Dive 6. Here we are again

on the deck of Titanic.

21/2 miles down. 3,821 meters.

The pressure outside is

31/2 tons per square inch.

These windows are

9 inches thick.

If they go, it's sayonara

in two microseconds.

All right, enough of that bullshit.

Just put her down on the roof of

the officers' quarters like yesterday.

Mir 2, we're landing right over the

Grand Staircase. You guys set to launch?

Yeah, Brock. Launching Dunkin now.

Go, Charlie.

- All right, tether out.

- Tether out.

Okay, Brock, we're dropping

down along the hull.

Yeah, roger that. Okay, drop down and go

into the first class gangway door.

I want you guys working the D deck...

reception area and the dining saloon.

Copy that.

Tether out. Okay, now left. Left, left.

Okay, coming left.

Snoop Dog is on the move.

We're headed down the stairwell.

Okay Lewis, drop down to B deck.

- Okay, A deck.

- Give me some rope, Captain.

B deck. Get in there. Get in there.

Watch the door frame.

- Watch it, watch it.

- I see it. I got it.

- We good? Bring her down.

- We're good. Just chill, boss.

Okay, make your turn.

- Cable out, Captain.

- Make your turn. Watch the wall.

Yeah Brock, we're at the piano.

You copy?

Okay, copy that.

Okay, right there. Right there.

Okay, that's it, that's it.

That's the bedroom door.

I see it. I see it.

We're in!

We're in, baby. We're there.

That's Hockley's bed.

That's where the

son of a bitch slept.

Oops. Somebody left the water running.

Hold it. Hold it just a second.

Go back to the right.

That wardrobe door. Get closer.

You smelling something, boss?

- I want to see what's under it.

- Give me my hands, man.

All right.

- Take it easy. It might come apart.

- Okay.

Go, go, go. Flip it over.

Flip it over. Go.

Turn her over. Keep going.

Go, go, go.

Okay, drop it.

Oh, baby, baby.

Are you seeing this, boss?

It's payday, boys.

Cha-ching!

- We did it, Bobby.

- We brought it back, Baby.

Oh, yeah! Who's the best?

Who's the best, baby?

Say it. Say it. Say it.

You are, Lewis.

- Bobby, my cigar.

- Right here.

Okay, crack her open.

Shit.

No diamond.

You know boss, this same thing happened

to Geraldo and his career never recovered.

Turn the camera off.

Brock, the partners would like

to know how it's going.

Hey, Dave, Barry, hi. Look, I it wasn't

in the safe. But hey, hey...

Don't worry about it. There's still

plenty of places it could be. Hell, yes.

The floor debris in the suite,

the mother's room...

the purser's safe on C deck.

Jimmy Hoffa's briefcase.

A dozen other places. Guys, look, you're just going

to have to trust my instincts. I know we're close.

We've just got to go through a little

process of elimination.

Hang on a second.

- Let me see that.

- We may have something here, guys.

Where's the photograph

of the necklace?

We'll call you right back.

I'll be goddamned.

Treasure hunter Brock Lovett

is best known for finding Spanish gold...

It's okay. I'll feed you in a minute.

Now he has chartered Russian subs to reach the

most famous shipwreck of all, the Titanic.

He is with us live via satellite

from the research ship Keldysh...

in the North Atlantic. Hello. Brock.

Hello, Tracy. Of course, everyone knows

the familiar stories of Titanic.

You know, the nobility of the

band playing to the very end and all that.

But what I'm interested in are the untold

stories.
The secrets locked deep inside the hull of Titanic.

And we're out here using robot technology to go further into the wreck...

than anybody has ever done before.

Your expedition is at the center of a storm of controversy...

over salvage rights and even ethics.
Many are calling you a graverobber.

Well, nobody ever called the recovery of the artifacts...

What is it?

Turn that up, dear.

I have museum-trained experts sent out here making sure...

that these relics are preserved and catalogued properly.

Take a look at this drawing that we found just today.

A piece of paper that's been underwater for 84 years.

And my team are able to preserve it intact.

Should this have remained unseen at the bottom of the ocean for eternity...

when we can see and enjoy it now?

I'll be goddamned.

Brock!

There's a satellite call for you.

Bobby, we're launching. You see these submersibles going in the water?

Trust me, buddy. You want to take this call.

This better be good.

Now, you gotta speak up.
She's kind of old.

Great.

This is Brock Lovett.
How can I help you, Mrs...?

Calvert. Rose Calvert.

Mrs. Calvert.

I was just wondering if you had found...

the "Heart of the Ocean" yet, Mr. Lovett.

Told you you wanted to take the call.

All right, you have my attention, Rose.

Can you tell us who the woman in the picture is?

Oh, yes. The woman in the picture is me.

She's a goddamn liar!
Some nutcase seeking money or publicity.

God only knows why.
Like that Russian babe, Anesthesia.

They're inbound!

Rose DeWitt Bukater died on the Titanic when she was 17, right?

- That's right.
- If she had lived, she'd be over 100 by now.

101 next month.

Okay, so she's a very old goddamn liar.

Look, I've already done the background on this woman...

all the way back to the 20s,
when she was working as an actress.

An actress.
There's your first clue, Sherlock.

Her name was Rose Dawson back then.
Then she marries this guy named Calvert.

They move to Cedar Rapids and she punches out a couple of kids.

Now Calvert's dead and, from what I hear, Cedar Rapids is dead.

And everybody who knows about the diamond is supposed to be dead...
or on this boat, but she knows.

Doesn't exactly travel light, does she?

Hurry up, give him a hand.

Mrs. Calvert, I'm Brock Lovett. Welcome to the Keldysh.

Okay, let's get her inside there.

Hi, Miss Calvert.

Hi.

Welcome to the Keldysh.

Thanks.

Hey!

Are your staterooms all right?

Oh, yes.

Very nice.

Have you met my granddaughter, Lizzy?

She takes care of me.

We met just a few minutes ago.

Remember, Nana? Up on deck?

Oh, yes.

There. That's nice.

Have to have my pictures when I travel.

Can I get you anything?

Is there anything you'd like?

Yes.

I would like to see my drawing.

Louis XVI wore a fabulous stone that was...

called the Blue Diamond of the Crown...

which disappeared in 1792...

about the same time old Louis lost everything from the neck up.

The theory goes that the crown diamond was chopped, too.

Recut into a heart-like shape that became known as...

the Heart of the Ocean.

Today it would be worth more than the Hope diamond.

It was a dreadful, heavy thing.

I only wore it this once.

You actually think this is you, Nana?

It is me, dear.

Wasn't I a dish?

I tracked it down through insurance records.

An old claim that was settled under terms of absolute secrecy.

Can you tell me who the claimant was, Rose?

I should imagine someone named Hockley.

Nathan Hockley, that's right.

Pittsburgh steel tycoon.

The claim was for a diamond necklace his son...

Caledon, bought his fiancée.

You.

A week before he sailed on Titanic.

And it was filed right after the sinking.

So the diamond had to have gone down with the ship.

You see the date?

April 14, 1912.

Which means if your grandmother is who she says she is...

she was wearing the diamond the day the Titanic sank.

And that makes you my new best friend.

These are some of the things we recovered from your stateroom.

This was mine.

How extraordinary.

And it looks the same as it did the last time I saw it.

The reflection has changed a bit.

Are you ready to go back to Titanic?

Okay, here we go.

She hits the berg on the starboard side, right?

She kind of bumps along...

punching holes like morse code...

ditdit-dit... along the side...

below the waterline.

Then the forward compartments start to flood.

Now, as the water level rises...

it spills over the watertight bulkheads...

which, unfortunately, don't go any higher than E deck.

So now as the bow goes

down...

the stern rises up,
slow at first...

then faster and faster...

until finally, she's got her whole
ass sticking up in the air.

And that's a big ass.

We're talking
20, 30,000 tons. Okay?

And the hull's not designed
to deal with that pressure.

So, what happens?

She splits, right
down to the keel.

And the stern...

falls back level.

Then...

as the bow sinks...

it pulls the stern vertical...

and then finally detaches.

Now the stern section just kind of bobs there
like a cork for a couple of minutes...

floods, and finally goes
under about 2:20 AM...

2 hours and 40 minutes
after the collision.

The bow section planes away...

landing about a
half a mile away...

going 20, 30 knots when
it hits the ocean floor.

Pretty cool?

Thank you for that fine
forensic analysis, Mr. Bodine.

Of course, the
experience of it was...

somewhat different.

Will you share it with us?

I'm taking her to rest.

No.

Come on, Nana.

No!

Give me the tape recorder.

Tell us, Rose.

It's been 84 years...

It's okay. Just try
to remember anything...

anything at all.

Do you want to hear this
or not, Mr. Lovett?

It's been 84 years...

and I can still smell
the fresh paint.

The china had never been used.

The sheets had
never been slept in.

Titanic was called
the ship of dreams.

And it was.

It really was.

All third-class passengers...

with a forward berth...

this way please! This queue!

It's a big boat?

Daddy, it's a ship.

You're right.

I don't see what all
the fuss is about.

It doesn't look any bigger
than the Mauretania.

You can be blasé
about some things, Rose...

but not about Titanic.

It's over 100 feet longer
than Mauretania...

and far more luxurious.

Your daughter is far too
difficult to impress, Ruth.

So this is the ship they
say is unsinkable.

It is unsinkable.

God Himself
could not sink this ship...

What?!

You have to check your baggage
through the main terminal.

It's round that way, sir.

I put my faith in you good sir.

Now kindly see my man.

Yes sir. It's my pleasure, sir.

If I can do anything at all...

Yes, right.

All the trunks from
that car there.

12 from here.

And the safe,
to the parlor suite...

rooms B-52, 54, 56.

Ladies...

we better hurry.

Come along.

- My coat?

- I have it, miss.

All third-class passengers
queue here for health inspection.

- Welcome aboard, ma'am.

- Welcome to Titanic.

It was the ship of dreams...

to everyone else.

To me. It was a slave ship...

taking me back to
America in chains.

Outwardly, I was everything
a well brought up girl should be.

Inside, I was screaming.

Jack, you are pazzo.

You bet everything we have.

When you got nothing,
you got nothing to lose.

Sven?

All right, moment of truth.

Someone's life is
about to change.

Fabrizio?

Niente.

Olaf?

Nothing.

Sven?

2 pair.

I'm sorry, Fabrizio.

I'm sorry...

you're not gonna see
your mom again for a...

Long time...

'cause we're going to America.

Full house, boys!

Come on.

I'm going home!

I'm going home.

I go to America!

No, mate.

Titanic go to America,
in 5 minutes.

Shit. Fabri. Come on.

Come on, here. Here.

We're riding in high style now!

We're a couple of
regular swells.

We're practically
goddamn royalty...

ragazzo mio.

You see? Is my destiny.

Like I told you...

I go to America to
be millionaire.

You are pazzo.

Maybe, but I've
got the tickets.

Come on, I thought
you were fast.

Aspetta!

Wait! Wait!

Hey, wait!

We're passengers!

Have you been through
the inspection queue?

Of course.

Anyway, we don't have any lice.

We're Americans. Both of us.

Right.

Come aboard.

We're the luckiest sons
of bitches in the world.

You know that?

Good-bye!

You know somebody?

Of course not.

That's not the point.

Good-bye! I'll miss you!

Good-bye!

I will never forget you!

Come with me,
darling. Let's go.

G-60.

G-60. G-60.

Excuse me, ma'am.

G-60.

Oh, right here.

Hey, how you doing?

Jack. Nice to meet you.

Jack Dawson. Nice to meet you.

How you doing?

Who says you get top bunk?

This is your private
promenade deck, sir.

Will you be requiring anything?

Excuse me.

- This one?

- No.

It had a lot of faces on it.

This is the one.

Would you like all of
them out, miss?

Yes. We need a little
color in this room.

Put in there. In the war

drobe.
God, not those finger paintings again.
They certainly were a waste of money.
The difference between Cal's taste in art...
and mine is that I have some.
They're fascinating.
Like being inside a dream
or something.
There's truth but no logic.
- What's the artist's name?
- Something Picasso.
Something Picasso.
He won't amount to a thing.
He won't, trust me.
- Let's put the Degas in the bedroom.
- At least they were cheap.
Put it in the wardrobe.
At Cherbourg, a woman came aboard
named Margaret Brown.
We all called her Molly.
History would call her the Unsinkable Molly Brown.
Well, I wasn't about to wait all day for you, sonny.
Here, if you think you can manage.
Her husband had struck gold
someplace out west.
And she was what Mother called "new money."
By the next afternoon...
we were steaming west
from the coast of Ireland...
with nothing out ahead of us but ocean.
Take her to sea, Mr. Murdoch.
Let's stretch her legs.
Yes sir.
All ahead full, Mr. Moody.
Very good, sir.
All ahead full.
All ahead full!
Come on lads, step lively!
All right! Let's stoke her right up!
We go full ahead!
Come on, put your backs into it!
21 knots, sir.
Hey, look, look!
See it?
There's another one! See him?
Look at that one!
Look at him jump!
I can see the Statue of Liberty already.
Very small, of course.
I'm the king of the world!
She is the largest moving object ever made by the hand of man...
in all history.
And our master shipbuilder, Mr. Andrews here...
designed her from the keel plates up.
I may have knocked her together, but...
the idea was Mr. Ismay's.
He envisioned a steamer
so grand in scale...
and so luxurious in...
its appointments...
that its supremacy would never be challenged.
And here she is.
- Willed into solid reality.
- Hear, hear.
I'll have the salmon.
You know I don't like that, Rose.
She knows.
We'll both have the lamb.
Rare, with very little mint sauce.
You like lamb, right sweet pea?
You gonna cut her meat for her too there, Cal?
Hey, who thought of the name Titanic?
Was it you, Bruce?
Yes, actually.
I wanted to convey sheer size.
And size means stability...
luxury, and above all, strength.
Do you know of Dr. Freud, Mr. Ismay?
His ideas about the male preoccupation with size might be of particular interest to you.
What's gotten into you?
Excuse me.
I do apologize.
She's a pistol, Cal.
Hope you can handle her.
Well, I may have to start minding what she reads from now on, won't I, Mrs. Brown?
Freud? Who is he?
Is he a passenger?
The ship is nice?
Yeah. It's an Irish ship.
Is English, no?
No, it was built in Ireland.
15,000 Irishmen built this ship.
Solid as a rock.
Big Irish hands.
That's typical.
First-class dogs come down here to take a shite.
Lets us know where we rank in the scheme of things.
Like we could forget?
I'm Tommy Ryan.
- Jack Dawson.
- Fabrizio.
Do you make any money with your drawings?
Forget it, boyo.
You'd as like have angels fly out of your arse as get next to...
the likes of her.
I saw my whole life as if I'd already lived it.
An endless parade of parties and cotillions...
yachts and polo matches.
Always the same narrow people, the same mindless chatter.
I felt like I was standing at a great precipice...
with no one to pull me back.
No one who cared...
or even noticed.
Don't do it.
Stay back.
Don't come any closer.
Come on.
Just give me your hand.
I'll pull you back over.
No! Stay where you are.
I mean it.
I'll let go.
No, you won't.
What do you mean, no I won't?
Don't presume to tell me what I will and will not do.
You don't know me.
Well, you would have done it already.
You're distracting me. Go away.
I can't.
I'm involved now.
You let go, and I'm going to have to jump in there after you.
Don't be absurd.
- You'll be killed.
- I'm a good swimmer.
The fall alone will kill you.
It would hurt. I'm not saying it wouldn't.
Tell you the truth...
I'm a lot more concerned about that water being so cold.
How cold?
Freezing.
Maybe a couple degrees over.
You ever...
ever been to Wisconsin?
What?
Well, they have some of the coldest winters around.
I grew up there, near Chippewa Falls.
I remember when I was a kid, me and my father, we went ice fishing...
out on Lake Wissota.
Ice fishing is, you know, where you...
I know what ice fishing is!
Sorry.
You just seem like, you know, kind of an

indoor girl.

Anyway, I...fell through some thin ice.

And I'm telling you...water that cold, like right down there...it hits you like 1000 knives stabbing you all over your body.

You can't breathe.

You can't think. Least not about anything but the pain.

Which is why I'm not looking forward to jumping in there after you.

Like I said... I don't have a choice.

I guess I'm kind of hoping you'll come back over the rail and...and get me off the hook here.

You're crazy.

That's what everybody says but...with all due respect, miss... I'm not the one hanging off the back of a ship here.

Come on.

Come on, give me your hand.

You don't want to do this.

I'm Jack Dawson.

Rose DeWitt Bukater.

I'll have to get you to write that one down.

Come on.

I got you.

Come on.

Help, please!

Help!

Please, help me!

Listen. Listen to me.

Listen. Listen to me.

I've got you. I won't let go.

Now pull yourself up. Come on!

Come on.

That's right.

You can do it.

I got you.

What's all this?

You stand back and...don't move an inch!

Fetch the Master at Arms.

This is completely unacceptable!

What made you think that you could put your hands on my fiancée?!

Look at me, you filth!

Cal.

What do you think you were doing?

Cal, stop. It was an accident.

An accident?

It was.

Stupid, really.

I was leaning over and I slipped.

I was leaning far over to see the... The... Propellers?

Propellers, and I slipped.

And I would have gone overboard but Mr. Dawson here... saved me. And almost went over himself.

You wanted to see the... She wanted to see the propellers.

Like I said, women and machinery do not mix.

Was that the way of it?

Yeah. Yeah, that was pretty much it.

Well, the boy's a hero then.

Good for you, son. Well done.

So, it's all's well and back to our bandy, eh?

Look at you. You must be freezing.

Let's get you inside.

Perhaps a little something for the boy?

Of course.

Mr. Lovejoy, I think a 20 should do it.

Is that the going rate for saving the woman you love?

Rose is displeased.

What to do?

I know.

Perhaps you could join us for dinner tomorrow evening... to regale our group... with your heroic tale.

Sure. Count me in.

Good. It's settled then.

This should be interesting.

Can I bum a smoke?

You'll want to tie those.

It's interesting... the young lady slipped so suddenly... and you still had time to remove your jacket and your shoes.

I know you've been melancholy.

I don't pretend to know why.

I intended to save this... until the engagement gala next week... but, I thought... tonight.

Good gracious.

Perhaps as a reminder of my feelings for you.

Is it a... Diamond. Yes.

56 carats to be exact.

It was worn by Louis XVI.

And they called it Le Coeur de la Mer.

The Heart of the Ocean.

The Heart of the Ocean. Yes.

It's overwhelming.

Well, it's for royalty.

We are royalty, Rose.

You know, there's nothing I couldn't give you.

There's nothing I'd deny you... if you would not deny me.

Open your heart to me, Rose.

Well, I've been on my own since I was 15, since my folks died.

And I had no brothers or sisters or close kin in that part of the country... so I lit on out of there and I haven't been back since.

You could just call me a tumbleweed blowing in the wind.

Well, Rose, we've walked about a mile around this boat deck and... chewed over how great the weather's been and how I grew up... but I reckon that's not why you came to talk to me, is it?

Mr. Dawson, I... Jack.

Jack.

I want to thank you for what you did.

Not just for pulling me back, but for your discretion.

You're welcome.

Look.

I know what you must be thinking.

Poor little rich girl.

What does she know about misery?

No.

No, that's not what I was thinking.

What I was thinking was... what could have happened to this girl to make her think she had no way out?

Well I... It was everything.

It was my whole world and... all the people in it.

And the inertia of my life, plunging ahead and me... powerless to stop it.

God, look at that thing.

You would have gone straight to the bottom.

500 invitations have gone out.

All of Philadelphia society will be there.

And all the while I feel I'm... standing in the middle of a crowded room... screaming at the top of my lungs... and no one even looks up.

Do you love him?

Pardon me?

Do you love him?

You're being very rude. You shouldn't be asking me

e this.
Well, it's a simple question.
Do you love the guy or not?
This is not a suitable conversation.
Why can't you just answer the question?
This is absurd.
You don't know me and I don't know you...
and we are not having this conversation at all. You are rude...
and uncouth and presumptuous and I am leaving now...
Jack. Mr. Dawson.
It's been a pleasure.
I sought you out to thank you and now I have thanked you.
And you've insulted me.
Well, you deserved it.
- Right.
- Right.
I thought you were leaving.
I am.
You are so annoying.
Wait.
I don't have to leave. This is my part of the ship. You leave.
Well, well, well.
Now who's being rude?
What is this stupid thing you're carrying around?
So, what are you, an artist or something?
These are rather good.
They're very good, actually.
Jack, this is exquisite work.
They didn't think too much of them in old Paree.
Paris?
You do get around for a person of limited means.
Go on. A poor guy. You can say it.
Well, well, well.
And these were drawn from life?
Well, that's one of the good things about Paris.
Lots of girls are willing to take their clothes off.
You liked this woman.
You used her several times.
Well.
She had beautiful hands, you see?
I think you must have had a love affair with her.
No, no, no.
Just with her hands.
She was a one-legged prostitute.
See?
She had a good sense of humor though.
Oh, and this lady...
She used to sit at this bar every night...
wearing every piece of jewelry she owned...
just waiting for her long, lost love.
We called her Madame Bijoux.
See, her clothes are all moth-eaten.
Well, you have a gift, Jack.
You do.
You see people.
I see you.
And?
You wouldn't have jumped.
But the purpose of university is to find a suitable husband.
Rose has already done that.
Look, here comes that vulgar Brown woman.
Quickly, get up before she sits with us.
Hello, girls. I was hoping I'd catch you at tea.
We're awfully sorry, you missed it.
The Countess and I were just off to take the air on the boat deck.
What a lovely idea.
I need to catch up on my gossip.
Countess.
So, you've not yet lit the last four boilers?
No, I don't see the need.
We are making excellent time.
The press knows the size of Titanic.
Now, I want them to marvel at her speed.
We must give them something new to print.
This maiden voyage of Titanic must...
make headlines.
Mr. Ismay, I would prefer not to push the engine...
until they've been properly run in.
Of course I'm just a passenger.
I leave it to your good offices to decide what's best.
But what a glorious end to your final crossing...
if we were to get into New York on Tuesday night...
and surprise them all.
Make the morning papers.
Retire with a bang, eh, E. J?
Good man.
After that, I worked on a squid boat in Monterey...
then I went to Los Angeles to the Santa Monica pier and did portraits for 10 cents each.
Why can't I be like you?
Just head out for the horizon whenever I feel like it.
Say we'll go there sometime, to that pier...
only if we just talk about it.
No, we'll do it. We'll drink cheap beer.
Ride on the roller coaster till we throw up.
We'll ride horses on the beach, in the surf.
But you have to do it like a real cowboy.
No sidesaddle stuff.
You mean with one leg on each side?
Can you show me?
Sure, if you like.
Teach me to ride like a man.
Chew tobacco like a man.
And spit like a man.
You didn't learn in finishing school?
No.
Come on, I'll show you.
I'll show you how.
Jack! No, Jack, no. Wait.
I couldn't possibly, Jack.
Watch closely.
That's disgusting.
Your turn.
That was pitiful.
You really have to hawk it back.
Get some leverage.
Use your arms. Arc your neck.
You see the range on that thing?
Okay, go.
That was better. You have to work on it.
Really try to hawk it up.
Mother.
May I introduce Jack Dawson?
Charmed, I'm sure.
The others were gracious and curious about the man who'd saved my life.
But my mother looked at him like an insect.
A dangerous insect which must be squashed quickly.
Sounds like you're a good man to have around in a sticky spot.
Why do they always insist on announcing dinner like a damn cavalry charge?
Shall we go dress, Mother?
See you at dinner, Jack.
Son!
Do you have any idea what you're doing?
Not really.
You're about to go into the snake pit.
What are you going to wear?
I figured. Come on.
I was right. You and my son are just about the sa

me size.
Pretty close.
You shine up like a new penny.
Good evening, sir.
Thousands of tons of Hockley steel
are in this ship.
Which part?
All the right ones.
Then you're accountable
if there's a problem. Where's Rose?
She'll be along.
There is the Countess.
I saw that in a nickelodeon
and always wanted to do it.
Darling...
surely you remember Mr. Dawson.
It's amazing.
You could almost pass for a gentleman.
Almost.
This is extraordinary.
This is a remarkable voyage.
Mad.
Completely lunatic.
There's the Countess of Rother.
That's John Jacob Astor...
the richest man on board.
His little wifey, Madeleine,
is my age and in a delicate condition.
See how she tries to hide it.
Quite the scandal.
Benjamin Guggenheim and his mistress,
Madame Aubert. Mrs. Guggenheim...
is at home with the children, of course.
And over here...
Sir Cosmo and Lucile, Lady Duff-Gordon.
She designs naughty lingerie,
among her many talents.
Very popular with the royals.
Congratulations. She's splendid.
Why, thank you.
Escort a lady to dinner?
Certainly.
Sweet pea, sweet pea.
Ain't nothing to it.
They love money. Pretend like you own
a gold mine and you're in the club.
Hey, Astor.
Hello, Molly. Nice to see you.
J.J., Madeleine,
I'd like you to meet Jack Dawson.
Well, Jack...
are you of the Boston Dawsons?
No, the Chippewa Falls Dawsons, actually.
Oh, yes.
He must have been nervous.
But he never faltered.
They assumed he was one of them.
Heir to a rail road fortune, perhaps.
New money, obviously,
but still a member of the club.
Mother. Of course.
Could always be counted upon.
Tell us of the accommodations in steerage,
Mr. Dawson. I hear they're quite good.
The best I've seen, ma'am. Hardly any rats.
Mr. Dawson is joining us from third class.
He was of help to my fiancée last night.
It happens Mr. Dawson
is quite a fine artist.
He showed me some of his work today.
Rose and I differ in our definition of fine art.
Not to impugn your work, sir.
Are all these mine?
Start from the outside and work in.
He knows every rivet in her.
Your ship is a wonder, Mr. Andrews.
Thank you, Rose.
How do you take your caviar, sir?
No caviar for me, thanks.
Never did like it much.
Where exactly do you live, Mr. Dawson?
Right now, my address is the RMS Titanic.
After that, I'm on God's good humor.
How do you have means to travel?
I work my way from place to place.
Tramp steamers and such.
I won my ticket on Titanic
at a lucky hand at poker.
A very lucky hand.
All life is a game of luck.
A real man makes his own luck.
Right, Dawson?
And you find
that sort of rootless existence appealing?
Yes, ma'am, I do.
I've got everything I need
right here with me.
I have air in my lungs
and blank sheets of paper.
I love waking up, not knowing
what will happen or who I'll meet.
Where I'll wind up.
One night I'm sleeping under a bridge...
now I'm on the grandest ship
in the world, with you fine people.
I'll take more of that.
Life's a gift. I don't
intend on wasting it.
You never know what hand you'll get dealt.
You take life as it comes at you.
Here, Cal.
Make each day count.
Well said, Jack.
Hear, hear.
To making it count.
Bravo.
But Mr. Brown didn't know
I'd hidden the money in the stove.
He comes home drunk as a pig celebrating
and lights a fire.
Next is brandy in the smoking room.
Join me in a brandy, gentlemen?
Now they retreat to congratulate each other on being masters of the universe.
Ladies, thank you for your company.
May I escort you to the cabin?
No, I'll stay here.
Here, Molly.
Joining us, Dawson?
You don't want to stay with the women.
No, thanks. I have to head back.
That's best. It'll be all business and politics.
Wouldn't interest you.
But Dawson, good of you to come.
Must you go?
Time for me to row with the other slaves.
Good night, Rose.
Want to go to a real party?
Is okay I put my hand here?
I can't understand you.
I'm going to dance with her now.
Come on.
Come on. Come with me.
Jack. Jack, wait.
I can't do this.
We'll have to get a bit closer.
Like this.
You're still my best girl, Cora.
- I don't know the steps.
- Me, either. Just go with it.
Don't think.
Wait! Jack! Wait! Stop, Jack!
What? Wait!
Jack, no.
Beyond the jurisdiction
of the Sherman Act.
That's what Rockefeller said...
Supreme Court didn't swallow it.
What? You think
a first-class girl can't drink?
Get out of here.
Are you all right?
I'm fine.
Two out of three.
So...
you think you're tough?
Let's see you do this.

Hold this for me, Jack. Hold it up. Jesus! You okay? I haven't done that in years. Come on, lads. Give it all you got. Let's go. Coffee, sir? You didn't come to me last night. I was tired. Your exertions below deck were no doubt exhausting. I see you had that undertaker of a manservant follow me. You will never behave like that again. I'm not one of your mill foremen who you can command. I'm your fiancée. My fiancée. My fiancée! Yes, you are! And my wife! My wife in practice, if not yet by law, so you will honor me! You will honor me the way a wife honors her husband. Because I will not be made a fool of. Is this in any way unclear? No. Good. Excuse me. Oh, Miss Rose. We had a little accident. - That's all right. - I'm sorry. Let me help you. It's all right, miss. Tea, Trudy. You're not to see that boy again. You understand? Rose, I forbid it. Stop it, Mother. You'll give yourself a nosebleed. This is not a game. Our situation is precarious. You know the money's gone. Of course I know. You remind me every day. Your father left us nothing but a legacy of bad debts hidden by a good name. That name is the only card we have to play. I don't understand you. It is a fine match with Hockley. It will ensure our survival. How can you put this on me? Why are you being so selfish? I'm being selfish? Do you want to see me working as a seamstress? Is that what you want? To see our fine things sold at auction? Our memories scattered? It's so unfair. Of course it's unfair. We're women. Our choices are never easy. Protect them by Thy guiding hand. From every peril on the land. O, spirit whom the Father sent To spread abroad the firmament. O, wind of heaven, by Thy might Save all who dare the eagle's flight. And keep them by Thy watchful care... Hello, Mr. Andrews. I need to talk to someone. You're not supposed to be in here. I was here last night, remember? No. Now please turn around. He'll tell you. I just need to talk... Mr. Hockley and Mrs. DeWitt Bukater... are still appreciative of your assistance. They asked me to give you this in gratitude... I don't want your money. And remind you you are in third class and your presence here... is no longer appropriate. Let me speak to Rose. Gentlemen, please see Mr. Dawson returns to where he belongs... and that he stays there? Yes, sir. Come along, you. Hear us when we cry to Thee. For those in peril on the sea. Why are there two steering wheels? We use this one near shore. Excuse me, sir. Another ice warning, from the Noordam. Thank you, Sparks. Not to worry. Quite normal for this time of year. In fact, we're speeding up. I've ordered the last boilers lit. Okay, son, wind it up tight like I showed you. That's right. Okay, now let it go. - It was good, wasn't it? - Quite nice. That's excellent. Mr. Andrews... Forgive me. I did the sum in my head... and with the number of lifeboats times the capacity you mentioned... Forgive me, but it seems that there are not enough for everyone aboard. About half, actually. Rose, you miss nothing, do you? In fact, I put in these new type davits... which can take an extra row of boats inside this one. But it was thought, by some... the deck would look too cluttered. So, I was overruled. It's a waste of deck space as it is on an unsinkable ship. Sleep soundly, young Rose. I have built you a good ship, strong and true. She's all the lifeboat you need. Just keep heading aft. The next stop will be the engine room. Jack, this is impossible. I can't see you. - I need to talk to you. - No, Jack. No. Jack. I'm engaged. I'm marrying Cal. I love Cal. Rose... you're no picnic. All right? You're a spoiled little brat even. But under that, you're the most amazingly, astounding... wonderful girl... woman, that I've ever known. Jack, I... No, let me try and get this out. You're a man... I'm not an idiot. I know how the world works. I've got ten bucks in my pocket. I have nothing to offer you and I know that. I understand. But I'm too involved now. You jump, I jump. Remember? I can't turn away without knowing you'll be all right. That's all that I want. Well, I'm fine. I'll be fine. Really. Really? I don't think so. They've got you trapped, Rose. And you're gonna die if you don't break free. Maybe not right away... because you're strong... but sooner or later that fire that I love about you, Rose... that fire is gonna burn out. It's not up to you to save me, J

ack.

You're right.

Only you can do that.

I'm going back.

Leave me alone.

Tell Lucile about the disaster
you had with the stationers.

Well, of course the invitations
had to be sent back, twice.

Oh, my dear.

And the dreadful
bridesmaids' gowns.

Let me tell you what an
odyssey that has been.

Rose decided she
wanted lavender.

She knows I detest the color.

So, she did it only to spite me.

If only you'd come to
me sooner.

Ruth saw some of my designs in
La Mode Illustrée.

They were for the trousseau of the Duchess
of Marlborough's youngest daughter.

They were quite charming.

But, I think you'll agree,
my dear, that together...
we've created something
of a phoenix from the ashes.

Hello, Jack.

I changed my mind.

They said you might be up here.

Give me your hand.

Now close your eyes.

Go on.

Now, step up.

Now, hold onto the railing.

Keep your eyes closed.

Don't peek.

I'm not.

Now, step up onto the rail.

Hold on. Hold on.

Keep your eyes closed.

Do you trust me?

I trust you.

All right...
open your eyes.

I'm flying.

Jack.

Come, Josephine, in my
flying machine. Going up...
she goes. Up she goes.

That was the last time
Titanic ever saw daylight.

We're up to dusk
the night of the sinking.

6 hours to go.

Incredible. There's Smith and
he's standing there and...
he's got the iceberg warning
in his fucking hand...
excuse me... his hand,
and he's ordering more speed.

26 years of experience
working against him.

He figures anything big
enough to sink, the ship...
they're gonna see in time to turn.

But the ship's too big
with too small a rudder.

Doesn't corner worth a damn.

Everything he knows is wrong.

It's quite proper, I assure you.

This is the sitting room.

- Will this light do?

- What?

Don't artists need good light?

That is true, but I'm not
used to working in...
such horrible conditions.

Monet!

- Do you know his work?

- Of course.

Look at his use of color here.

Isn't he great?

I know. It's extraordinary.

Cal insists on carting
this hideous thing everywhere.

Should we be expecting him
any time soon?

Not as long as the cigars
and brandy hold out.

That's nice.

What is it, a sapphire?

A diamond.

A very rare diamond.

Jack, I want you to draw me
like one of your French girls.

Wearing this.

All right.

Wearing only this.

The last thing I need is another picture
of me looking like a porcelain doll.

As a paying customer...
I expect to get what I want.

Over on the bed... the couch.

Come. Lie down.

- Tell me when it looks right.

- Keep that.

Put your arm back
the way it was.

Put that other arm up,
that hand right by your face there.

Right.

Now, head down.

Eyes to me. Keep them on me.

And try to stay still.

So serious.

I believe you are blushing,
Mr. Big Artiste.

I can't imagine
Monsieur Monet blushing.

He does landscapes.

- Just relax your face.

- Sorry.

No laughing.

My heart was pounding
the whole time.

It was the most erotic
moment of my life...
up until then, at least.

So what happened next?

You mean, did we do it?

Sorry to disappoint you, Mr. Bodine.

Jack was very professional.

Thank you.

What are you doing?

Will you put this
back in the safe for me?

Gentlemen, would you excuse me.

None of the stewards
have seen her.

This is absurd. It's a ship.

There's only so many
places she could be.

Lovejoy, find her.

Clear.

Yes.

I don't think I've ever
seen such a flat calm.

Like a mill pond.

Not a breath of wind.

It will make the bergs
harder to see...
with no breaking
water at the base.

Well, I'm off.

Maintain speed and
heading, Mr. Lightoller.

Yes, sir.

It's getting cold.

You look nice.

Miss Rose?

My drawings!

Come on!

Wait, wait, wait!

- Go. Go. Down, down.

- Take us down, quickly. Quickly!

Bye.

Sorry.

- Keep going.

- Thank you, I've got it.

Pretty tough for
a valet, this fella.

Seems more like a cop.

I think he was.

- Oh, shit.

- Go!

No, over here!

Quick!

Now what?

What?

More coal for number one, mate.

Hold up? What are you two
doing down here?

You shouldn't be down here.

It could be dangerous!

Carry on!

Don't mind us. You're
doing a great job!

Keep up the good work!

Look at what we have here?

Thank you.

Where to, miss?

To the stars.

You nervous?

No.

Put your hands on me, Jack.

It's bloody cold.

You know, I can smell ice, you know.

When i

t's near.
Bollocks!
Well, I can, all right?
Did you ever find those
binoculars for the lookouts?
Haven't seen them
since Southampton.
Well, I'll be on my rounds.
Cheerio.
You're trembling.
Don't worry.
I'll be all right.
- They ran down there.
- Right.
Anything missing?
I have a better idea.
Got you!
Did you see those guys' faces?
Did you see them?
When the ship dock
s...
I'm getting off with you.
This is crazy.
I know. It does
n't make any sense.
That's why I trust it.
Here, look at this.
Look at that, would you?
They're warmer than we are.
If that's what
it takes for us to get warm,
I'd rather not.
Bugger me!
Pick up, y
ou bastards!
Is anyone there?!
What do you see?
Iceberg, righ
t ahead!
Thank you.
Iceberg ahead!
Hard a' starboard!
Turn! Turn! Smartly!
Full astern!
Hard over.
Helm's hard o
ver, sir.
Go, lads, go!
Bring that steam down! Bring it down!
Shut all the dampers! Shut them!
Hold it.
Hold it!
Now! Enga
ge reversing engine!
Why ain't they turning?
Is it hard over?!
It is, sir. Hard over.
Come on, come on, come on. Turn.
Yes.
It's going to hit!
Jesus Christ!
Jesus!
Hard to port!
Get back!
Let's go!
They're closing the doors! Get out!
Get out the door! Go!
Go! Come on, lads! Go, lads, go!
Go! Go!
Out! Out!
Oh, my God.
That was a close shave.
Smell ice, c
an you? Bleedin' Christ!
Note the time. Enter it in the log.
What was
that, Mr. Murdoch?
An iceberg, sir.
I put her hard to starboard,
but it was too close.
I tried to port round it, but...
- Close the wat
ertight doors.
- They're closed, sir.
All stop.
Have the carpenter
sound the ship.
Come on, let's get the hell out of here!
Why have the
engines stopped?
I felt a shudder.
Not to worry. We threw a propeller blad
e.
That's the shudder you felt.
Do you need anything?
No, thank yo
u.
There's talk of an iceberg.
I don't see anything. Do you?
If this is where the rats
are going, I am, too.
- You.
- There is no em
ergency.
- There is. I've been robbed.
- Get the Master at Arms.
Now, you moron!
Did I miss the fun?
- Did you see what happened?
- No. I guess it hit over there.
Boiler room six is flooded eight feet
and the
e mail hold is worse.
- Can you shore up?
- Not unless the pumps get ahead.
- Have you seen the mail hold?
- It's already underwater.
This is
bad.
We should tell Mother and Cal.
I think they're very good, sir.
Don't touch anything.
I want the room photographed.
We've been look
ing for you, miss.
Here we go.
Something serious has happened.
Yes, it has.
Indeed.
Two things dear to me have disappeared.
No
w that one is back,
I know where to find the other. Search him.
- Take your
coat off.
- Now what?
What are you doing?
We're in the middle of an eme
rgency.
- Is this it?
- That's it.
This is horseshit!
Do
n't you believe it.
- He couldn't have.
- Easy enough for a professional.
I was with him the entire time.
Perhaps he did it while you were puttin
g
your clothes back on, dear.
Real slick. They put it in my pocket.
- Shut up.
- It isn't even your pocket.
"Property of A.L. Ryerson."
That was reported stolen.
I just borrowed it.
Oh, we have an hone
st thief.
You know I didn't do this, Rose.
Don't believe them. You kno
w it.
Let's go, son.
You know I didn't do it!
There's a good
lad. Come on.
You know I didn't do it! You know me!
This is most unfor
tunate, Captain.
Water fourteen feet above the keel
in ten minutes...
in the forepeak,
all three holds and boiler room six.
That's right.
When can we get underway?
That's five compartments.
She can floa
t with four compartments
breached, but not five.
Not five. As she goes dow
n,
the water will spill...
over the tops of the bulkheads
at E deck, on
e to the next...
back and back. There's no stopping it.
The pumps.
The pumps buy you time, but minutes only.
As of now, no matter what we d
o...
Titanic will founder.
But this ship can't sink.
She's ma
de of iron. I assure you, she can.
And she will.
It's a mathematical c
ertainty.
How much time?
An hour. Two, at most.
How many aboa
rd, Mr. Murdoch?
Two thousand, two hundred souls, sir.
Well, I believe
you may get your headlines,
Mr. Ismay.
Oh, it is a little slut, isn't it?
Look at me when I'm talking to you!
- Mr. Hockley?
- Not now. We're
busy.
You've been asked to put on lifebelts
and go to the boat deck.
I said, not now.
I'm sorry, Mr. Hockley, but it's
Captain's orders. Dres

s warmly.

It's quite cold out.

May I suggest topcoats and hats?

This is ridiculous.

Not to worry, miss.

I'm sure it's just a precaution.

Everybody up! Lifebelts on!

What's he on about?

- Put your lifebelts on!

What is it?

Just put them on.

C.Q. D?

Sir?

That's right, C.Q.D. The distress call.

That's our position.

Tell whoever responds we're going down

and need immediate assistance.

Blimey.

Keep lowering!

Steady! Make it taut! And winch out!

Uncover the boat!

Uncover all the boats aft!

Release those ties!

Roll back that cover! Smartly now!

Where are the passengers?

They went inside. Too cold and noisy for them.

You there! Get down here

and help with these lines!

Care for a drink, sir?

Sonny, what's doing? You get us all trussed

up and now we're cooling our heels.

Sorry, ma'am. Let me go find out.

Nobody knows what's going on.

Just like the damn English...

everything by the book.

No need for language, Mr. Hockley.

Go back and turn on the heaters in our rooms.

I want a cup of tea when I return.

Mr. Andrews.

I saw the iceberg. And

I see it in your eyes.

Please tell me the truth.

The ship will sink.

You're certain?

In an hour or so, all this

will be at the bottom of the Atlantic.

Please, tell only who you must.

I don't want to cause a panic.

And get to a boat. Quickly. Don't wait.

You remember what I told

you about the boats?

Yes.

I understand.

Over here, son.

Sir, there's a big mob

at the Second Class Purser's office.

Go on. I'll watch him.

Aye. Right.

Sir, Carpathia says they're making 17 knots.

Full steam for them, sir.

She's the only one responding?

The only one close. They'll

be here in four hours.

Four hours?!

Thank you, Bride.

My God.

We are swung out and ready, sir.

Hadn't we better get the women and children

into the boats?

Yes.

Women and children first, yes.

Yes, sir.

Ladies and gentlemen, attention, please!

Step this way, please. That's right.

Come towards me. Thank you.

Good.

For the time being,

I require only women and children.

Right here.

Like the Captain said,

nice and cheery, so there's no panic.

"Wedding Dance."

Lifebelts on. Put your lifebelts on.

Put your lifebelts on. Lifebelt on.

Here, put that lifebelt on. Turn it around.

It isn't time to go to the boats yet!

Please, stay calm.

Make sure you have your lifebelts on.

Let women and children

through to the front.

What are we doing?

Waiting. Once first-class people

are in the boats...

they'll start with us

and we want to be ready.

Pushing won't get you out any faster.

Go get help.

Lower it away, left and

right together! Steady.

Both sides together! Steady!

Steady!

Stop, stop, stop!

Hold the left!

Right side only! Right side only!

Right side!

Hold the left! Right side down!

Lower away together!

Steady, lads!

You know, I do believe this ship may sink.

I've been asked to give you

this small token of our appreciation.

Compliments of Mr. Caledon Hockley.

Come on, sister, you heard

the man. Into the boat.

Any room for a gentleman,

gentlemen?

Only women at this time, sir.

Will the lifeboats be

seated according to class?

I hope they're not too crowded.

Oh, Mother, shut up!

Don't you understand?

The water is freezing and

there aren't enough boats.

Not enough by half.

Half the people on this

ship are going to die.

Not the better half.

Come on, Ruth, get in the boat.

First class seats

are right up here.

You know, it's a pity I didn't

keep that drawing.

It'll be worth a lot

more by morning.

You unimaginable bastard.

Come on, Rose darling.

There's plenty of room for you.

Come on, Rose.

You're next, darling.

Come into the boat, Rose.

Come.

Rose.

Get into the boat!

Rose.

Good-bye, Mother.

Where are you going?

To him?!

To be a whore to a gutter rat?

I'd rather be his whore

than your wife.

No!

I said, no!

Rose! Please, stop!

And, lower away!

No, Wait!

Lower away!

- Rose!

- Lower together!

Hold the left side!

Help!

Can anybody hear me?!

Hello! Help me!

Help me!

Can you hear me?!

Can anybody hear me?!

Somebody help me!

Mr. Andrews?!

Steward, check the

starboard corridor.

Madame, please put on a lifebelt.

Get to the boat deck immediately.

Lucy, for God's sake put on your

lifebelt and set a good example.

Yes sir.

- Anyone in here?

- Mr. Andrews!

Mr. Andrews! Thank God!

Where would the Master at Arms

take someone under arrest?

What? You have to get

to a boat right away.

No!
I'm doing this with or
without your help, sir.
But without will take longer.
Take the elevator to the
very bottom. Go to the left...
down the crewmen's passage.
Then go right and left
again at the stairs.
You'll come to a long corridor.
This could be bad.
Oh, shit! Oh, shit!
Excuse me. Thank you.
I'm sorry, miss,
but the lifts are closed.
I'm through being polite,
goddamnit!
Now take me down!
E deck.
Come on.
Come on, come on.
I'm going back up.
No! No! No!
Come back! I'm going back up!
I'm going back up!
Crew passage.
Jack!
Rose!
Rose, I'm in here!
I'm in here!
Jack! I'm sorry.
I'm sorry. I'm so sorry.
That guy Lovejoy put
it in my pocket.
I know, I know, I know.
Listen Rose...
you're gonna have to find
the spare key, all right?
Look in that
cabinet right there.
It's a little silver one, Rose.
These are all brass ones!
Check right here, Rose.
Rose.
How did you find out I didn't do it?
I didn't.
I just realized I already knew.
Keep looking.
No key.
There's no key!
All right, Rose, listen.
You're gonna have
to go find some help.
It'll be all right.
I'll be right back.
I'll just wait here!
Hello? Is there anyone here?
Hello?
Is there anybody down here?
We need help!
Hello?
Damnit!
Can anybody hear me, please?
Hello?! Hello?!
Oh, thank God.
Wait, please, I need your help.
There's a man back
here and he's...
Wait!
Hello?!
Hello?
Miss, you shouldn't
be here now.
I need your help.
There is a man down
here and he is trapped.
- This way, yes. All right.
- Please!
- There's no need to panic.
- No, I'm not panicking!
You're going the wrong way!
Let go of me! Listen!!!
To hell with you.
Oh, my God.
Will this work?
I guess we'll find out.
Come on.
Wait, wait, wait.
Try a couple practice
swings over there.
Good.
Now try and hit the same mark
again, Rose. You can do it.
Okay, that's enough practice.
Come on, Rose.
You can do it.
Listen, just hit it really hard
and really fast.
Come on. Wait.
Open your
hands up a little more.
- Like that?
- Right.
Listen, Rose, I trust you.
Go.
You did it!
Come on. Let's go.
Oh shit, this is cold!
Oh, shit!
Shit! Shit!
This is the way out.
We have to find
another way. Come on.
Pull.
Put your backs into it.
Pull!
Now, there's something
you don't see every day.
What's this luggage doing here?
Get rid of it. Get rid of it.
We need the room.
Get rid of that. Out.
This way.
Let go, sir. Get back.
Keep calm!
Lovejoy!
She's not on the starboard side either.
We're running out of time. This strutting
martinet isn't letting any men on at all.
There's one on the other
side letting men on.
Well then, that's our play.
We'll need some
insurance first. Come on.
This way, please.
All the way down here.
Here!
What do you think you're doing?
You'll have to pay for
that, you know.
That's White Star
Line property.
Shut up!
Will you hold the boat a moment?
I just have to run back to my room...
Sit down!
She's the last.
- Prepare to lower.
- Mr. Lightoller.
Why are the boats being
launched half full?
Not now, Mr. Andrews.
There, look. 20 or so
in a boat built for 65?
And I saw one boat
with only 12.
Well, we weren't sure of
the weight, Mr. Andrews.
These boats may buckle.
Rubbish!
They were tested in Belfast
with the weight of 70 men.
Now, fill these boats, Mr. Lightoller.
For God's sake man!
Please, I need more women
and children, please!
Get back in there!
This is not an exit.
This is not an exit.
You can't keep us locked in here.
Like animals. The ship's bloody sinking.
Bring forward the women!
Unlock the gates.
Women only!
No men!
Get back!
Lock the gates!
Get them back from those gates!
Don't touch the gates!
For God's sake, man...
there are women and
children down here!
Let us up so we can have a chance!
Get back!
Tommy!
- Can we get out?
- It's hopeless that way.
Whatever we do,
we've got to do it fast.
The boats are all going.
This whole place is flooding.
We've gotta get out of here.
There is niente this way.
Let's go this way, all right?
Come on!
I make my own luck.
So do I.
Come on!
No, come on, let's go this way.
This is way!
Just go back to
the main stairwell.
And everything will be
sorted out there.
It will all get sorted out back there.
Go back

to the main stairwell.

- Open the gate!
- Go back down the main stairwell.

Open the gate right now!

Go back down the main
stairwell, like I told you.

Goddamn it! Son of a bitch!

Stop that!

Fabri, Tommy,
give me a hand here.

Move aside.

Come on, pull!

Pull!

Move aside.
Quickly, move aside!

Put that down!

- Move aside!
- Put that down!

One! Two!

Three!

Again!

Now, let's go!

Let's go, Rose.

You can't go up there!
You can't do this!

Keep order! Keep order here!

Back! Back! Back!

Hold on to her!

Pull her in!

Get back, I say, or I'll...

shoot you all like dogs!

Keep order here!

Keep order, I say.

Mr. Lowe, man this boat.

Right. Is everybody all right?
Nobody panic.

Stay back.

We're too late.

There are more boats down the front.
Stay with this one. Murdoch.

He seems to be quite practical.

Don't lower it!

Cut the falls!

Sit down!

Stay back, you lot!

Just stay back, the
lot of you! Stay back!

It's starting to fall apart.
We don't have much time.

Mr. Murdoch?

Mr. Hockley.
You two, with me, now!

I'm a businessman, as you know...

and I have a business
proposition for you.

Come on, Rose.

The boats are gone!

Colonel, are there
any boats on that side?

No, miss, but there are a couple
of boats all the way forward.

This way, I'll lead you.

What's the use?
Nobody's listening to us anyway.

Well, they don't listen to
us at dinner, either.

Come on, let's play.

Keep us warm.

"Orpheus."

Music to drown by.
Now I know I'm in first class.

- Where is everyone?
- The y're all still aft, sir.

We have an understanding
then, Mr. Murdoch.

Will the men please hold
back! Hold back, I say!

Women and children only!

Get back!

Come through, madame.
This way. Step back, sir!

You better check the
other side. Go!

I found her, on the other side.

Waiting for a boat.

With him.

- Any more women and children?
- They're all aboard, Mr. Murdoch.

Anyone else then?

- Anyone else?
- Do hurry. Hurry along.

Goddamn it all to hell.

Shit.

Fire!

Sir, sir, you can't
go through here.

That's it. Splendid. Right.

Prepare to lower.

Ready on the left.

Take them down.

Keep it steady.

Both sides together.
Steady. Keep it steady.

- Give her to me.
- Daddy.

It'll be fine, darling.
Don't you worry.

Daddy, get in the boat.

It's good-bye for a little
while. Only for a little while.

There'll be another
boat for the daddies.

This boat is for the
mummies and the children.

You hold Mummy's hand
and be a good little girl.

I'm not going without you.

No, you have to go, now.

No, Jack.

Get in the boat, Rose.

No, Jack.

Yes.

Get on the boat!

Yes, get on the boat, Rose.

Oh my God, look at you.

You look a fright.

Here.

Put this on. Come.

Go on. I'll get the next one.

No, not without you.

I'll be all right.
Listen, I'll be fine.

I'm a survivor, all right?
Don't worry about me.

Now, go on. Get on.

I have an arrangement with an
officer on the other side of the ship.

Jack and I can get off safely.

Both of us.

See?

I got my own boat to catch.

Go on, hurry.

They're almost full.

- Step aboard, miss.
- Go. Go.

Step aboard, please.

You're daddy's
good girl, all right?

You're my little sailor.

Clear the rail, please.

And, lower away!

You're a good liar.

Almost as good as you.

There's no... there's no
arrangement, is there?

No, there is.

Not that you'll benefit much from it.

I always win, Jack.

One way or another.

Rose!

Stop her!

Rose, what are you doing?!

No!

Rose! You're so stupid!
Why did you do that?

You're so stupid, Rose.

Why did you do that? Why?!

You jump, I jump, right?

Right.

Oh God. I couldn't go.

I couldn't go, Jack.

It's all right. We'll
think of something.

- At least I'm with you.
- We'll think of something.

Come on! Move!

Come on! Move.

Come on!

Move!

Come on! Come on Rose.

Rose, come on!

Move Rose!

Go!

I hope you enjoy your time together!

What could possibly be funny?

I put the diamond in the coat.

And I put the coat on her!

Come on!

Dada!

We can't leave him.

All right, come on!

Dada!

Go back!

It's the wrong way! Come back!

No, not that way!
Come back! Stop!

Go!

Go! Run!

This way!

Give me your hand!

Oh, God!

Help!

Wait, sir!

Sir, open the gate, please!

Help us, please!

Help us!

r/>
- Please!
- Please!

Bloody hell!

- Come on, come on!
- Come on!

Go, go!

Jesus.

- Please!
- Come on!

Hurry!

Come on!

I'm sorry, I dropped the keys.

- Wait, please!
- Wait!

Don't leave! Please,
send for help!

I got it! Which
one is it, Rose?

The short one.
Try the short one.

Hurry, Jack.

Oh no! It won't go in.

Hurry, Jack.

It's stuck! It's stuck!

- Come on!
- Hurry, Jack!

- Hurry, Jack!
- Come on!

I got it! I got it!
Go! Go, Rose!

Go! Go!

Jack! Come on!

Move, move.

- Get those oars in place.
- Get an oar under it.

Hold it! Hold it!

Hold it!

Get these davits cranked in!
Let's get the falls hooked up!

Mommy!

Keep going up!

Stop pushing!

Stay back!

Will you give us a chance
to live, you limey bastard!

I'll shoot any man who tries
to get past me! Get back!

Bastard!

Get back!

We had a deal, damn you!

Your money can't save you
any more than it could save me.

Get back!

Women and children only!

No, Tommy!

No, Will!

Now stand back, damn you!

Gently, gently. Hold it. Hold it.

I have a child!

- I have a child!
- Clear a path here!

Please, I have a child!

Please. I'm all she has in the world.

Go on.

Step back!

- Please?
- Here, give her to me.

You're all right, dearie.

Give her here.

There, there.

Wait, wait, wait! Mr. Andrews!

Oh, Rose.

Won't you even
make a try for it?

I'm sorry that I didn't build you
a stronger ship, young Rose.

It's going fast.
We have to move.

Wait.

Good luck to you, Rose.

And to you.

Mr. Guggenheim?

These are for you, Mr. Guggenheim.

No, thank you.

We are dressed in our best and are
prepared to go down as gentlemen.

But we would like a brandy.

Get the falls over here now!

Let them drop. Then we'll right it.

Capitán?

Capitán, where should I go? Please.

Captain. Captain. Sir.

Right. That's it, then.

Good-bye, Wally. Good luck.

- Good-bye, Wallace.
- So long, old chap.

And so they lived happily
together for 300 years...

in the land of Tir na nog...

Land of eternal
youth and beauty.

There's no time!

Cut those falls!

Cut them!
Cut them if you have to!

I need a knife!

Cut the falls now!

Cut them loose!

Cut those bloody falls!

Gentlemen...

it has been a privilege
playing with you tonight.

We have to stay on the
ship as long as possible.

Come on!

This way. Through the rail.

Come on, Rose.

Jump.

Come on.

I got you. Jump.

I've got you, miss.

Back!

No! You'll swamp us!

Yea, though I walk through the
valley of the shadow of death...

You wanna walk a little faster
through that valley there?

Holy Mary, mother of God...

pray for us sinners now and
at the hour of our death. Amen.

Hail Mary, full of grace...

This way.

Come on!

And I saw a new heaven
and a new earth...

for the first heaven and the first earth
had passed away...

and there was no more sea.

It'll be over soon.
It'll all be over soon.

And He shall dwell with them.

And they shall be His people
and God Himself shall be with them...

and be their God.

Jack...

this is where we first met.

And God shall wipe away
all the tears from their eyes...

and there shall be
no more death.

Neither shall there be
sorrow or crying.

Neither shall there be
any more pain...

for the former world
has passed away.

Bloody pull faster! And pull!

Hang on, miss Trudy!

Hold on real tight.

God Almighty.

Keep those breakers in!
Keep them in!

We have to move!

Give me your hand.
I'll pull you over.

I can't.

Come on!

Give me your hand.

I've got you. I won't let go.

Come on, I've got you.

- What's happening, Jack?
- I don't know. I don't know now.

Hold on.

This is it!

Oh, my God, Jack!
Oh, God. Oh, God.

Hold on!

The ship is gonna suck us down.

Take a deep breath when I say.

Kick for the surface
and keep kicking.

Do not let go of my hand.

We're going to make it, Rose.

Trust me.

I trust you.

Ready! Ready!

Now!

Jack! Jack!

Rose!

Get off her! Get off her!

Swim, Rose! I need you to swim!

Keep swimming.

It's so cold.

Swim, Rose!

Come on.

Keep swimming.

Come on.

Here...

get on it.

Get on top.

Come on, Rose.

Stay on it. Stay on, Rose.

It'll be all right now.

Return...

the boats!

The boats are coming
back for us Rose.

Hold on just a
little bit longer.

They had to row
away for the

suction...
but now they'll be coming back.
For God's sake!
ease...
help us!
You don't understand.
If we go back, they'll
swamp the boat.
They'll pull us right down,
I'm telling you.
Oh, knock it off.
You're scaring me.
Come on, girls, grab
an oar. Let's
go.
Are you out of your mind?
We're in the middle of the North Atlantic.
Now, do you people want to live
or do you want to die?
I don't understand a one of you.
What's the matter with you?
It's your men out there!
There's plenty of room for more.
And there'll be one less
on this boat...
if you don't shut that
hole in your face!
Now, bring in your oars over there.
And tie these boats together as well.
Now, make sure that's
tied up nice and tight.
Right, listen to me, men.
We have to go back.
I want to transfer all the women
from this boat into that boat right now...
as quick as you can, please.
Let's create some space over there.
Move forward and aft.
It's getting quiet.
It's just going to take a
couple of minutes...
to get the boats organized.
I don't know about you but...
I intend to write
a strongly worded letter...
to the White Star Line
about all this.
I love you, Jack.
Don't you do that.
Don't you say your
good-byes. Not yet.
Do you understand me?
I'm so cold.
Listen, Rose...
you're gonna get out of here.
You're gonna go on...
and you're gonna
make lots of babies.
And you're gonna
watch them grow.
You're gonna die an old...
an old lady.
Warm in her bed.
Not here.
Not this night. Not like this.
Do you understand me?
I can't feel my body.
Winning that ticket, Rose...
was the best thing that
ever happened to me.
It brought me to you.
And I'm thankful
for that, Rose.
I'm thankful.
You must...
you must do me this honor.
You must promise me
that you'll survive.
That you won't give up...
no matter what happens.
No matter how hopeless.
Promise me now, Rose.
And never let go
of that promise.
I promise.
Never let go.
I'll never let go, Jack.
I'll never let go.
Right ahead, sir.
Oars!
Do you see any moving?
No, sir. None moving, sir.
Check them.
Bring that oar up here.
Check them. Make sure.
These are dead, sir.
Now, give way.
Ahead easy.
Careful with your oars.
Don't hit them.
Is there anyone
alive out there?
Can anyone hear me?
Is there anyone
alive out there?
We waited too long.
Well, keep checking them!
Keep looking!
Is there anyone
alive out there?
Can anyone hear me?
Come, Josephine...
in my flying machine
And it's up she goes
Up she goes
Come, Josephine...
in my flying...
Jack.
There's a boat.
Jack.
There's a boat, Jack.
Come back.
Come back. Come back!
Hello!
Can anyone hear me?
There's nothing here, sir.
Come back.
I'll never let go.
I promise.
Come about!
Fifteen hundred people
went into the sea...
when Titanic
sank from under us.
There were twenty
boats floating nearby...
and only one came back.
One.
Six were saved
from the water...
myself included.
Six...
out of fifteen hundred.
Afterward...
the seven hundred
people in the boats...
had nothing to do but wait.
Wait to die.
Wait to live.
Wait for an absolution...
that would never come.
Sir, I don't think you'll find any
of your people down here.
It's all steerage.
His hair is reddish brown,
reddish brown, reddish brown.
White beard.
Isn't there another
passenger list?
There is no other list.
Perhaps he's on another ship.
We're doing all we can,
ma'am. I'm so sorry.
That's the last time
I ever saw him.
He married. Of course.
And inherited his millions.
But the Crash of '29 hit
his interests hard...
and he put a pistol in
his mouth that year.
Or so I read.
Can I take your name
please, love?
Dawson.
Rose Dawson.
Thank you.
We never found
anything on Jack.
There's no record
of him at all.
No, there wouldn't
be, would there?
And I've never spoken
of him until now.
Not to anyone.
Not even your grandfather.
A woman's heart is a
deep ocean of secrets.
But now you know there was
a man named Jack Dawson...
and that he saved me...
in every way that
a person can be saved.
I don't even have
a picture of him.
He exists now only
in my memory.
Keldys h, Mir 2 on our
way to the surface.
I was saving this for when
I found

the diamond.

I'm sorry.

Three years...

I've thought of
no
thing except Titanic.

But I never got it.

I never let it in.</div>

Now, you gotta speak up. She's kind of old. Great. This is Brock Lovett. How can I help you, Mrs...? Calvert. Rose Calvert. Mrs. Calvert. I was just wondering if you had found... the "Heart of the Ocean" yet, Mr. Lovett. Told you you wanted to take the call. All right, you have my attention, Rose. Can you tell us who the woman in the picture is? Oh, yes. The woman in the picture is me. She's a goddamn liar! Some nutcase seeking money or publicity. God only knows why. Like that Russian babe, Anesthesia. They're inbound! Rose DeWitt Bukater died on the Titanic when she was 17, right? - That's right. - If she had lived, she'd be over 100 by now. 101 next month. Okay, so she's a very old goddamn liar. Look, I've already done the background on this woman... all the way back to the 20s, when she was working as an actress. An actress. There's your first clue, Sherlock. Her name was Rose Dawson back then. Then she marries this guy named Calvert. They move to Cedar Rapids and she punches out a couple of kids. Now Calvert's dead and, from what I hear, Cedar Rapids is dead. And everybody who knows about the diamond is supposed to be dead... or on this boat, but she knows. Doesn't exactly travel light, does she? Hurry up, give him a hand. Mrs. Calvert, I'm Brock Lovett. Welcome to the Keldysh. Okay, let's get her inside there. Hi, Miss Calvert. - Hi. - Welcome to the Keldysh. Thanks. Hey! Are your staterooms all right? Oh, yes. Very nice. Have you met my granddaughter, Lizzy? She takes care of me. We met just a few minutes ago. Remember, Nana? Up on deck? Oh, yes. There. That's nice. Have to have my pictures when I travel. Can I get you anything? Is there anything you'd like? Yes. I would like to see my drawing. Louis XVI wore a fabulous stone that was... called the Blue Diamond of the Crown... which disappeared in 1792... about the same time old Louis lost everything from the neck up. The theory goes that the crown diamond was chopped, too. Recut into a heart-like shape that became known as... the Heart of the Ocean. Today it would be worth more than the Hope diamond. It was a dreadful, heavy thing. I only wore it this once. You actually think this is you, Nana? It is me, dear. Wasn't I a dish? I tracked it down through insurance records. An old claim that was settled under terms of absolute secrecy. Can you tell me who the claimant was, Rose? I should imagine someone named Hockley. Nathan Hockley, that's right. Pittsburgh steel tycoon. The claim was for a diamond necklace his son... Caledon, bought his fiancée. You. A week before he sailed on Titanic. And it was filed right after the sinking. So the diamond had to have gone down with the ship. You see the date? April 14, 1912. Which means if your grandmother is who she says she is... she was wearing the diamond the day the Titanic sank. And that makes you my new best friend. These are some of the things we recovered from your stateroom. This was mine. How extraordinary. And it looks the same as it did the last time I saw it. The reflection has changed a bit. Are you ready to go back to Titanic? Okay, here we go. She hits the berg on the starboard side, right? She kind of bumps along... punching holes like Morse code... dit-dit-dit... along the side... below the water line. Then the forward compartments start to flood. Now, as the water level rises... it spills over the watertight bulkheads... which, unfortunately, don't go any higher than E deck. So now as the bow goes down... the stern rises up, slow at first... then faster and faster... until finally, she's got her whole ass sticking up in the air. And that's a big ass. We're talking 20, 30,000 tons. Okay? And the hull's not designed to deal with that pressure. So, what happens? She splits, right down to the keel. And the stern... falls back level. Then... as the bow sinks... it pulls the stern vertical... and then finally detaches. Now the stern section just kind of bobs there like a cork for a couple of minutes... floods, and finally goes under about 2:20 AM... 2 hours and 40 minutes after the collision. The bow section planes away... landing about a half a mile away... going 20, 30 knots when it hits the ocean floor. Pretty cool? Thank you for that fine forensic analysis, Mr. Bodine. Of course, the experience of it was... somewhat different. Will you share it with us? I'm taking her to rest. No. Come on, Nana. No! Give me the tape recorder. Tell us, Rose. It's been 84 years... It's okay. Just try to remember anything... anything at all. Do you want to hear this or not, Mr. Lovett? It's been 84 years... and I can still smell the fresh paint. The china had never been used. The sheets had never been slept in. Titanic was called the ship of dreams. And it was. It really was. All third-class passengers... with a forward berth... this way please! This queue! It's a big boat? Daddy, it's a ship. You're right. I don't see what all the fuss is about. It doesn't look any bigger than the Mauretania. You can be blasé about some things, Rose... but not about Titanic. It's over 100 feet longer than Mauretania... and far more luxurious. Your daughter is far too difficult to impress, Ruth. So this is the ship they say is unsinkable. It is unsinkable. God Himself could not sink this ship... What?! You have to check your baggage through the main terminal. It's round that way, sir. I put my faith in you good sir. Now kindly see my man. Yes sir. It's my pleasure, sir. If I can do anything at all... Yes, right. All the trunks from that car there. 12 from here. And the safe, to the parlor suite... room

s B-52, 54, 56. Ladies...we better hurry. Come along.- My coat?- I have it, miss. All third-class passengers queue here for health inspection.- Welcome aboard, ma'am.- Welcome to Titanic. It was the ship of dreams...to everyone else. To me. It was a slave ship...taking me back to America in chains. Outwardly, I was everything a well brought up girl should be. Inside, I was screaming. Jack, you are pazzo. You bet everything we have. When you got nothing, you got nothing to lose. Sven? All right, moment of truth. Someone's life is about to change. Fabrizio? Niente. Olaf? Nothing. Sven? 2 pair. I'm sorry, Fabrizio. I'm sorry...you're not gonna see your mom again for a...Long time... 'cause we're going to America. Full house, boys! Come on. I'm going home! I'm going home. I go to America! No, mate. Titanic go to America, in 5 minutes. Shit. Fabri. Come on. Come on, here. Here. We're riding in high style now! We're a couple of regular swells. We're practically goddamn royalty...ragazzo mio. You see? I s my destino. Like I told you...I go to America to be millionaire. You are pazzo. Maybe, but I've got the tickets. Come on, I thought you were fast. Aspetta! Wait! Wait! Hey, wait! We're passengers! Have you been through the inspection queue? Of course. Anyway, we don't have any lice. We're Americans. Both of us. Right. Come aboard. We're the luckiest sons of bitches in the world. You know that? Good-bye! You know somebody? Of course not. That's not the point. Good-bye! I'll miss you! Good-bye! I will never forget you! Come with me, darling. Let's go. G-60. G-60. G-60. Excuse me, ma'am. G-60. Oh, right here. Hey, how you doing? Jack. Nice to meet you. Jack Dawson. Nice to meet you. How you doing? Who says you get top bunk? This is your private promenade deck, sir. Will you be requiring anything? Excuse me.- This one?- No. It had a lot of faces on it. This is the one. Would you like all of them out, miss? Yes. We need a little color in this room. Put in there. In the wardrobe. God, not those finger paintings again. They certainly were a waste of money. The difference between Cal's taste in art...and mine is that I have some. They're fascinating. Like being inside a dream or something. There's truth but no logic.- What's the artist's name?- Something Picasso. Something Picasso. He won't amount to a thing. He won't, trust me.- Let's put the Degas in the bedroom.- At least they were cheap. Put it in the wardrobe. At Cherbourg, a woman came aboard named Margaret Brown. We all called her Molly. History would call her the Unsinkable Molly Brown. Well, I wasn't about to wait all day for you, sonny. Here, if you think you can manage. Her husband had struck gold someplace out west. And she was what Mother called "new money." By the next afternoon...we were steaming west from the coast of Ireland...with nothing out ahead of us but ocean. Take her to sea, Mr. Murdoch. Let's stretch her legs. Yes sir. All ahead full, Mr. Moody. Very good, sir. All ahead full. All ahead full! Come on lads, step lively! All right! Let's stoke her right up! We go full ahead! Come on, put your backs into it! 21 knots, sir. Hey, look, look, look! See it? There's another one! See him? Look at that one! Look at him jump! I can see the Statue of Liberty already. Very small, of course. I'm the king of the world! She is the largest moving object ever made by the hand of man...in all history. And our master shipbuilder, Mr. Andrews here...designed her from the keel plates up. I may have knocked her together, but...the idea was Mr. Ismay's. He envisioned a steamer so grand in scale...and so luxurious in...its appointments...that its supremacy would never be challenged. And here she is.- Willed into solid reality.- Hear, hear. I'll have the salmon. You know I don't like that, Rose. She knows. We'll both have the lamb. Rare, with very little mint sauce. You like lamb, right sweet pea? You gonna cut her meat for her too there, Cal? Hey, who thought of the name Titanic? Was it you, Bruce? Yes, actually. I wanted to convey sheer size. And size means stability...luxury, and above all, strength. Do you know of Dr. Freud, Mr. Ismay? His ideas about the male preoccupation with size might be of particular interest to you. What's gotten into you? Excuse me. I do apologize. She's a pistol, Cal. Hope you can handle her. Well, I may have to start minding what she reads from now on, won't I, Mrs. Brown? Freud? Who is he? Is he a passenger? The ship is nice? Yeah. It's an Irish ship. Is English, no? No, it was built in Ireland. 15,000 Irishmen built this ship. Solid as a rock. Big Irish hands. That's typical. First-class dogs come down here to take a shite. Let's us know where we rank in the scheme of things. Like we could forget? I'm Tommy Ryan.- Jack Dawson.- Fabrizio. Do you make any money with your drawings? Forget it, boyo. You'd as like have angels fly out of your arse as get next to...the likes of her. I saw my whole life as if I'd already lived it. An endless parade of parties and cotillions...yachts and polo matches. Always the same narrow people, the same mindless chatter. I felt like I was standing at a great precipice...with no one to pull me back. No one who cared...or even noticed. Don't do it. Stay back. Don't come any closer. Come on. Just give me your hand. I'll pull you back over. No! Stay where you are. I mean it. I'll let go. No, you won't. What do you mean, no I won't? Don't presume to tell me what I will and will not do. You don't know me. Well, you would have done it already. You're distracting me. Go away. I can't. I'm involved now. You let go, and I'm going to have to jump in there after you. Don't be absurd.- You'll be killed.- I'm a good swimmer. The fall alone will kill you. It would hurt. I'm not saying it wouldn't. Tell you the truth...I'm a lot more concerned about that water being so cold. How cold? Freezing. Maybe a couple degrees over. You ever...ever been to Wisconsin? What? Well, they have some

e of the coldest winters around. I grew up there, near Chippewa Falls. I remember when I was a kid, me and my father, we went ice fishing... out on Lake Wisconsin. Ice fishing is, you know, where you... I know what ice fishing is! Sorry. You just seem like, you know, kind of an indoor girl. Anyway, I... fell through some thin ice. And I'm telling you... water that cold, like right down there... it hits you like 1000 knives stabbing you all over your body. You can't breathe. You can't think. Least not about anything but the pain. Which is why I'm not looking forward to jumping in there after you. Like I said... I don't have a choice. I guess I'm kind of hoping you'll come back over the rail and... and get me off the hook here. You're crazy. That's what everybody says but... with all due respect, miss... I'm not the one hanging off the back of a ship here. Come on. Come on, give me your hand. You don't want to do this. I'm Jack Dawson. Rose DeWitt Bukater. I'll have to get you to write that one down. Come on. I got you. Come on. Help, please! Help! - Please, help me! - Listen. Listen to me. Listen. Listen to me. I've got you. I won't let go. Now pull yourself up. Come on! Come on. That's right. You can do it. I got you. What's all this? You stand back and... don't move an inch! Fetch the Master at Arms. This is completely unacceptable! What made you think that you could put your hands on my fiancée?! Look at me, you filth! Cal. What do you think you were doing? Cal, stop. It was an accident. An accident? It was. Stupid, really. I was leaning over and I slipped. I was leaning far over to see the... The... - Propellers? - Propellers, and I slipped. And I would have gone overboard but Mr. Dawson here... saved me. And almost went over himself. You wanted to see the... She wanted to see the propellers. Like I said, women and machinery do not mix. Was that the way of it? Yeah. Yeah, that was pretty much it. Well, the boy's a hero then. Good for you, son. Well done. So, it's all's well and back to our brandy, eh? Look at you. You must be freezing. Let's get you inside. Perhaps a little something for the boy? Of course. Mr. Lovejoy, I think a 20 should do it. Is that the going rate for saving the woman you love? Rose is displeased. What to do? I know. Perhaps you could join us for dinner tomorrow evening... to regale our group... with your heroic tale. Sure. Count me in. Good. It's settled then. This should be interesting. Can I bum a smoke? You'll want to tie those. It's interesting... the young lady slipped so suddenly... and you still had time to remove your jacket and your shoes. I know you've been melancholy. I don't pretend to know why. I intended to save this... until the engagement gala next week... but, I thought... tonight. Good gracious. Perhaps as a reminder of my feelings for you. - Is it a... - Diamond. Yes. 56 carats to be exact. It was worn by Louis XVI. And they called it Le Coeur de la Mer. - The Heart of the Ocean. - The Heart of the Ocean. Yes. It's overwhelming. Well, it's for royalty. We are royalty, Rose. You know, there's nothing I couldn't give you. There's nothing I'd deny you... if you would not deny me. Open your heart to me, Rose. Well, I've been on my own since I was 15, since my folks died. And I had no brothers or sisters or close kin in that part of the country... so I lit on out of there and I haven't been back since. You could just call me a tumbleweed blowing in the wind. Well, Rose, we've walked about a mile around this boat deck and... chewed over how great the weather's been and how I grew up... but I reckon that's not why you came to talk to me, is it? - Mr. Dawson, I... - Jack. Jack. I want to thank you for what you did. Not just for pulling me back, but for your discretion. You're welcome. Look. I know what you must be thinking. Poor little rich girl. What does she know about misery? No. No, that's not what I was thinking. What I was thinking was... what could have happened to this girl to make her think she had no way out? Well I... It was everything. It was my whole world and... all the people in it. And the inertia of my life, plunging ahead and me... powerless to stop it. God, look at that thing. You would have gone straight to the bottom. 500 invitations have gone out. All of Philadelphia society will be there. And all the while I feel I'm... standing in the middle of a crowded room... screaming at the top of my lungs... and no one even looks up. Do you love him? Pardon me? Do you love him? You're being very rude. You shouldn't be asking me this. Well, it's a simple question. Do you love the guy or not? This is not a suitable conversation. Why can't you just answer the question? This is absurd. You don't know me and I don't know you... and we are not having this conversation at all. You are rude... and uncouth and presumptuous and I am leaving now... Jack. Mr. Dawson. It's been a pleasure. I sought you out to thank you and now I have thanked you. And you've insulted me. Well, you deserved it. - Right. - Right. I thought you were leaving. I am. You are so annoying. Wait. I don't have to leave. This is my part of the ship. You leave. Well, well, well. Now who's being rude? What is this stupid thing you're carrying around? So, what are you, an artist or something? These are rather good. They're very good, actually. Jack, this is exquisite work. They didn't think too much of them in old Paris. Paris? You do get around for a person of limited means. Go on. A poor guy. You can say it. Well, well, well. And these were drawn from life? Well, that's one of the good things about Paris. Lots of girls are willing to take their clothes off. You liked this woman. You used her several times. Well. She had beautiful hands, you see? I think you must have had a love affair with her. No, no, no. Just with her hands. She was a one-legged prostitute. See? She had a good sense of humor though. Oh, and this lady... She used to sit at this bar

every night...wearing every piece of jewelry she owned...just waiting for her long, lost love. We called her Madame Bijoux. See, her clothes are all moth-eaten. Well, you have a gift, Jack. You do. You see people. I see you. And? You wouldn't have jumped. But the purpose of university is to find a suitable husband. Rose has already done that. Look, here comes that vulgar Brown woman. Quickly, get up before she sits with us. Hello, girls. I was hoping I'd catch you at tea. We're awfully sorry, you missed it. The Countess and I were just off to take the air on the boat deck. What a lovely idea. I need to catch up on my gossip. Countess. So, you've not yet lit the last four boilers? No, I don't see the need. We are making excellent time. The press knows the size of Titanic. Now, I want them to marvel at her speed. We must give them something new to print. This maiden voyage of Titanic must...make headlines. Mr. Ismay, I would prefer not to push the engines...until they've been properly run in. Of course I'm just a passenger. I leave it to your good office to decide what's best. But what a glorious end to your final crossing...if we were to get into New York on Tuesday night...and surprise them all. Make the morning papers. Retire with a bang, eh, E. J? Good man. After that, I worked on a squid boat in Monterey...then I went to Los Angeles to the...Santa Monica pier and did portraits for 10 cents each. Why can't I be like you? Just head out for the horizon whenever I feel like it. Say we'll go there sometime, to that pier...only if we just talk about it. No, we'll do it. We'll drink cheap beer. Ride on the roller coasters till we throw up. We'll ride horses on the beach, in the surf. But you have to do it like a real cowboy. No sidesaddle stuff. You mean with one leg on each side? Can you show me? Sure, if you like. Teach me to ride like a man. Chew tobacco like a man. And spit like a man. You didn't learn in finishing school? No. Come on, I'll show you. I'll show you how. Jack! No, Jack, no. Wait. I couldn't possibly, Jack. Watch closely. That's disgusting. Your turn. That was pitiful. You really have to hawk it back. Get some leverage. Use your arms. Arc your neck. You see the range on that thing? Okay, go. That was better. You have to work on it. Really try to hawk it up. Mother. May I introduce Jack Dawson? Charmed, I'm sure. The others were gracious and curious about the man who'd saved my life. But my mother looked at him like an insect. A dangerous insect which must be squashed quickly. Sounds like you're a good man to have around in a sticky spot. Why do they always insist on announcing dinner like a damn cavalry charge? Shall we go dress, Mother? See you at dinner, Jack. Son? Son! Do you have any idea what you're doing? Not really. You're about to go into the snake pit. What are you going to wear? I figured. Come on. I was right. You and my son are just about the same size. Pretty close. You shine up like a new penny. Good evening, sir. Thousands of tons of Hockley steel are in this ship.- Which part?- All the right ones. Then you're accountable if there's a problem. Where's Rose? She'll be along. There is the Countess. I saw that in a nickelodeon and always wanted to do it. Darling...surely you remember Mr. Dawson. It's amazing. You could almost pass for a gentleman. Almost. This is extraordinary. This is a remarkable voyage.- Mad.- Completely lunatic. There's the Countess of Rothes. That's John Jacob Astor...the richest man on board. His little wifey, Madeleine, is my age and in a delicate condition. See how she tries to hide it. Quite the scandal. Benjamin Guggenheim and his mistress, Madame Aubert. Mrs. Guggenheim...is at home with the children, of course. And over here...Sir Cosmo and Lucile, Lady Duff-Gordon. She designs naughty lingerie, among her many talents. Very popular with the royals. Congratulations. She's splendid. Why, thank you. Escort a lady to dinner? Certainly. Sweet pea, sweet pea. Ain't nothing to it. They love money. Pretend like you own a gold mine and you're in the club. Hey, Astor. Hello, Molly. Nice to see you. J.J., Madeleine, I'd like you to meet Jack Dawson. Well, Jack...are you of the Boston Dawsons? No, the Chippewa Falls Dawsons, actually. Oh, yes. He must have been nervous. But he never faltered. They assumed he was one of them. Heir to a rail road fortune, perhaps. New money, obviously, but still a member of the club. Mother. Of course. Could always be counted upon. Tell us of the accommodations in steerage, Mr. Dawson. I hear they're quite good. The best I've seen, ma'am. Hardly any rats. Mr. Dawson is joining us from third class. He was of help to my fiancée last night. It happens. Mr. Dawson is quite a fine artist. He showed me some of his work today. Rose and I differ in our definition of fine art. Not to impugn your work, sir. Are all these mine? Start from the outside and work in. He knows every rivet in her. Your ship is a wonder, Mr. Andrews. Thank you, Rose. How do you take your caviar, sir? No caviar for me, thanks. Never did like it much. Where exactly do you live, Mr. Dawson? Right now, my address is the RMS Titanic. After that, I'm on God's good humor. How do you have means to travel? I work my way from place to place. Tramp steamers and such. I won my ticket on Titanic at a lucky hand at poker. A very lucky hand. All life is a game of luck. A real man makes his own luck. Right, Dawson? And you find that sort of rootless existence appealing? Yes, ma'am, I do. I've got everything I need right here with me. I have air in my lungs and blank sheets of paper. I love waking up, not knowing what will happen or who I'll meet. Where I'll wind up. One night I'm sleeping under a bridge...now I'm on the grandest ship in the world, with you fine people. I'll take more of that. Life's a gift. I don't intend on wasting it. You never know what hand you'll get dealt. You take life as it

t comes at you. Here, Cal. Make each day count. Well said, Jack. Hear, hear. To making it count. Bravo. But Mr. Brown didn't know I'd hidden the money in the stove. He comes home drunk as a pig celebrating and lights a fire. Next is brandy in the smoking room. Join me in a brandy, gentlemen? Now they retreat to congratulate each other on being masters of the universe. Ladies, thank you for your company. May I escort you to the cabin? No, I'll stay here. Here, Molly. Joining us, Dawson? You don't want to stay with the women. No, thanks. I have to head back. That's best. It'll be all business and politics. Wouldn't interest you. But Dawson, good of you to come. Must you go? Time for me to row with the other slaves. Good night, Rose. Want to go to a real party? Is okay I put my hand here? I can't understand you. I'm going to dance with her now. Come on. Come on. Come with me. Jack. Jack, wait. I can't do this. We'll have to get a bit closer. Like this. You're still my best girl, Cora. - I don't know the steps. - Me, either. Just go with it. Don't think. Wait! Jack! Wait! Stop, Jack! What? Wait! Jack, no. Beyond the jurisdiction of the Sherman Act. That's what Rockefeller said... Supreme Court didn't swallow it. What? You think a first-class girl can't drink? Get out of here. Are you all right? I'm fine. Two out of three. So... you think you're tough? Let's see you do this. Hold this for me, Jack. Hold it up. Jesus! You okay? I haven't done that in years. Come on, lads. Give it all you got. Let's go. Coffee, sir? You didn't come to me last night. I was tired. Your exertions below deck were no doubt exhausting. I see you had that undertaker of a manservant follow me. You will never behave like that again. I'm not one of your mill foremen who you can command. I'm your fiancée. My fiancée. My fiancée! Yes, you are! And my wife! My wife in practice, if not yet by law, so you will honor me! You will honor me the way a wife honors her husband. Because I will not be made a fool of. Is this in any way unclear? No. Good. Excuse me. Oh, Miss Rose. We had a little accident. - That's all right. - I'm sorry. Let me help you. It's all right, miss. Tea, Trudy. You're not to see that boy again. You understand? Rose, I forbid it. Stop it, Mother. You'll give yourself a nosebleed. This is not a game. Our situation is precarious. You know the money's gone. Of course I know. You remind me every day. Your father left us nothing but a legacy of bad debts hidden by a good name. That name is the only card we have to play. I don't understand you. It is a fine match with Hockley. It will ensure our survival. How can you put this on me? Why are you being so selfish? I'm being selfish? Do you want to see me working as a seamstress? Is that what you want? To see our fine things sold at auction? Our memories scattered? It's so unfair. Of course it's unfair. We're women. Our choices are never easy. Protect them by Thy guiding hand. From every peril on the land, O, spirit whom the Father sent to spread abroad the firmament, O, wind of heaven, by Thy might save all who dare the eagle's flight. And keep them by Thy watchful care... Hello, Mr. Andrews. I need to talk to someone. You're not supposed to be in here. I was here last night, remember? No. Now please turn around. He'll tell you. I just need to talk... Mr. Hockley and Mrs. DeWitt Bukater... are still appreciative of your assistance. They asked me to give you this in gratitude... I don't want your money. And remind you you are in third class and your presence here... is no longer appropriate. Let me speak to Rose. Gentlemen, please see Mr. Dawson returns to where he belongs... and that he stays there? Yes, sir. Come along, you. Hear us when we cry to Thee. For those in peril on the sea. Why are there two steering wheels? We use this one near shore. Excuse me, sir. Another ice warning, from the Noordam. Thank you, Sparks. Not to worry. Quite normal for this time of year. In fact, we're speeding up. I've ordered the last boilers lit. Okay, son, wind it up tight like I showed you. That's right. Okay, now let it go. - It was good, wasn't it? - Quite nice. That's excellent. Mr. Andrews... Forgive me. I did the sum in my head... and with the number of lifeboat times the capacity you mentioned... Forgive me, but it seems that there are not enough for everyone aboard. About half, actually. Rose, you miss nothing, do you? In fact, I put in these new type davits... which can take an extra row of boats inside this one. But it was thought, by some... the deck would look too cluttered. So, I was overruled. It's a waste of deck space as it is on an unsinkable ship. Sleep soundly, young Rose. I have built you a good ship, strong and true. She's all the lifeboat you need. Just keep heading aft. The next stop will be the engine room. Jack, this is impossible. I can't see you. - I need to talk to you. - No, Jack. No. Jack. I'm engaged. I'm marrying Cal. I love Cal. Rose... you're no picnic. All right? You're a spoiled little brat even. But under that, you're the most amazingly, astounding... wonderful girl... woman, that I've ever known. Jack, I... No, let me try and get this out. You're amazing... I'm not an idiot. I know how the world works. I've got ten bucks in my pocket. I have nothing to offer you and I know that. I understand. But I'm too involved now. You jump, I jump. Remember? I can't turn away without knowing you'll be all right. That's all that I want. Well, I'm fine. I'll be fine. Really. Really? I don't think so. They've got you trapped, Rose. And you're gonna die if you don't break free. Maybe not right away... because you're strong... but sooner or later that fire that I love about you, Rose... that fire is gonna burn out. It's not up to you to save me, Jack. You're right. Only you can do that. I'm going back. Leave me alone. Tell Lucile about the disaster you had with the stationers. Well, of course the invitations had to be sent back, twice.

Yeah, though I walk through the valley of the shadow of death... You wanna walk a little faster through that valley there? Holy Mary, mother of God... pray for us sinners now and at the hour of our death. Amen. Hail Mary, full of grace... This way. Come on! And I saw a new heaven and a new earth... for the first heaven and the first earth had passed away... and there was no more sea. It'll be over soon. It'll all be over soon. And He shall dwell with them. And they shall be His people and God Himself shall be with them... and be their God. Jack... this is where we first met. And God shall wipe away all the tears from their eyes... and there shall be no more death. Neither shall there be sorrow or crying. Neither shall there be any more pain... for the former world has passed away. Bloody pull faster! And pull! Hang on, miss Trudy! Hold on real tight. God Almighty. Keep those breakers in! Keep them in! We have to

o move! Give me your hand. I'll pull you over. I can't. Come on! Give me your hand. I've got you. I won't let go. Come on, I've got you. - What's happening, Jack? - I don't know. I don't know. Hold on. This is it! Oh, my God, Jack! Oh, God. Oh, God. Hold on! The ship is gonna suck us down. Take a deep breath when I say. Kick for the surface and keep kicking. Do not let go of my hand. Hold on just a little bit longer. They had to row away for the suction... but now they'll be coming back. For God's sake! Please... help us! You don't understand. If we go back, they'll swamp the boat. They'll pull us right down, I'm telling you. Oh, knock it off. You're scaring me. Come on, girls, grab an oar. Let's go. Are you out of your mind? We're in the middle of the North Atlantic. Now, do you people want to live or do you want to die?! I don't understand a one of you. What's the matter with you? It's your men out there! There's plenty of room for more. And there'll be one lesson this boat... if you don't shut that hole in your face! Now, bring in your oars over there. And tie these boats together as well. Now, make sure that's tied up nice and tight. Right, listen to me, men. We have to go back. I want to transfer all the women from this boat into that boat right now... as quick as you can, please. Let's create some space over there. Move forward and aft. It's getting quiet. It's just going to take a couple of minutes... to get the boats organized. I don't know about you but... I intend to write a strongly worded letter... to the White Star Line about all this. I love you, Jack. Don't you do that. Don't you say your good-byes. Not yet. Do you understand me? I'm so cold. Listen, Rose... you're gonna get out of here. You're gonna go on... and you're gonna make lots of babies. And you're gonna watch them grow. You're gonna die an old... an old lady. Warm in her bed. Not here. Not this night. Not like this. Do you understand me? I can't feel my body. Winning that ticket, Rose... was the best thing that ever happened to me. It brought me to you. And I'm thankful for that, Rose. I'm thankful. You must... you must do me this honor. You must promise me that you'll survive. That you won't give up... no matter what happens. No matter how hopeless. Promise me now, Rose. And never let go of that promise. I promise. Never let go. I'll never let go, Jack. I'll never let go. Right ahead, sir. Oars! Do you see any moving? No, sir. None moving, sir. Check them. Bring that oar up here. Check them. Make sure. These are dead, sir. Now, give way. Ahead easy. Careful with your oars. Don't hit them. Is there anyone alive out there? Can anyone hear me? Is there anyone alive out there? We waited too long. Well, keep checking them! Keep looking! Is there anyone alive out there? Can anyone hear me? Come, Josephine... in my flying machine. And it's up she goes. Up she goes. Come, Josephine... in my flying... Jack. There's a boat. Jack. There's a boat, Jack. Come back. Come back. Come back! Hello! Can anyone hear me? There's nothing here, sir. Come back. I'll never let go. I promise. Come about! Fifteen hundred people went into the sea... when Titanic sank from under us. There were twenty boats floating nearby... and only one came back. One. Six were saved from the water... myself included. Six... out of fifteen hundred. Afterward... the seven hundred people in the boats... had nothing to do but wait. Wait to die. Wait to live. Wait for an absolution... that would never come. Sir, I don't think you'll find any of your people down here. It's all steerage. His hair is reddish brown, reddish brown, reddish brown. White beard. Isn't there another passenger list? There is no other list. Perhaps he's on another ship. We're doing all we can, ma'am. I'm so sorry. That's the last time I ever saw him. He married. Of course. And inherited his millions. But the Crash of '29 hit his interests hard... and he put a pistol in his mouth that year. Or so I read. Can I take your name please, love? Dawson. Rose Dawson. Thank you. We never found anything on Jack. There's no record of him at all. No, there wouldn't be, would there? And I've never spoken of him until now. Not to anyone. Not even your grandfather. A woman's heart is a deep ocean of secrets. But now you know there was a man named Jack Dawson... and that he saved me... in every way that a person can be saved. I don't even have a picture of him. He exists now only in my memory. Keldysh, Mir 2 on our way to the surface. I was saving this for when I found the diamond. I'm sorry. Three years... I've thought of nothing except Titanic. But I ne-

        Warriors of the Rainbow: Seediq Bale I (2011) - full transcript
      </h1>
      <p class="plot">

```

During the Japanese rule of Taiwan, the Seediq were forced to lose their own culture and give up their faith. Men were subject to harsh labor and kept from traditional hunting; whereas women had to serve the Japanese policemen and their families by doing the household work and giving up their traditional weaving work. Above all, they were forbidden to tattoo their faces. And these tattoos were seen as the Seediq's traditional belief to transform themselves into Seediq Bale ("true humans"). Mona Rudao, the protagonist, witnessed the repression by the Japanese over a period of 30 years. Sometime between autumn and winter 1930, when the slave labor is at its harshest, a young Seediq couple are married and a joyful party is thrown. At the same time, a newly appointed Japanese policeman goes on his inspection tour to this tribe. Mona Rudao's first son, Tado Mona, offers wine to the policeman with gusto, but is in return beaten up because his hands were considered not clean enough. With anger, Tado Mona and his brother Baso Mona attack the policeman. And from that day onward, their tribe is living in the shadow of being the object of revenge by the Japanese. In a few days, a group of youth surround Mona Rudao. They strongly request him to lead the retaliation against the Japanese. Mona Rudao struggles for a long time between extending his fellow's lives and fighting back for dignity, until he sees these youngsters' faces - clear without Seediq's tattoos - that he made up his mind. He tells the youngsters, "Japanese troops outnumber the stones in Dakusui River, more intensive than the leaves in the forest, but my determination fighting them is ever stronger than Mt. Kire." "Children! On the tip of the Rainbow Bridge led to home of

our ancestor's spirits, there is another beautiful hunting range. Our ancestors are all there! Remember, only brave spirits can enter this place, and we can never lose it. My fellows, let us hunt the heads of our enemies, and we wash our spirits with blood so that we walk the Rainbow Bridge to be always with our ancestors." The film Seediq Bale depicts the Wushe Incident, which occurred in central Taiwan during the Japanese rule. When the Seediq Bale, believing in the Rainbow, and the Japanese, believing in the Sun, met one another, they fought. The leader of Seediq Bale, Mona Rudao, led 300 warriors fighting against 3000 Japanese troopers. The only thing they forgot was whether it was the Rainbow or the Sun they believed in; they actually believed in the same sky.

What happened?
```

Make a phone call!

Hurry!

How did it come to this?

Hurry up and call!

What happened?

What the hell?

- What. . .

- The Wushe savages have revolted

The Wushe savages have revolted

Hurry up and call!

Phone!

Yes?

What?

The Wushe savages are massacring the Japanese?

Get everybody here right now

- Massacre. . .

- Gather all the policemen right away!

- The Wushe savages are hunting heads!

- All the policemen gather up!

All the Japanese in the mountains have been killed

And all the police stations have been burned down

Only one of the Japanese survived

Go back home! Come on! Hurry up!

The Wushe savages are coming down

to kill more people

They're coming to kill us

Come on, everyone, hide!

- Don't get caught

- You bastard!

What are you talking about?

The Japanese knew already

The savages are likely

to charge all the way into Puli

We're afraid even the plainsmen

might seize the opportunity to join in the revolt

This is an emergency

All county governments please send in

their armies and police forces

to lay siege to Wushe from Hualien and Tunghih

And I want to know if the Governor-general

can dispatch the troops

from Taipei and Tainan right away

The Japanese this way, to the sugar refinery

Come on! The family members of the Japanese

to the sugar refinery

Come on! Hurry up! Put all the stuff away

This way! Hurry up!

The family members of the soldiers

to the feedstock department

The family members of the police

to the mechanical department

The family members of the officeholders

to sugar extraction department! Come on!

You too. Come on!

- Come on!

- Savages will always be savages

You're nothing but beasts

I never know what you savages are thinking

It's time for me to teach you a lesson

Speak Japanese!

No one understands your savage language

Your tribesmen have revolted

No more peaceful life for you

It's chilly!

Come on, Pihu!

Get a larger chunk of wood

Good morning

Chief!

It's chilly out here

Why aren't you inside the house by the fire

instead of weaving this bag?

It's the first snow of this winter

How could I miss it?

The snow has come early this year

Takun,

what are you doing?

Takun!

Temu,

your son will perform well

on sports day again, won't he?

Takun, what's going on?

You've got blood all over your body

Takun!

What's wrong with you?

Chief,

today Mouna Rudo from Mehebu Clan

led the Seediqs from Tgdaya

to offer a blood sacrifice to our ancestors

They've occupied the whole Wushe region

We Seediqs from Toda should join them as well

Let's kill this Japanese man!

No way!

Kojima is our friend

He's a good Japanese, not a bad one

Go away!

Temu!

You're the chief of all the Seediqs from Toda

Why don't you drive the Japanese away

and lead your own people?

Why should you expect the good Japanese to rule us?

He's right!

We don't have any Japanese friends

Don't come any closer!

Kojima,

we'll let you answer the phone

But. . .

do you have the guts to do it?

Have I been bad to you?

Kojima. . .

Is this how you repay me?

I can't fight back if you want me dead

But the Japanese government

will do anything to punish you

We might as well die together

Kojima!

We have airplanes, but do you?

We have machineguns and cannons, but do you?

Think about how Mouna Rudo used to insult you

Last time when we're out hunting

they threatened to kill you all

Don't you remember?

Are you willing to die with them

in the battlefield?

Temu Walis,

you won't have the chance to grow up

Hello?

Take it easy! There's more!

Hurry up!

Come on!

Chief Mouna?

Thank you

Thank you. Thank you all

Thank you

- Thank you

- Come on!

Thank you. Thank you all

Thank you

Tado!

Sapu, where's my father?

What's going on? Why did they want us back?

Father,

why did you give up Hakaw Supeitei?

So you're back!

Come on, let's go back to our clan

Back to our clan?

You're giving up here as well?

Tado,

you can't think like the Japanese

when fighting them

You have to think like the wind

The wind?

The wind is invisible

Baso,

give up everything, everyone

and come back to the clan with me

Japanese airplanes!

- Over there!

- Fire!

Shoot it! Come on!

Are you so scared?

Are you really so scared?

I went head hunting for the first time

when I was 15

I was so nervous

that my arms and legs were trembling

But my eyes were sharp as arrows

As soon as I cut the enemy's head off

I forgot what it was like to be scared

because I knew

I'd go back to my clan to feast and celebrate,

being treated as a hero

because I knew that

all my people male and female, young and old

would respect me for my bravery

However,

it's different this time

We successfully offered a blood sacrifice

to our ancestors today

and are now qualified

to stride over the rainbow bridge

but what awaits us

now is not a festive feast

but to choose how we die

Run the electricity!

Before we initiated the revolt

you knew it'd turn out like this, didn't you?

My children. . .

...don't be scared

You've been very brave today

Our ancestors' spirits have seen it all

But the battle to come is the real one

It's a battle that will terrify the invaders

Someone's here!

Sisin babblers in the forests

are driving off the scavenging crows

The rainbow will be more beautiful

in the sunlight after the rain

It's a bunch of Hans from Wushe

Lock them all up!

My children. . .

...don't be afraid

Our ancestors' spirits know we're good warriors

guarding our hunting grounds

The blood stains on your hands can prove it

Every one of you is a Seediq Bale

Remember,

you have to be proud

Let's cross the rainbow bridge together

Nobody's guarding here

Not a single soul on this path

How could it be?

Advance!

Wait!

Stop! Halt!

Don't rush uphill

I know these savages all too well

What a chilly night!

It's warm here

Savages!

Hold the fire!

(I'm trekking over the high mountains)

(The creek water is so thick and muddy)

(I can't help but shed my tears)

(I'm walking along a wide road)

He's asleep

Ichiro?

Today is our wedding anniversary

You remember, don't you?

(We're walking on with perseverance

and determination)

(We can't fall asleep anymore)

(Let's go back to the heavenly home

of our ancestors)

Kojima!

Long time no see

Captain!

Let me introduce you, Captain

This is the chief of Tnbarah Clan, Temu Walis

Got a good head on his shoulders

Kojima?

I heard all your family were killed in the venue?

We will seek revenge

Attack!

Officer, nothing here

Officer Goto!

What the hell are these savages up to?

The Japanese are coming!

- Look behind you

- Yeah

This clan is over here

This clan is over there

Behind them is a creek

Where do the Hans live?

The Hans. . .

We're under attack! Duck!

Hide!

Awata! Awata!

Contact the Oizumi Squad

and find out where they are now

This is Wushe Substation

This is Oizumi Squad

We're now by Suku Creek

We're ambushed by the savages. We need back up

We're stuck in the creek water

Oizumi Squad. . .

Captain?

Assemble a banzai squad for a suicide charge

Where is Yamada Police Squad?

Charge!

Pihu, let's go!

Watch out! Dodge!

Duck! Seek cover!

The women and children

from Boarung Clan are all here

Come on, let's go!

Have you packed up enough clothes, Mahung?

Yes, I have

Pawan,

you kids know how to get there

Take the Boarung women and children along

with those of us that are ready

Baso, I'm no longer a child

Don't let the dogs follow us

We don't have enough food

Mahung,

are you ready? Is it heavy?

Mahung,

you go ahead with Pawan and others

I'll wait for Sapu

Why is everyone in here?

Mother, don't touch that!

You're out of your minds!

The men in this house have all gone mad

Go ahead to Paran Clan, Obing

No!

Jiro, let me stay with you

Jiro!

- Let go of me!

- All pregnant women go to Paran Clan

Auntie, I'm the wife of a policeman

but I'm the daughter of the Gungu Chief as well

Auntie,

let go of me!

- let go. . .

- Give birth to your child in Paran Clan

Jiro! I want to stay with you!

I don't want to go there, Auntie!

Give birth to your child in Paran Clan

They're all pregnant

The Japanese won't harm them

Pawan!

What is it?

The cavern is right up ahead

You can carry these over by yourselves

We have to go now

But where to?

- No, Mother!

- Grandmother!

- Mother!

- Grandmother!

- No, Mother!

- Grandmother!

What are you doing?

Mother, don't!

- Grandmother!

- What are you doing?

Chief Mouna and others will be here soon

- Grandmother!

- Mother!

You'll have to fight the Japanese for a long time

There's not enough food for all of us

What are you talking about?

Chief Mouna told us we're going to fight

our decisive battle soon

Grandmother!

Pawan!

I'm so glad that you're a warrior now

guarding our hunting grounds

We'll be waiting for you

at the other end of the rainbow bridge

You'll be meeting us

after you finish your glorious battles

Stop following us!

- Fight for your hunting grounds

- Mother!

Grandmother,

don't you want me anymore?

Mother!

Pawan, please tell my husband Watan

that I'll have the wine ready for him

at the other end of the rainbow bridge

Watan is building up huts in the cavern

You can go tell him yourself

Lubi! Lubi!

- Stop following us!

- Mother!

- Don't follow us!

- Mother, don't!

- Please. . .

- Mother!

- Don't cry

- Grandmother!

Listen to me. . .

you're a grownup man now

Go on!

- Grandmother!

- To the battlefield!

- Fight for your hunting grounds!

- Grandmother!

To the battlefield!

Grandmother!

- Mother!

- Grandmother!

Mother!

- Don't go, Mother!

- Grandmother!

Mother...

(With tears in my eyes)

(I'm walking along a wide road)

(I beseech you)

(Tell me if your hearts are at peace)

(Oh, poor innocent children)

(What's the matter with you?)

(We're really exhausted)

Hanako?

You look just as pretty

as you were on our wedding day

Good boy! Close your eyes!

My child, let's go together

Jiro?

Are we the subjects of Japan's Mikado?

Or the descendants of the Seediq ancestors?

Do it

Cut it up and end your conflicts right here and now

We don't have to go anywhere once we're dead

Let's both be free wandering spirits

Thank you

This way please, General

This is Officer Kabasoa, sir

He's a local policeman

and he knows the Wushe savages very well

Then why are you still alive?

He was not there when the incident happened

General,

according to our investigation

there are six clans involved in the revolt

over 300 warriors in all

Warriors?

You call them "warriors"

Each of these clans took actions separately at dawn

and annihilated the local police stations

Then they got together to besiege Wushe

That's why we don't think it incidental

They had been planning it

carefully from the beginning

Planning it carefully?

Mr. Kabasoa?

Don't you think

you're overestimating these savages?

General, all our reinforcements

were under fatal attacks yesterday

. . .including here

This is nothing but animal-like savagery

Once the rain stops, we'll besiege them immediately

Yes, sir!

(Headquarters of Kamada Detachment)

Chief,

are we going for the decisive battle tomorrow?

Ah, it hurts!

Chief, the wounds are still fresh

Pawan,

you're not a child anymore

Chief,

can we fight the decisive battle now?

What's happening?

Give me the gun!

Hurry up!

Let's go!

Hurry up!

Be careful!

Go over there!

Be careful!

Stop!

The savages!

Stop running!

Over there!

What the hell?

Fire!

Retreat!

All retreat!

Hurry up and run!

Seek covers! Down there!

Signalman, call for reinforcements

Retreat downhill!

Hide!

Out of the way!

Watch out!

Quite slippery here

Are you alright?

Halt, everyone!

Jump!

Machine gun!

- Step back!

- Take aim!

You're aiming too high! Hold on to your guns!

Come on, fire it, Sapu! What are you waiting for?

I can't fire it

Move over! I'll do it!

Come on! Hurry up!

What the hell? Fell asleep or something?

Over there! Come on!

He's gone!

If I aim at the rock deliberately

will the bullet bounce off

and hit the officer over there?

Why don't you give it a try?

No, it won't

Have you two got too many bullets?

No,

but that is a military officer with a katana sword

Chief,

Tado robbed a couple of machineguns

Chief Mouna asked us to bring you one. . .

and...

here's the ammunition and. . .

and this bag of sweet potatoes

Kids nowadays are so weak

Look how they pant with so little running

Do you know how to use it?

I don't think this machinegun works

Why did you give me one that doesn't work?

That damned Mouna!

Chief Dahdo. . .

My Paran relatives told me. . .

that your entire family committed suicide

Chief Dahdo,

a bigger and more powerful army is coming our way

They have lots of cannons

Pawan,

when I was young

I was no less strong or brave

than your Mehebu Chief Mouna Rudo

you understand?

Awi,

lead the group and retreat to Rkudaya

Chief!

Chief! Chief!

Retreat! To Rkudaya!

Give it to me! Let's go!

Retreat to Rkudaya! Our chief's dead!

Come on!

Pihu, come on!

Retreat to Rkudaya!

Come on! To Rkudaya!

Come on! Let's go!

Fire!

Chase them!

Come on!

Run in separate ways! Let's meet up in Rkudaya!

Hurry up! Come on!

Awi, come on!

Here comes the airplane again!

Why is Pihu still there?

Come on!

Hurry up, Pihu!

The bridge is collapsing!

Come on, the bridge is collapsing!

Medic! Medic!

Hurry up!

No matter which route we took

we were ambushed by them

These savages are too good at this

We should ask for more reinforcements,

otherwise. . .

With thousands of soldiers

and all kinds of powerful weapons

and you ended up being toyed with by 300 savages?

Our airplanes have been patrolling

and bombing all this time

without killing any savage

And you call yourselves military officers?

Those savages played hit and run

They're like ghosts

They ran easily over the ragged mountain paths

that we barely walked properly on

We never knew where they came from

or where they disappeared to

They were so unpredictable

For example, a kid named Pawan Nawi...

We saw him here the day before yesterday

but we found him here yesterday

Then he was here today

These are three different places

far away from one another

No one knows how he managed to do so

I don't know.

Pawan, have you fought any battle?

- Pawan!

- Chief Mouna!

Chief Dahdo Nokan from Gungu Clan

was killed in a battle

Has anyone seen Mouna Rudo yet?

Answer me!

No, sir

That old bastard!

He had the guts to revolt

but he dares not confront me personally

What kind of warrior is he?

What kind of chief is he?

Be quiet!

They've got lines and lines of defense

and endless reinforcement

I can't believe those savages

would have battle plans so well-knit

Ask the high command to provide us with gas bombs

Gas bombs?

I wanted you to be civilized

but you forced me to be savage

You're Mouna Rudo

but I'm Kamada Yahiko

From now on...

you're part of the Japanese

military and police forces

You'll have to follow our wartime decrees

Those of you who fight bravely

will be rewarded accordingly

But those of you

who fail to take orders from

the Japanese police or run away

will be punished harshly by law

Do you understand?

Now I'm announcing the bounties of head-hunting

We'll give every one of you a gun

Come and sign for it after this

A chief...

1 50 to 200 dollars

An able-bodied man, 1 00

A woman, 30

A child, 20

And a special bounty for the head of. . .

...Mouna Rudo!

Gas bombs?

But sir,

gas bombs are still being experimented on

We don't know the effects yet

Yes, sir

But currently it's not ready for use

Yes, sir

Come on!

Watan, you go that way!

Sapu!

I'm alright. They hit my sweet potatoes

Don't stop! Run!

Shoot! Shoot him!

Come on!

Out of the way!

Over there!

- A Seediq from Tgdaya!

- Where?

He's over there!

Kill him!

Burn it down!

Temu!

Come on! Run!

Chief Mouna!

It's me, Pawan

Chief Mouna!

It's me, Pawan Nawi

Chief Mouna,

we heard what Baso told you

We know that a large number of Japanese soldiers

have gathered in Suku Clan

Time for the decisive battle, isn't it?

Chief Mouna,

we have no family now

Why don't you let us fight?

Like everyone else,

none of us can sleep or eat

and we don't want to be killed by gas bombs

Chief Mouna,

look at the tattoos on our faces

We're not children anymore

Please let us fight the Japanese

like everybody else

Then I can have a good, long rest

We're so tired

We're really exhausted

My children,

do you remember where our ancestors came from?

Mt. White Stone. . .

- I know. Once upon a time. . .

- Let me tell the story!

Quiet!

Can't you wait?

A good hunter should learn how to lie in wait!

Pawan, you tell the story

Once upon a time on Mt. White Stone

there was a big tree called Pusu Qhuni

The tree trunk. . .

was half wood, half stone

One day, a boy and a girl were born

from the tree trunk

Then the couple gave birth to lots of children

and here we are, the Seediq Bale

Let me help you, Awi

It's ready, my brother

I'm ready

Let go, my brother

Pihu Walis...

- Don't go!

- Let go!

I'm in great pain

Don't go

I'm not fighting anymore!

No more!

You son of a bitch!

What do you mean by not fighting?

Kojima!

- What do you mean by that?

- Kojima!

Pick it up!

Pick up your gun!

- Out of my way!

- Temu!

Temu!

We fight to offer blood sacrifice to our ancestors

not to revenge the death of your family

Temu,

I know what you saw

but Mouna Rudo has spread the word

asking for your head

This is not the time to make trouble

Father,

you told me only the bravest warriors

are qualified to guard

the most beautiful hunting ground

So that's why Mouna Rudo's people

and we have to fight one another constantly

to prove to our ancestors

that we're the bravest warriors?

So in the eternal hunting ground

at the other end of the rainbow

we'll become allies forever

and there would be no more hatred?

Yeah, I guess so

I want to fight them

if possible to prove my bravery

Sleep, my boy

Is that our man?

Get him! He's a savage! Come on!

Stop!

What's wrong?

A savage ran over the suspension bridge

into the woods

- From there?

- Yes, from there

Gather up!

Gather up, First Team!

Gather up!

First Team!

Stop!

Good

Come closer...

Good

Stop, you little bastard

Aoki!

- Okubo!

- Aoki!

- Where are you?

- Aoki!

- Okubo!

- Aoki!

Aoki! Okubo!

Let's split up and search!

Aoki!

Okubo! Aoki!

Stop!

Everybody, stop!

These Seediqs from Tgdaya

are driven crazy by hunger

Okubo!

Where are you?

Aoki!

Where are you?

Okubo!

Someone's there!

- Where?

- In that tree!

Get down!

- Get down!

- Hide!

Machineguns?

Get the mortars!

Signalman! Signalman!

Here come the savages!

It's you then

Chief, Baso is hit!

Baso! Baso!

Baso!

We're in the Mehebu Forest

Baso! Baso!

Baso, are you alright?

Baso, be still!

Retreat!

Come on, retreat!

Get out!

Get out! Hurry!

Inside the hut! Come on!

Get in! Come on!

Out of here!

Don't come in! Get out!

Come on! Run!

Yes, sir

Is it Mehebu Clan?

Yes, sir

Aim all cannons at the Mehebu Forest

End this battle before the sun's out

Tado!

Kill me!

Come on!

It hurts so badly!

Out of the way!

Cut my head off! You hear me?

Get off him!

It's beautiful

So beautiful

Stop firing please

They ran away

Fight till you drop! Seediq Bale!

Fire the cannons! Fire!

We're under attack!

You damned Japanese! Get out of our territory!

You bastards! Get out!

That's one favor I did you Mehebus today

helping you drive out the intruders

Out of my way! Let me kill them!

Temu, give me the bullets!

Come on! Look out!

Climb up there!

Sine! Sine!

Sine!

Sine! Sine!

Stop!

Come back here!

You take care of him!

Load the guns! Come on!

Pawan?

You Japanese are finished!

- Quick!

- Catch him!

Off with his head!

Stop!

Don't let him slip away!

Mouna Rudo!

Stop running!

Kill until our blood runs out!

Cut off their heads like true warriors!

The heavenly home of our ancestors, here we come!

I'm a chief, not your little brother

Iyung! Iyung!

Don't touch it, Iyung

Iyung!

What are you doing? Move!

Look out! It's falling down!

Pawan! Get out of there!

Pawan, get out now!

Pawan!

Iyung! Iyung!

Are you alright?

Pawan, I've got a good gun

What's wrong?

- Batu!

- Dakis!

Move!

Ubus!

Come on! The Japanese are out!

Watch out over there!

There's one behind him!

Don't go there!

Stop!

Bomb!

So you're Mouna Rudo

Now I see you clearly

Tado,

how do we dodge those cannons?

Chief,

let this ghost lead the way

Fire!

Look!

Cherry blossoms everywhere!

(Those who come forward voluntarily will be spared)

(Come to the shelters to surrender)

(I'm crossing the rainbow bridge)

(I am Mouna Rudo)

(Look at the road I've trodden)

(No one's ever gonna stop us)

(The determined warriors)

(We're home with our enemy's heads)

(We're true warriors, like budding pine leaves)

You must be starved

and you must be exhausted

It's time to decide your future

If you want to take your own life, do it

If you want to turn yourself in, go ahead

If you want to keep fighting. . .

Tado. . .

My dear son...

The hero of Mehebu Clan

Lead them to fight until

you use up all your bullets

Father!

Chief...

Warriors,

forgive me

Forgive me

I don't want the Japanese to insult me

in front of my people

Forgive me

I'll be waiting for you on the mountain peak

Let's cross the rainbow bridge together

to the eternal hunting ground

Father?

Go. . .

Seediq Bale!

Chief Mouna?

Bakan,

bring over everyone from the chief's family

Iwan,

go back and tell our people in the cavern

that those who don't want to surrender

may as well kill themselves

I want to fight!

Me too!

It's over!

Mouna!

Mouna, where's your ancestral spirit?

Where is it?

There could be greater suffering if you survived

Wipe your face clean

Thank you, women and children

for sacrificing yourselves

to complete the men's souls

(Shelter for Savages Protect)

She's awake!

That savage woman is awake!

Officer Kabasoa!

- What's going on?

- That savage woman is awake

- Is it Mahung?

- Yes, sir

Excuse me!

Let me through!

Mahung! Mahung!

Mahung...

I'm Kabasawa.

I've been to your house

Do you remember me, Mahung?

Why did you save me?

My husband and children are waiting for me

Mahong...

1 00 dollars

Son of a bitch! What are you doing?

Don't put it on the desk!

What are you looking at? Next!

It's only a child. You can't get 1 00 for it

Get it off!

It's Temu Mouna from Truwan Clan

What child? Don't you see the tattoos on his face?

Put it over there! What a nuisance!

It's Tanah Robe, the Boarung chief

One of you from Gungu Clan killed our chief

This one is Pawan Nawi from Mehebu Clan

Ukan! Tado!

Where are you?

(Where is that father going?)

(The father carrying a child on his back)

(is setting out to shoot the two suns in the sky)

(They go on and on for a long way)

(The child grows up)

(The father dies at an old age)

(The child takes his father's bow and arrows)

(The child follows his father's footsteps)

(toward the rising suns)

(He gets there at last)

(The child gets there at last)

(The child shoots a sun down with an arrow)

(The sun loses its rays)

(The dead sun becomes the moon)

(He's a sun-shooting hero)

(The sun-shooting hero is returning home)

(The sun-shooting hero has come a long, long way)

(The sun-shooting hero is home at last)

(But the hero is already gray-headed)

(I am drunk today)

(I saw him on the way)

(The boy from the freezing winter)

(A fair-skinned boy like a budding pine leaf)

(Let's dance together)

(Let's enjoy ourselves)

(I'm drunk today)

(Young girls, let's dance together)

Surrender?

Why should we surrender?

We've had our enemy's sake wine

Doesn't that mean conciliation?

Why do we have to surrender?

- Tado...

- Say no more!

Come on, drink with me

Mahung, my little sister...

it's much easier for me to die

than for you to go on living

But you must endure

and have lots of children

Teach them everything about the pride of our father

Let your children have even more children

and more and more. . .

Mahung,

have lots of children

Raise them up to be proud Seediqs

and to live on with pride

Do you understand?

Father, Baso and I...

along with all our fallen people

will be watching over you from the rainbow bridge

Look!

The sun is so beautiful

Oh, my wife!

(Is the wine ready now?)

(Here I come, my wife and children)

(On my way to the heavenly home of our ancestors)

(Wait a little longer for me please)

(I'll be seeing you soon)

(We're already on our way)

(Oh my wife and children, wait a little longer)

(Wait for us on the way

to the heavenly home of our ancestors)

(Oh my wife and children, wait a little longer)

(We're almost there)

(We're about to cross the road)

(We'll be seeing you in no time)

(Wait for us on the way

to the heavenly home of our ancestors)

(Oh my wife and children, wait a little longer)

(We're almost there)

(We're about to cross the road)

(We'll be seeing you in no time)

(Pihu Sapu was beaten up to death)

(in the detention house after he got caught)

(Tado Mouna and the last surviving warriors

all committed suicide)

(Mouna Rudo disappeared without a trace)

300 warriors against thousands of soldiers

Those survived the battle

killed themselves eventually

Why did I see in such a remote mountain area

in Taiwan

the bushido of samurais

that died over a century ago in Japan?

Is it because the cherry blossoms here

are far too red?

No,

these flowers have bloomed early this year

It isn't the season of cherry blossoms yet

(After the incident...)

(Kojima Genji instigated the Seediqs from Toda)

(to revenge the death of their chief Temu Walis)

(by killing all the remaining

defenseless tribesmen)

(staying in the shelter during the night)

Out of the way!

Hurry up!

(The few surviving tribesmen were forced)

(to relocate to a compound along Peikang River)

Out of the way!

(where the Japanese could monitor them easily)

(They burned down all their remaining houses)

(before they left)

(Four years later...)

(Mouna Rudo's remains were found)

(inside a cavern, somewhere deep in the mountains)

(Half of his body rotted to skeleton)

(while the other half was weathered to a mummy)

(In the following year. . .)

(the Japanese publicly displayed

his remains and weapons)

(in a wooden crate at the exhibition

celebrating the completion)

(of Nenggao City Hall construction project)

(After that, his remains disappeared once again)

(at the heavenly home of our ancestors)

(Yes, it's for real)

(Reminisce the people from the past)

(After the second disappearance)

(Mouna Rudo's remains

were recovered 39 years later)

(in the specimen room of the College of Medicine)

(in National Taiwan University)

(Escorted by his offspring)

(after 43 years, he finally returned

to his hometown Wushe)

(to be buried properly)

(We go hunting in the mountains)

(We share food in our clan)

(We fetch water from the creeks)

(I'm willing to give my life for these)

(Oh, creek! Be quiet!)

(Sisin babblers are singing)

(Sing us a beautiful song please)

(Sing for our people)

(a song of our ancestral spirit)

(I'm willing to give my life too)

(When the lightening rifts the rock)

(a rainbow appears)

(and a proud man emerges)

(A proud man emerges)

(Who is this man so proud?)

(It's your offspring)

(A Seediq Bale)

Once upon a time on Mt. White Stone

there was a big tree called Pusu Qhuni

The tree trunk. . .

was half wood, half stone

One day, a boy and a girl were born

from the tree trunk

Then the couple gave birth to lots of children

and here we are, the Seediq Bale

(Behold! The beautiful rainbow over the hilltop)

(My wife and children, have you brewed the wine?)

(Drink it! The wine we offer to

our ancestors' spirits)

(Behold! What beautiful rainbow!)

(My ancestors are calling me)

(My wife and children!

Are you on your way to meet our ancestors spirits?)

(We should get going too)

(Stand still,

our people who keep the bloodline going)

(We will be proud like a true Seediq)

(Our bodiless spirits will be watching over you

from the rainbow bridge)

(Tell every child to live on forever)

(To live on like a true Seediq)

(Our bodiless spirits

will keep you company in the woods)

<h1>Warriors of the Rainbow: Seediq Bale I (2011) - full transcript</h1>
<p class="plot">During the Japanese rule of Taiwan, the Seediq were forced to lose their
own culture and give up their faith. Men were subject to harsh labor and kept from tradi
tional hunting; whereas women had to serve the Japanese policemen and their families by
doing the household work and giving up their traditional weaving work. Above all, they w
ere forbidden to tattoo their faces. And these tattoos were seen as the Seediq's traditi
onal belief to transform themselves into Seediq Bale ("true humans"). Mona Rudao, the pr
otagonist, witnessed the repression by the Japanese over a period of 30 years. Sometime
between autumn and winter 1930, when the slave labor is at its harshest, a young Seediq
couple are married and a joyful party is thrown. At the same time, a newly appointed Jap
anese policeman goes on his inspection tour to this tribe. Mona Rudao's first son, Tado
Mona, offers wine to the policeman with gusto, but is in return beaten up because his ha
nds were considered not clean enough. With anger, Tado Mona and his brother Baso Mona at
tack the policeman. And from that day onward, their tribe is living in the shadow of bei
ng the object of revenge by the Japanese. In a few days, a group of youth surround Mona
Rudao. They strongly request him to lead the retaliation against the Japanese. Mona Ruda
o struggles for a long time between extending his fellow's lives and fighting back for d
ignity, until he sees these youngster's faces - clear without Seediq's tattoos - that he
made up his mind. He tells the youngsters, "Japanese troops out-number the stones in Dak
usui River, more intensive than the leaves in the forest, but my determination fighting
them is ever stronger than Mt. Kire." "Children! On the tip of the Rainbow Bridge led to
home of our ancestor's spirits, there is another beautiful hunting range. Our ancestors
are all there! Remember, only brave spirits can enter this place, and we can never lose
it. My fellows, let us hunt the heads of our enemies, and we wash our spirits with blood
so that we walk the Rainbow Bridge to be always with our ancestors." The film Seediq Bal
e depicts the Wushe Incident, which occurred in central Taiwan during the Japanese rule.

```

When the Seediq Bale, believing in the Rainbow, and the Japanese, believing in the Sun, met one another, they fought. The leader of Seediq Bale, Mona Rudao, led 300 warriors fighting against 3000 Japanese troopers. The only thing they forgot was whether it was the Rainbow or the Sun they believed in; they actually believed in the same sky.

(This film is based on the true event of "Wushe Incident")

(Touch your bloodstained hands)

(Can they still hold the sand from our hunting grounds?)

You've soiled me with blood

Be still!

Get out!

Who the hell let you in?

Don't you know this is the Mehebu hunting ground?

I don't care if it's your hunting ground or theirs

because everything here belongs to us Japanese now

I hate the Japanese

no less than you do

But do you realize that

we're going to die after all this

and all our people will be wiped out?

Mouna,

you must keep the intruders away from our clan

Inform the chiefs of all the 12 clans

Tomorrow morning...

we're going to gather in Wushe

and offer a blood sacrifice to our ancestors

My children! What are you doing?

What on earth are you doing, my children?

Tanah,

why are you doing this?

It was Mouna Rudo's idea

(How much regret do you swallow to fulfill your dreams?)

(Oh, children! What's wrong with you?)

(Oh, my children! What exactly is wrong with you?)

(Your dreams are vast like a blue ocean)

(We, the Hanaoka brothers are forced to leave this world)

(The savages are massacring the Japanese)

(bringing forth a situation out of control)

(Now we are driven to bay by the savages)

(and have no other choices)

(It is 9 o'clock on the morning of October 27th, 1930)

(The savages have already occupied most of this region)

(The commissioner and all his subordinates)

(have been killed in the school)

< Warriors of The Rainbow II : Rainbow Bridge >

Make a phone call!

The Wushe savages are massacring the Japanese

Make a phone call!

Hurry!

How did it come to this?

Hurry up and call!

What happened?

What the hell?

- What. . .

- The Wushe savages have revolted

The Wushe savages have revolted

Hurry up and call!

Phone!

Yes?

What?

The Wushe savages are massacring the Japanese?

Get everybody here right now

- Massacre. . .

- Gather all the policemen right away!

- The Wushe savages are hunting heads!

- All the policemen gather up!

All the Japanese in the mountains have been killed

And all the police stations have been burned down

Only one of the Japanese survived

Go back home! Come on! Hurry up!

The Wushe savages are coming down to kill more people

They're coming to kill us

Come on, everyone, hide!

- Do

n't get caught
- You bastard!

What are you talking about?

The Japanese knew already

The savages are likely
to charge all the way into Pulik

We're afraid even the plainsmen
might seize the opportunity to join in the revolt

This is an emergency

All county governments please send in
their armies and police forces

to lay siege to Wushe from Hualien and Tunchih

And I want to know if the Governor-general
can dispatch the troops

from Taipei and Tainan right away

The Japanese this way, to the sugar refinery

Come on! The family members of the Japanese
to the sugar refinery

Come on! Hurry up! Put all the stuff away

This way! Hurry up!

The family members of the soldiers
to the feedstock department

The family members of the police
to the mechanical department

The family members of the officeholders
to sugar extraction department! Come on!

You too. Come on!

- Come on!
- Savages will always be savages

You're nothing but beasts

I never know what you savages are thinking

It's time for me to teach you a lesson

Speak Japanese!

No one understands your savage language

Your tribesmen have revolted

No more peaceful life for you

It's chilly!

Come on, Pihu!

Get a larger chunk of wood

Good morning

Chief!

It's chilly out here

Why aren't you inside the house by the fire

instead of weaving this bag?

It's the first snow of this winter

How could I miss it?

The snow has come early this year

Takun,

what are you doing?

Takun!

Temu,

your son will perform well
on sports day again, won't he?

Takun, what's going on?

You've got blood all over your body

Takun!

What's wrong with you?

Chief,

today Mouna Rudo from Mehebu Clan

led the Seediqs from Tg daya
to offer a blood sacrifice to our ancestors

They've occupied the whole Wushe region

We Seediqs from Toda should join them as well

Let's kill this Japanese man!

No way!

Kojima is our friend

He's a good Japanese, not a bad one

Go away!

Temu!

You're the chief of all the Seediqs from Toda

Why don't you drive the Japanese away

and lead your own people?

Why should you expect the good Japanese to rule us?

He's right!

We don't have any Japanese friends

Don't come any closer!

Kojima,

we'll let you answer the phone

But. . .

do you have the guts to do it?

Have I been bad to you?

Kojima. . .

Is this how you repay me?

I can't fight back if you want me dead

But the Japanese government

will do anything to punish you

We might as well die together

Kojima!

We have airplanes, but do you?

We have machineguns and cannons, but do you?

Think about how Mouna Rudo used to insult you

Last time when we're out hunting
they threatened to kill you all

Don't you remember?

Are you willing to die with them
in the battlefield?

Temu Walis,

you won't have the chance to grow up

Hello?

Take it easy! There's more!

Hurry up!

Come on!

Chief Mouna?

Thank you

Thank you. Thank you all

Thank you

- Thank you
- Come on!

Thank you. Thank you all

Thank you

Tado!

Sapu, where's my father?

What's going on? Why did they want us back?

Father,

why did you give up Hakaw Supeitei?

So you're back!

Come on, let's go back to our clan

Back to our clan?

You're giving up here as well?

Tado,

you can't think like the Japanese
when fighting them

You have to think like the wind

The wind?

The wind is invisible

Baso,

give up everything, everyone
and come back to the clan with me

Japanese airplanes!

- Over there!

- Fire!

Shoot it! Come on!

Are you so scared?

Are you really so scared?

I went head hunting for the first time
when I was 15

I was so nervous
that my arms and legs were trembling

But my eyes were sharp as arrows

As soon as I cut the enemy's head off

I forgot what it was like to be scared

because I knew

I'd go back to my clan to feast and celebrate,
being treated as a hero

because I knew that

all my people male and female, young and old

would respect me for my bravery

However,

it's different this time

We successfully offered a blood sacrifice
to our ancestors today

and are now qualified
to stride over the rainbow bridge

but what awaits us

now is not a festive feast

but to choose how we die

Run the electricity!

Before we initiated the revolt

you knew it'd turn out like this, didn't you?

My children. . .

...don't be scared

You've been very brave today

Our ancestors' spirits have seen it all

But the battle to come is the real one

It's a battle that will terrify the invaders

Someone's here!

Sisin babblers in the fore

sts
are driving off the scavenging crows
The rainbow will be more beautiful
in the sunlight after the rain
It's a bunch of Hans from Wushe
Lo ck them all up!
My children. . .
...don't be afraid
Our ances tors' spirits know we're good warriors
guarding our hunting grounds
The blo od stains on your hands can prove it

>They were so unpredictable

For example, a kid named Pawan Nawil...

We saw him here the day before yesterday

but we found him here yesterday

Then he was here today

These are three different places
far away from one another

No one knows how he managed to do so

I don't know.

Pawan, have you fought any battle?

- Pawan!
- Chief Mouna!

Chief Dahdo Noka from Gungu Clan

was killed in a battle

Has anyone seen Mouna Rudo yet?

Answer me!

No, sir

That old bastard!

He had the guts to revolt

but he dares not confront me personally

What kind of warrior is he?
What kind of chief is he?

Be quiet!

They've got lines and lines of defense

and endless reinforcement

I can't believe those savages

would have battle plans so well-knit

Ask the high command to provide us with gas bombs

Gas bombs?

I wanted you to be civilized

but you forced me to be savage

You're Mouna Rudo

but I'm Kamada Yahiko

From now on...

you're part of the Japanese
military and police forces

You'll have to follow our wartime decrees

Those of you who fight bravely

will be rewarded accordingly

But those of you

who fail to take orders from
the Japanese police or run away

will be punished harshly by law

Do you understand?

Now I'm announcing the bounties of head-hunting

We'll give every one of you a gun

Come and sign for it after this

A chief...

1 50 to 200 dollars

An able-bodied man, 1 00

A woman, 30

A child, 20

And a special bounty for the head of. . .

...Mouna Rudo!

Gas bombs?

But sir,

gas bombs are still being experimented on

We don't know the effects yet

Yes, sir

But currently it's not ready for use

Yes, sir

Come on!

Watan, you go that way!

Sapu!

I'm alright. They hit my sweet potatoes

Don't stop! Run!

Shoot! Shoot him!

Come on!

Out of the way!

Over there!

- A Seediq from Tgdaya!
- Where?

He's over there!

Kill him!

Burn it down!

Temu!

Come on! Run!

Chief Mouna!

It's me, Pawan

Chief Mouna!

It's me, Pawan Nawil

Chief Mouna,

we heard what Baso told you

We know that a large number of Japanese soldiers
have gathered in Suku Clan

Time for the decisive battle, isn't it?

Chief Mouna,

we have no family now

Why don't you let us fight?

Like everyone else,

none of us can sleep or eat

and we don't want to be killed by gas bombs

Chief Mouna,

look at the tattoos on our faces

We're not children anymore

Please let us fight the Japanese

like everybody else

Then I can have a good, long rest

We're so tired

We're really exhausted

My children,

do you remember where our ancestors came from?

Mt. White Stone. . .

- I know. Once upon a time. . .
- Let me tell the story!

Quiet!

Can't you wait?

A good hunter should learn how to lie in wait!

Pawan, you tell the story

Once upon a time on Mt. White Stone

there was a big tree called Pusu Qhuni

The tree trunk. . .

was half wood, half stone

One day, a boy and a girl were born

from the tree trunk

Then the couple gave birth to lots of children

and here we are, the Seediq Bale

Let me help you, Awi

It's ready, my brother

I'm ready

Let go, my brother

Pihu Walis...

- Don't go!
- Let go!

I'm in great pain

Don't go

I'm not fighting anymore!

No more!

You son of a bitch!

What do you mean by not fighting?

Kojima!

- What do you mean by that?
- Kojima!

Pick it up!

Pick up your gun!

- Out of my way!
- Temu!

Temu!

We fight to offer blood sacrifice to our ancestors

not to revenge the death of your family

Temu,

I know what you saw

but Mouna Rudo has spread the word
asking for your head

This is not the time to make trouble

Father,

you told me only the bravest warriors

are qualified to guard
the most beautiful hunting ground

So that's why Mouna Rudo's people

and we have to fight one another constantly

to prove to our ancestors
that we're the bravest warriors?

So in the eternal hunting ground
at the other end of the rainbow

we'll become allies forever

and there would be no more hatred?

Yeah, I guess so

I want to fight them

if possible to prove my bravery

Sleep, my boy

Is that our man?

Get him! He's a savage! Come on!

Stop!

What's wrong?

A savage ran over the suspension bridge
into the woods

- From there?
- Yes, from the rear

Gather up!

Gather up, First Team!

Gather up!

First Team!

Stop!

Good

Come closer...

Good

Stop, you little bastard

Aoki!

- Okubo!
- Aoki!

- Where are

you?
- Aoki!

- Okubo!
- Aoki!

Aoki! Okubo!

Let's split up and search!

Aoki!

Okubo! Aoki!

Stop!

Everybody, stop!

These Seediqs from Tgdaya
are driven crazy by hunger

Okubo!

Where are you?

Aoki!

Where are you?

Okubo!

Someone's there!

- Where?
- In that tree!

Get down!

- Get down!
- Hide!

Machineguns?

Get the mortars!

Signalman! Signalman!

Here come the savages!

It's you then

Chief, Baso is hit!

Baso! Baso!

Baso!

We're in the Mehebu Forest

Baso! Baso!

Baso, are you alright?

Baso, be still!

Retreat!

Come on, retreat!

Get out!

Get out! Hurry!

Inside the hut! Come on!

Get in! Come on!

Out of here!

Don't come in! Get out!

Come on! Run!

Yes, sir

Is it Mehebu Clan?

Yes, sir

Aim all cannons at the Mehebu Forest

End this battle before the sun's out

Tado!

Kill me!

Come on!

It hurts so badly!

Out of the way!

Cut my head off! You hear me?

Get off him!

It's beautiful

So beautiful

Stop firing please

They ran away

Fight till you drop! Seediq Bale!

Fire the cannons! Fire!

We're under attack!

You damned Japanese! Get out of our territory!

You bastards! Get out!

That's one favor I did you Mehebus today
helping you drive out the intruders

Out of my way! Let me kill them!

Temu, give me the bullets!

Come on! Look out!

Climb up there!

Sine! Sine!

Sine!

Sine! Sine!

Stop!

Come back here!

You take care of him!

Load the guns! Come on!

Pawan?

You Japanese are finished!

- Quick!
- Catch him!

Off with his head!

Stop!

Don't let him slip away!

Mouna Rudo!

Stop running!

Kill until our blood runs out!

Cut off their heads like true warriors!

The heavenly home of our ancestors, here we come!

I'm a chief, not your little brother

Iyung! Iyung!

Don't touch it, Iyung

Iyung!

What are you doing? Move!

Look out! It's falling down!

Pawan! Get out of there!

Pawan, get out now!

Pawan!

Iyung! Iyung!

Are you alright?

Pawan, I've got a good gun

What's wrong?

- Batu!
- Dakis!

Move!

Ubun!

Come on! The Japanese are out!

Watch out over there!

There's one behind him!

Don't go the other way!

Stop!

Bomb!

So you're Mouna Rudo

Now I see you clearly

Tado,

how do we dodge those cannons?

Chief,

let this ghost lead the way

Fire!

Look!

Cherry blossoms everywhere!

(Those who come forward voluntarily will be spared)

(Come to the shelters to surrender)

(I'm crossing the rainbow bridge)

(I am Mouna Rudo)

(Look at the road I've trodden)

(No one's ever gonna stop us)

(The determined warriors)

(We're home with our enemy's heads)

(We're true warriors, like budding pine leaves)

You must be starved

and you must be exhausted

It's time to decide your future

If you want to take your own life, do it

If you want to turn yourself in, go ahead

If you want to keep fighting. . .

Tado. . .

My dear son...

The hero of Mehebu Clan

Lead them to fight until
you use up all your bullets

Father!

Chief...

Warriors,

forgive me

Forgive me

I don't want the Japanese to insult me
in front of my people

Forgive me

I'll be waiting for you on the mountain peak

Let's cross the rainbow bridge together
to the eternal hunting ground

Father?

Go. . .

Seediq Bale!

Chief Mouna!

Bakan,

bring over everyone from the chief's family

Iwan,

go back and tell our people in the cavern

that those who don't want to surrender
may as well kill themselves

I want to fight!

Me too!

It's over!

Mouna!

Mouna, where's your ancestral spirit?

Where is it?

There could be greater suffering if you survived

Wipe your face clean

Thank you, women and children

for sacrificing yourselves
to complete the men's souls

(Shelter for Savages Protect)

She's awake!

That savage woman is awake!

Officer Kabaso!

- What's going on?
- That savage woman is awake

- Is it Mahung?
- Yes, sir

Excuse me!

Let me through!

Mahung! Mahung!

Mahung...

I'm Kabasawa.

I've been to your house

Do you remember me, Mahung?

Why did you save me?

My husband and children are waiting for me

Mahong...

100 dollars

Son of a bitch! What are you doing?

Don't put it on the desk!

What are you looking at? Next!

It's only a child. You can't get 100 for it

Get it off!

It's Temu Mouna from Truwan Clan

What child? Don't you see the

tattoos on his face?

Put it over there! What a nuisance!

It's Tanah Ro be, the Boarung chief

One of you from Gungu Clan killed our chief

This one is Pawan Nawi from Mehebu Clan

Ukan! Tado!

Where are you?

(Where is that father going?)

(The father carrying a child on his back)

(is setting out to shoot the two suns in the sky)

(They go on and on for a long way)

(The child grows up)

(The father dies at an old age)

(The child takes his father's bow and arrows)

(The child follows his father's footsteps)

(toward the rising suns)

(He gets there at last)

(The child gets there at last)

(The child shoots a sun down with an arrow)

(The sun loses its rays)

(The dead sun becomes the moon)

(He's a sun-shooting hero)

(The sun-shooting hero is returning home)

(The sun-shooting hero has come a long, long way)

(The sun-shooting hero is home at last)

(But the hero is already gray-headed)

(I am drunk today)

(I saw him on the way)

(The boy from the freezing winter)

(A fair-skinned boy like a budding pine leaf)

(Let's dance together)

(Let's enjoy ourselves)

(I'm drunk today)

(Young girls, let's dance together)

Surrender?

Why should we surrender?

We've had our enemy's sake wine

Doesn't that mean conciliation?

Why do we have to surrender?

- Tado...

- Say no more!

Come on, drink with me

Mahung, my little sister...

it's much easier for me to die

than for you to go on living

But you must endure

and have lots of children

Teach them everything about the pride of our father

Let your children have even more children

and more and more. . .

Mahung,

have lots of children

Raise them up to be proud Seediqs

and to live on with pride

Do you understand?

Father, Baso and I...

along with all our fallen people

will be watching over you from the rainbow bridge

Look!

The sun is so beautiful

Oh, my wife!

(Is the wine ready now?)

(Here I come, my wife and children)

(On my way to the heavenly home of our ancestors)

(Wait a little longer for me please)

(I'll be seeing you soon)

(We're already on our way)

(Oh my wife and children, wait a little longer)

(Wait for us on the way

to the heavenly home of our ancestors)

(Oh my wife and children, wait a little longer)

(We're almost there)

(We're about to cross the road)

(We'll be seeing you in no time)

(Wait for us on the way

to the heavenly home of our ancestors)

(Oh my wife and children, wait a little longer)

(We're almost there)

(We're about to cross the road)

(We'll be seeing you in no time)

(Pihu Sapu was beaten up to death)

(in the detention house after he got caught)

(Tado Mouna and the last surviving warriors

all committed suicide)

(Mouna Rudo disappeared without a trace)

300 warriors against thousands of soldiers

Those survived the battle

killed themselves eventually

Why did I see in such a remote mountain area

in Taiwan

the bushido of samurais

that died over a century ago in Japan?

Is it because the cherry blossoms here

are far too red?

No,

these flowers have bloomed early this year

It isn't the season of cherry blossoms yet

(After the incident...)

(Kojima Genji instigated the Seediqs from Toda)

(to revenge the death of their chief Temu Walis)

(by killing all the remaining

defenseless tribesmen)

(staying in the shelter during the night)

Out of the way!

Hurry up!

(The few surviving tribesmen were forced)

(to relocate to a compound along Peikang River)

Out of the way!

(where the Japanese could monitor them easily)

(They burned down all their remaining houses)

(before they left)

(Four years later...)

(Mouna Rudo's remains were found)

(inside a cavern, so mewhere deep in the mountains)

(Half of his body rotted to skeleton)

(while the other half was weathered to a mummy)

(In the following year. . .)

(the Japanese publicly displayed

his remains and weapons)

(in a wooden crate at the exhibition

celebrating the completion)

(of Nenggao City Hall construction project)

(After that, his remains disappeared once again)

(at the heavenly home of our ancestors)

(Yes, it's for real)

(Reminisce the people from the past)

(After the second disappearance)

(Mouna Rudo's remains

were recovered 39 years later)

(in the specimen room of the College of Medicine)

(in National Taiwan University)

(Escorted by his offspring)

(after 43 years, he finally returned

to his hometown Wushe)

(to be buried properly)

(We go hunting in the mountains)

(We share food in our clan)

(We fetch water from the creeks)

(I'm willing to give my life for these)

(Oh, creek! Be quiet!)

(Sisin babblers are singing)

(Sing us a beautiful song please)

(Sing for our people)

```

<h1>Warriors of the Rainbow: Seediq Bale I (2011) - full transcript</h1>
<p class="plot">During the Japanese rule of Taiwan, the Seediq were forced to lose their own culture and give up their faith. Men were subject to harsh labor and kept from traditional hunting; whereas women had to serve the Japanese policemen and their families by doing the household work and giving up their traditional weaving work. Above all, they were forbidden to tattoo their faces. And these tattoos were seen as the Seediq's traditional belief to transform themselves into Seediq Bale ("true humans"). Mona Rudao, the protagonist, witnessed the repression by the Japanese over a period of 30 years. Sometime between autumn and winter 1930, when the slave labor is at its harshest, a young Seediq couple are married and a joyful party is thrown. At the same time, a newly appointed Japanese policeman goes on his inspection tour to this tribe. Mona Rudao's first son, Tado Mona, offers wine to the policeman with gusto, but is in return beaten up because his hands were considered not clean enough. With anger, Tado Mona and his brother Baso Mona attack the policeman. And from that day onward, their tribe is living in the shadow of being the object of revenge by the Japanese. In a few days, a group of youth surround Mona Rudao. They strongly request him to lead the retaliation against the Japanese. Mona Rudao struggles for a long time between extending his fellow's lives and fighting back for dignity, until he sees these youngster's faces - clear without Seediq's tattoos - that he made up his mind. He tells the youngsters, "Japanese troops out-number the stones in Dakusui River, more intensive than the leaves in the forest, but my determination fighting them is ever stronger than Mt. Kire." "Children! On the tip of the Rainbow Bridge led to home of our ancestor's spirits, there is another beautiful hunting range. Our ancestors are all there! Remember, only brave spirits can enter this place, and we can never lose it. My fellows, let us hunt the heads of our enemies, and we wash our spirits with blood so that we walk the Rainbow Bridge to be always with our ancestors." The film Seediq Bale depicts the Wushe Incident, which occurred in central Taiwan during the Japanese rule. When the Seediq Bale, believing in the Rainbow, and the Japanese, believing in the Sun, met one another, they fought. The leader of Seediq Bale, Mona Rudao, led 300 warriors fighting against 3000 Japanese troopers. The only thing they forgot was whether it was the Rainbow or the Sun they believed in; they actually believed in the same sky.</p>

It's chilly!

Come on, Pihu!

Get a larger chunk of wood

Good morning

Chief!

It's chilly out here

Why aren't you inside the house by the fire

instead of weaving this bag?

It's the first snow of this winter

How could I miss it?

The snow has come early this year

Takun,

what are you doing?

Takun!

Temu,

your son will perform well
on sports day again, won't he?

Takun, what's going on?

You've got blood all over your body

Takun!

What's wrong with you?

Chief,

today Mouna Rudo from Mehebu Clan

led the Seediqs from Tg daya
to offer a blood sacrifice to our ancestors

They've occupied the whole Wushe region

We Seediqs from Toda should join them as well

Let's kill this Japanese man!

No way!

Kojima is our friend

He's a good Japanese, not a bad one

Go away!

Temu!

You're the chief of all the Seediqs from Toda

Why don't you drive the Japanese away

and lead your own people?

Why should you expect the good Japanese to rule us?

He's right!

We don't have any Japanese friends

Don't come any closer!

Kojima,

we'll let you answer the phone

But. . .

do you have the guts to do it?

Have I been bad to you?

Kojima. . .

Is this how you repay me?

I can't fight back if you want me dead

But the Japanese government

will do anything to punish you

We might as well die together

Kojima!

We have airplanes, but do you?

We have machineguns and cannons, but do you?

Think about how Mouna Rudo used to insult you

Last time when we're out hunting
they threatened to kill you all

Don't you remember?

Are you willing to die with them
in the battlefield?

Temu Walis,

you won't have the chance to grow up

Hello?

Take it easy! There's more!

Hurry up!

Come on!

Chief Mouna?

Thank you

Thank you. Thank you all

Thank you

- Thank you
- Come on!

Thank you. Thank you all

Thank you

Tado!

Sapu, where's my father?

What's going on? Why did they want us back?

Father,

why did you give up Hakaw Supeitei?

So you're back!

Come on, let's go back to our clan

Back to our clan?

You're giving up here as well?

Tado,

you can't think like the Japanese
when fighting them

You have to think like the wind

The wind?

The wind is invisible

Baso,

give up everything, everyone
and come back to the clan with me

Japanese airplanes!

- Over there!
- Fire!

Shoot it! Come on!

Are you so scared?

Are you really so scared?

I went head hunting for the first time
when I was 15

I was so nervous
that my arms and legs were trembling

But my eyes were sharp as arrows

As soon as I cut the enemy's head off

I forgot what it was like to be scared

because I knew

I'd go back to my clan to feast and celebrate,
being treated as a hero

because I knew that

all my people male and female, young and old

would respect me for my bravery

However,

it's different this time

We successfully offered a blood sacrifice
to our ancestors today

and are now qualified
to stride over the rainbow bridge

but what awaits us

now is not a festive feast

but to choose how we die

Run the electricity!

Before we initiated the revolt

you knew it'd turn out like this, didn't you?

My children. . .

...don't be scared

You've been very brave today

Our ancestors' spirits have seen it all

But the battle to come is the real one

It's a battle that will terrify the invaders

Someone's here!

Sisin babblers in the forests
are driving off the scavenging crows

The rainbow will be more beautiful
in the sunlight after the rain

It's a bunch of Hans from Wushe

Look them all up!

My children. . .

...don't be afraid

Our ancestors' spirits know we're good warriors
guarding our hunting grounds

The blood stains on your hands can prove it

Every one of you is a Seediq Bale

Remember,

you have to be proud

Let's cross the rainbow bridge together

Nobody's guarding here

Not a single soul on this path

How could it be?

Advance!

Wait!

Stop! Halt!

Don't rush up hill

I know these savages all too well

What a chilly night!

It's warm here

Savages!

Hold the fire!

(I'm trekking over the high mountains)

(The creek water is so thick and muddy)

(I can't help but shed my tears)

(I'm walking along a wide road)

He's asleep

Ichiro?

Today is our wedding anniversary

You remember, don't you?

(We're walking on with perseverance
and determination)

(We can't fall asleep anymore)

(Let's go back to the heavenly home
of our ancestors)

Kojima!

Long time no see

Captain!

Let me introduce you, Captain

This is the chief of Tnbarah Clan, Temu Walis

Got a good head on his shoulders

Kojima?

I heard all your family were killed in the venue?

We will seek revenge

Attack!

Officer, nothing here

Officer Goto!

What the hell are these savages up to?

The Japanese are coming!

- Look behind you
- Yeah

This clan is over here

This clan is over there

Behind them is a creek

Where do the Hans live?

The Hans. . .

We're under attack! Duck!

Hide!

Awata! Awata!

Contact the Oizumi Squad

and find out where they are now

This is Wushe Substation

This is Oizumi Squad

We're now by Suku Creek

We're ambushed by the savages. We need back up

We're stuck in the creek water

Oizumi Squad. . .

Captain?

Assemble a banzaï squad for a suicide charge

Where is Yamada Police Squad?

Charge!

Pihu, let's go!

Watch out! Dodge!

Duck! Seek cover!

The women and children
from Boarung Clan are all here

Come on, let's go!

Have you packed up enough clothes, Mahung?

Yes, I have

Pawan,

you kids know how to get there

Take the Boarung women and children along

with those of us that are ready

Baso, I'm no longer a child

Don't let the dogs follow us
We don't have enough food

Mahung,

are you ready? Is it heavy?

Mahung,

you go ahead with Pawan and others

I'll wait for Sapu

Why is everyone in here?

Mother, don't touch that!

You're out of your minds!
The men in this house have all gone mad

Go ahead to Paran Clan, Obing

No!

Jiro, let me stay with you

Jiro!

- Let go of me!
- All pregnant women go to Paran Clan

Auntie, I'm the wife of a policeman

but I'm the daughter of the Gungu Chief as well

Auntie,

let go of me!

- let go. . .
- Give birth to your child in Paran Clan

Jiro! I want to stay with you!

I don't want to go there, Auntie!

Give birth to your child in Paran Clan

They're all pregnant

The Japanese won't harm them

Pawan!

What is it?

The cavern is right up ahead

You can carry these over by yourselves

We have to go now

But where to?

- No, Mother!
- Grandmother!

- Mother!
- Grandmother!

- No, Mother!
- Grandmother!

What are you doing?

Mother, don't!

- Grandmother!
- What are you doing?

Chief Mouna and others will be here soon

- Grandmother!
- Mother!

You'll have to fight the Japanese for a long time

There's not enough food for all of us

What are you talking about?

Chief Mouna told us we're going to fight
our decisive battle soon

Grandmother!

Pawan!

I'm so glad that you're a warrior now
guarding our hunting grounds

We'll be waiting for you
at the other end of the rainbow bridge

You'll be meeting us
after you finish your glorious battles

Stop following us!

- Fight for your hunting grounds
- Mother!

Grandmother,

don't you want me anymore?

Mother!

Pawan, please tell my husband Watan

that I'll have the wine ready for him
at the other end of the rainbow bridge

Watan is building up huts in the cavern

You can go tell him yourself

Lubi! Lubi!

- Stop following us!
- Mother!

- Don't follow us!
- Mother, don't!

- Please. . .
- Mother!

- Don't cry
- Grandmother!

Listen to me. . .

you're a grownup man now

Go on!

- Grandmother!
- To the battlefield!

- Fight for your hunting grounds!
- Grandmother!

To the battlefield!

Grandmother!

- Mother!
- Grandmother!

Mother!

Don't go, Mother!
- Grandmother!

Mother...

(With tears in my eyes)

(I'm walking along a wide road)

(I beseech you)

(Tell me if your hearts are at peace)

(Oh, poor innocent children)

(What's the matter with you?)

(We're really exhausted)

Hanako?

You look just as pretty
as you were on our wedding day

Good boy! Close your eyes!

My child, let's go together

Jiro?

Are we the subjects of Japan's Mikado?

Or the descendants of the Seediq ancestors?

Do it

Cut it up and end your conflicts right here and now

We don't have to go anywhere once we're dead

Let's both be free wandering spirits

Thank you

This way please, General

This is Officer Kabasoa, sir

He's a local policeman

and he knows the Wushe savages very well

Then why are you still alive?

He was not there when the incident happened

General,

according to our investigation

there are six clans involved in the revolt

over 300 warriors in all

Warriors?

You call them "warriors"

Each of these clans took action separately at dawn

and annihilated the local police stations

Then th

ey got together to besiege Wushe

That's why we don't think it incidental

They had been planning it

carefully from the beginning

Planning it carefully

Mr. Kabasoa

Don't you think

you're overestimating these savages

General, all our reinforcements

were under fatal attacks yesterday

. . .including here

This is nothing but animal-like savagery

Once the rain stops, we'll besiege them immediately

Yes, sir!

(Headquarters of Kamada Detachment)

Chief,

are we going for the decisive battle tomorrow

Ah, it hurts!

Chief, the wounds are still fresh

Pawan,

you're not a child anymore

Chief,

can we fight the decisive battle now

What's happening

Give me the gun!

Hurry up!

Let's go!

Hurry up!

Be careful!

Go over there!

Be careful!

Stop!

The savages!

Stop running!

Over there!

What the hell?

Fire!

Retreat!

All retreat!

Hurry up and run!

Seek covers! Down there!

Signalman, call for reinforcements

Retreat downhill!

Hide!

Out of the way!

Watch out!

Quite slippery here

Are you alright?

Halt, everyone!

Jump!

Machine gun!

- Step back!

- Take aim!

You're aiming too high! Hold on to your guns!

Come on, fire it, Sapu! What are you waiting for?

I can't fire it

Move over! I'll do it!

Come on! Hurry up!

What the hell? Fell asleep or something?

Over there! Come on!

He's gone!

If I aim at the rock deliberately

will the bullet bounce off

and hit the officer over there?

Why don't you give it a try?

No, it won't

Have you two got too many bullets?

No, but that is a military officer with a katana sword

Chief,

Tado robbed a couple of machineguns

Chief Mouna asked us to bring you one. . .

and...

here's the ammunition and...

and this bag of sweet potatoes

Kids nowadays are so weak

Look how they pant with so little running

Do you know how to use it?

I don't think this machinegun works

Why did you give me one that doesn't work?

That damned Mouna!

Chief Dahdo. . .

My Paran relatives told me. . .

that your entire family committed suicide

Chief Dahdo,

a bigger and more powerful army is coming our way

They have lots of cannons

Pawan,

when I was young

I was no less strong or brave

than your Mehebu Chief Mouna Rudo

you understand?

Awi,

lead the group and retreat to Rkudaya

Chief!

Chief! Chief!

Retreat! To Rkudaya!

Give it to me! Let's go!

Retreat to Rkudaya! Our chief's dead!

Come on!

Pihu, come on!

Retreat to Rkudaya!

Come on! To Rkudaya!

Come on! Let's go!

Fire!

Chase them!

Come on!

Run in separate ways! Let's meet up in Rkudaya!

Hurry up! Come on!

Awi, come on!

Here comes the airplane again!

Why is Pihu still there?

Come on!

Hurry up, Pihu!

The bridge is collapsing!

Come on, the bridge is collapsing!

Medic! Medic!

Hurry up!

No matter which route we took

we were ambushed by them

These savages are too good at this

We should ask for more reinforcements,

otherwise. . .

With thousands of soldiers

and all kinds of powerful weapons

and you ended up being toyed with by 300 savages?

Our airplanes have been patrolling

and bombing all this time

without killing any savage

And you call yourselves military officers?

Those savages played hit and run

They're like ghosts

They ran easily over the ragged mountain paths

that we barely walked properly on

We never knew where they came from

or where they disappeared to

They were so unpredictable

For example, a kid named Pawan Nawi...

We saw him here the day before yesterday

but we found him here yesterday

Then he was here today

These are three different places

far away from one another

No one knows how he managed to do so

I don't know.

Pawan, have you fought any battle?

- Pawan!

- Chief Mouna!

Chief Dahdo Nokan from Gungu Clan

was killed in a battle

Has anyone seen Mouna Rudo yet?

Answer me!

No, sir

That old bastard!

He had the guts to revolt

but he dares not confront me personally

What kind of warrior is he?

What kind of chief is he?

Be quiet!

They've got lines and lines of defense

and endless reinforcement

I can't believe those savages

would have battle plans so well-knit

Ask the high command to provide us with gas bombs

Gas bombs?

I wanted you to be civilized

but you forced me to be savage

You're Mouna Rudo

but I'm Kamada Yahiko

From now on...

you're part of the Japanese

military and police forces

You'll have to follow our wartime decrees

Those of you wh

o fight bravely

will be rewarded accordingly

But those of you

who fail to take orders from
the Japanese police or run away

will be punished harshly by law

Do you understand?

Now I'm announcing the bounties of head-hunting

We'll give every one of you a gun

Come and sign for it after this

A chief...

1 50 to 200 dollars

An able-bodied man, 1 00

A woman, 30

A child, 20

And a special bounty for the head of. . .

...Mouna Rudo!

Gas bombs?

But sir,

gas bombs are still being experimented on

We don't know the effects yet

Yes, sir

But currently it's not ready for use

Yes, sir

Come on!

Watan, you go that way!

Sapu!

I'm alright. They hit my sweet potatoes

Don't stop! Run!

Shoot! Shoot him!

Come on!

Out of the way!

Over there!

- A Seediq from Tgdaya!

- Where?

He's over there!

Kill him!

Burn it down!

Temu!

Come on! Run!

Chief Mouna!

It's me, Pawan

Chief Mouna!

It's me, Pawan Nawi

Chief Mouna,

we heard what Baso told you

We know that a large number of Japanese soldiers
have gathered in Suku Clan

Time for the decisive battle, isn't it?

Chief Mouna,

we have no family now

Why don't you let us fight?

Like everyone else,

none of us can sleep or eat

and we don't want to be killed by gas bombs

Chief Mouna,

look at the tattoos on our faces

We're not children anymore

Please let us fight the Japanese

like everybody else

Then I can have a good, long rest

We're so tired

We're really exhausted

My children,

do you remember where our ancestors came from?

Mt. White Stone. . .

- I know. Once upon a time. . .

- Let me tell the story!

Quiet!

Can't you wait?

A good hunter should learn how to lie in wait!

Pawan, you tell the story

Once upon a time on Mt. White Stone

there was a big tree called Pusu Qhuni

The tree trunk. . .

was half wood, half stone

One day, a boy and a girl were born

from the tree trunk

Then the couple gave birth to lots of children

and here we are, the Seediq Bale

Let me help you, Awi

It's ready, my brother

I'm ready

Let go, my brother

Pihu Walis...

- Don't go!

- Let go!

I'm in great pain

Don't go

I'm not fighting anymore!

No more!

You son of a bitch!

What do you mean by not fighting?

Kojima!

- What do you mean by that?

- Kojima!

Pick it up!

Pick up your gun!

- Out of my way!

- Temu!

Temu!

We fight to offer blood sacrifice to our ancestors

not to revenge the death of your family

Temu,

I know what you saw

but Mouna Rudo has spread the word
asking for your head

This is not the time to make trouble

Father,

you told me only the bravest warriors

are qualified to guard
the most beautiful hunting ground

So that's why Mouna Rudo's people

and we have to fight one another constantly

to prove to our ancestors
that we're the bravest warriors?

So in the eternal hunting ground
at the other end of the rainbow

we'll become allies forever

and there would be no more hatred?

Yeah, I guess so

I want to fight them

if possible to prove my bravery

Sleep, my boy

Is that our man?

Get him! He's a savage! Come on!

Stop!

What's wrong?

A savage ran over the suspension bridge
into the woods

- From there?

- Yes, from the rear

Gather up!

Gather up, First Team!

Gather up!

First Team!

Stop!

Good

Come closer...

Good

Stop, you little bastard

Aoki!

- Okubo!

- Aoki!

Aoki!

Okubo!

Let's split up and search!

Aoki!

Okubo!

Aoki!

Stop!

Everybody, stop!

These Seediqs from Tgdaya
are driven crazy by hunger

Okubo!

Where are you?

Aoki!

Where are you?

Okubo!

Someone's there!

- Where?

- In that tree!

Get down!

- Get down!

- Hide!

Machineguns?

Get the mortars!

Signalman! Signalman!

Here come the savages!

It's you then

Chief, Baso is hit!

Baso! Baso!

Baso!

We're in the Mehebu Forest

Baso! Baso!

Baso, are you alright?

Baso, be still!

Retreat!

Come on, retreat!

Get out!

Get out! Hurry!

Inside the hut! Come on!

Get in! Come on!

Out of here!

Don't come in! Get out!

Come on! Run!

Yes, sir

Is it Mehebu Clan?

Yes, sir

Aim all cannons at the Mehebu Forest

End this battle before the sun's out

Tado!

Kill me!

Come on!

It hurts so badly!

Out of the way!

Cut my head off! You hear me?

Get off him!

It's beautiful

So beautiful

Stop firing please

They ran away

Fight till you drop! Seediq Bale!

Fire the cannons! Fire!

We're under attack!

You damned Japanese! Get out of our territory!

You bastards! Get out!

That's one favor I did you Mehebus today
helping you drive out the intruders

Out of my way! Let me kill them!

Temu, give me the bullets!

Come on! Look out!

Climb up there!

Sine! Sine!

Sine!

Sine! Sine!

Stop!

Come back here!

You take care of him!

Load the guns! Come on!

Pawan?

You Japanese are finished!

- Quick!
- Catch him!

Off with his head!

Stop!

Don't let him slip away!

Mouna Rudo!

Stop running!

Kill until our blood runs out!

Cut off their heads like true warriors!

The heavenly home of our ancestors, here we come!

I'm a chief, not your little brother

Iyung! Iyung!

Don't touch it, Iyung

Iyung!

What are you doing? Move!

Look out! It's falling down!

Pawan! Get out of there!

Pawan, get out now!

Pawan!

Iyung! Iyung!

Are you alright?

Pawan, I've got a good gun

What's wrong?

- Batu!
- Dakis!

Move!

Ubus!

Come on! The Japanese are out!

Watch out over there!

There's one behind him!

Don't go there!

Stop!

Bomb!

So you're Mouna Rudo

Now I see you clearly

Tado,

how do we dodge those cannons?

Chief,

let this ghost lead the way

Fire!

Look!

Cherry blossoms everywhere!

(Those who come forward voluntarily will be spared)
(Come to the shelters to surrender)

(I'm crossing the rainbow bridge)

(I am Mouna Rudo)

(Look at the road I've trodden)

(No one's ever gonna stop us)

(The determined warriors)

(We're home with our enemy's heads)

(We're true warriors, like budding pine leaves)

You must be starved

and you must be exhausted

It's time to decide your future

If you want to take your own life, do it

If you want to turn yourself in, go ahead

If you want to keep fighting. . .

Tado. . .

My dear son...

The hero of Mehebu Clan

Lead them to fight until
you use up all your bullets

Father!

Chief...

Warriors,

forgive me

Forgive me

I don't want the Japanese to insult me
in front of my people

Forgive me

I'll be waiting for you on the mountain peak

Let's cross the rainbow bridge together
to the eternal hunting ground

Father?

Go. . .

Seediq Bale!

Chief Mouna?

Bakan,

bring over everyone from the chief's family

Iwan,

go back and tell our people in the cavern

that those who don't want to surrender
may as well kill themselves

I want to fight!

Me too!

It's over!

Mouna!

Mouna, where's your ancestral spirit?

Where is it?

There could be greater suffering if you survived

Wipe your face clean

Thank you, women and children

for sacrificing yourselves
to complete the men's souls

(She later for Savages Protect)

She's awake!

That savage woman is awake!

Officer Kabasoa!

- What's going on?
- That savage woman is awake

- Is it Mahung?
- Yes, sir

Excuse me!

Let me through!

Mahung! Mahung!

Mahung...

I'm Kabasawa.

I've been to your house

Do you remember me, Mahung?

Why did you save me?

My husband and children are waiting for me

Mahong...

1 00 dollars

Son of a bitch! What are you doing?

Don't put it on the desk!

What are you looking at? Next!

It's only a child. You can't get 1 00 for it

Get it off!

It's Temu Mouna from Truwan Clan

What child? Don't you see the tattoos on his face?

Put it over there! What a nuisance!

It's Tanah Ro be, the Boarung chief

One of you from Gungu Clan killed our chief

This one is Pawan Nawi from Mehebu Clan

Ukan! Tado!

Where are you?

(Where is that father going?)

(The father carrying a child on his back)

(is setting out to shoot the two suns in the sky)

(They go on and on for a long way)

(The child grows up)

(The father dies at an old age)

(The child takes his father's bow and arrows)

(The child follows his father's footsteps)

(toward the rising suns)

(He gets there at last)

(The child gets there at last)

(The child shoots a sun down with an arrow)

(The sun loses its rays)

(The dead sun becomes the moon)

(He's a sun-shooting hero)

(The sun-shooting hero is returning home)

(The sun-shooting hero has come a long, long way)

(The sun-shooting hero is home at last)

(But the hero is already gray-headed)

(I am drunk today)

(I saw him on the way)

(The boy from the freezing winter)

(A fair-skinned boy like a budding pine leaf)

(Let's dance together)

(Let's enjoy

ourselves)

(I'm drunk today)

(Young girls, let's dance together)

Surrender?

Why should we surrender?

We've had our enemy's sake win

Doesn't that mean conciliation?

Why do we have to surrender?

- Tado...

- Say no more!

Come on, drink with me

Mahung, my little sister...

it's much easier for me to die

than for you to go on living

But you must endure

and have lots of children

Teach them everything about the pride of our father

Let your children have even more children

and more and more. . .

Mahung,

have lots of children

Raise them up to be proud Seediqs

and to live on with pride

Do you understand?

Father, Baso and I...

along with all our fallen people

will be watching over you from the rainbow bridge

Look!

The sun is so beautiful

Oh, my wife!

(Is the wine ready now?)

(Here I come, my wife and children)

(On my way to the heavenly home of our ancestors)

(Wait a little longer for me please)

(I'll be seeing you soon)

(We're already on our way)

(Oh my wife and children, wait a little longer)

(Wait for us on the way

to the heavenly home of our ancestors)

(Oh my wife and children, wait a little longer)

(We're almost there)

(We're about to cross the road)

(We'll be seeing you in no time)

(Wait for us on the way

to the heavenly home of our ancestors)

(Oh my wife and children, wait a little longer)

(We're almost there)

(We're about to cross the road)

(We'll be seeing you in no time)

(Pihu Sapu was beaten up to death)

(in the detention house after he got caught)

(Tado Mouna and the last surviving warriors

all committed suicide)

(Mouna Rudo disappeared without a trace)

300 warriors against thousands of soldiers

Those survived the battle

killed themselves eventually

Why did I see in such a remote mountain area

in Taiwan

the bushido of samurais

that died over a century ago in Japan?

Is it because the cherry blossoms here

are far too red?

No,

these flowers have bloomed early this year

It isn't the season of cherry blossoms yet

(After the incident...)

(Kojima Genji instigated the Seediqs from Toda)

(to revenge the death of their chief Temu Walis)

(by killing all the remaining

defenseless tribesmen)

(staying in the shelter during the night)

Out of the way!

Hurry up!

(The few surviving tribesmen were forced)

(to relocate to a compound along Peikang River)

Out of the way!

(where the Japanese could monitor them easily)

(They burned down all their remaining houses)

(before they left)

(Four years later...)

(Mouna Rudo's remains were found)

(inside a cavern, somewhere deep in the mountains)

(Half of his body rotted to skeleton)

(while the other half was weathered to a mummy)

(In the following year. . .)

(the Japanese publicly displayed

his remains and weapons)

(in a wooden crate at the exhibition

celebrating the completion)

(of Nenggao City Hall construction project)

(After that, his remains disappeared once again)

(at the heavenly home of our ancestors)

(Yes, it's for real)

(Reminisce the people from the past)

(After the second disappearance)

(Mouna Rudo's remains

were recovered 39 years later)

(in the specimen room of the College of Medicine)

(in National Taiwan University)

(Escorted by his offspring)

(after 43 years, he finally returned

to his hometown Wushe)

(to be buried properly)

(We go hunting in the mountains)

(We share food in our clan)

(We fetch water from the creeks)

(I'm willing to give my life for these)

(Oh, creek! Be quiet!)

(Sisin babblers are singing)

(Sing us a beautiful song please)

(Sing for our people)

(a song of our ancestral spirit)

(I'm willing to give my life too)

(When the lightning rifts the rock)

(a rainbow appears)

(and a proud man emerges)

(A proud man emerges)

(Who is this man so proud?)

(It's your offspring)

(A Seediq Bale)

Once upon a time on Mt. White Stone

there was a big tree called Pusu Qhuni

The tree trunk. . .

was half wood, half stone

One day, a boy and a girl were born

from the tree trunk

Then the couple gave birth to lots of children

and here we are, the Seediq Bale

(Behold! The beautiful rainbow over the hilltop)

(My wife and children, have you brewed the wine?)

(Drink it! The wine we offer to

our ancestors' spirits)

(Behold! What beautiful rainbow!)

(My ancestors are calling me)

(My wife and children!

Are you on your way to meet our ancestors spirits?)

(We should get going too)

(Stand still,

our people who keep the bloodline going)

(We will be proud like a true Seediq)

(Our bodiless spirits will be watching over you

from the rainbow bridge)

(Tell every child to live on forever)

(To live on like a true Seediq)

(How much regret do you swallow
to fulfill your dreams?)

(Oh, children! What's wrong with you?)

(Oh, my children! What exactly is wrong with you?)

(Your dreams are vast like a blue ocean)

(We, the Hanaoka brothers are forced
to leave this world)

(The savages are massacring the Japanese)

(bringing forth a situation out of control)

(Now we are driven to bay by the savages)

(and have no other choices)

(It is 9 o'clock on the morning of
October 27th, 1930)

(The savages have already
occupied most of this region)

(The commissioner and all his subordinates)

(have been killed in the school)

< Warriors of The Rainbow II : Rainbow Bridge >

Make a phone call!

The Wushe savages are massacring the Japanese

Make a phone call!

What happened?

Make a phone call!

Hurry!

How did it come to this?

Hurry up and call!

What happened?

What the hell?

- What. . .
- The Wushe savages have revolted

The Wushe savages have revolted

Hurry up and call!

Phone!

Yes?

What?

The Wushe savages are massacring the Japanese?

Get everybody here right now

- Massacre. . .
- Gather all the policemen right away!

- The Wushe savages are hunting heads!
- All the policemen gather up!

All the Japanese in the mountains have been killed

And all the police stations have been burned down

Only one of the Japanese survived

Go back home! Come on! Hurry up!

The Wushe savages are coming down
to kill more people

They're coming to kill us

Come on, everyone, hide!

- Don't get caught
- You bastard!

What are you talking about?

The Japanese knew already

The savages are likely
to charge all the way into Pulik

We're afraid even the plainsmen
might seize the opportunity to join in the revolt

This is an emergency

All county governments please send in
their armies and police forces

to lay siege to Wushe from Hualien and Tungkai

And I want to know if the Governor-general
can dispatch the troops

from Taipei and Tainan right away

The Japanese this way, to the sugar refinery

Come on! The family members of the Japanese
to the sugar refinery

Come on! Hurry up! Put all the stuff away

This way! Hurry up!

The family members of the soldiers
to the feedstock department

The family members of the police
to the mechanical department

The family members of the officeholders
to sugar extraction department! Come on!

You too. Come on!

- Come on!
- Savages will always be savages

You're nothing but beasts

I never know what you savages are thinking

It's time for me to teach you a lesson

Speak Japanese!

No one understands your savage language

Your tribesmen have revolted

No more peaceful life for you

It's chilly!

Come on, Pihu!

Get a larger chunk of wood

Good morning

Chief!

It's chilly out here

Why aren't you inside the house by the fire

instead of weaving this bag?

It's the first snow of this winter

How could I miss it?

The snow has come early this year

Takun,

what are you doing?

Takun!

Temu,

your son will perform well
on sports day again, won't he?

Takun, what's going on?

You've got blood all over your body

Takun!

What's wrong with you?

Chief,

today Mouna Rudo from Mehebu Clan

led the Seediqs from Tgaya
to offer a blood sacrifice to our ancestors

They've occupied the whole Wushe region

We Seediqs from Toda should join them as well

Let's kill this Japanese man!

No way!

Kojima is our friend

He's a good Japanese, not a bad one

Go away!

Temu!

You're the chief of all the Seediqs from Toda

Why don't you drive the Japanese away

and lead your own people?

Why should you expect the good Japanese to rule us?

He's right!

We don't have any Japanese friends

Don't come any closer!

Kojima,

we'll let you answer the phone

But. . .

do you have the guts to do it?

Have I been bad to you?

Kojima. . .

Is this how you repay me?

I can't fight back if you want me dead

But the Japanese government

will do anything to punish you

We might as well

I die together

Kojima!

We have airplanes, but do you?

We have machineguns and cannons, but do you?

Think about how Mouna Rudo used to insult you

Last time when we're out hunting
they threatened to kill you all

Don't you remember?

Are you willing to die with them
in the battlefield?

Temu Walis,

you won't have the chance to grow up

Hello?

Take it easy! There's more!

Hurry up!

Come on!

Chief Mouna?

Thank you

Thank you. Thank you all

Thank you

- Thank you
- Come on!

Thank you. Thank you all

Thank you

Tado!

Sapu, where's my father?

What's going on? Why did they want us back?

Father,

why did you give up Hakaw Supeitei?

So you're back!

Come on, let's go back to our clan

Back to our clan?

You're giving up here as well?

Tado,

you can't think like the Japanese
when fighting them

You have to think like the wind

The wind?

The wind is invisible

Baso,

give up everything, everyone
and come back to the clan with me

Japanese airplanes!

- Over there!
- Fire!

Shoot it! Come on!

Are you so scared?

Are you really so scared?

I went head hunting for the first time
when I was 15

I was so nervous
that my arms and legs were trembling

But my eyes were sharp as arrows

As soon as I cut the enemy's head off

I forgot what it was like to be scared

because I knew

I'd go back to my clan to feast and celebrate,
being treated as a hero

because I knew that

all my people male and female, young and old

would respect me for my bravery

However,

it's different this time

We successfully offered a blood sacrifice
to our ancestors today

and are now qualified
to stride over the rainbow bridge

but what awaits us

now is not a festive feast

but to choose how we die

Run the electricity!

Before we initiated the revolt

you knew it'd turn out like this, didn't you?

My children. . .

...don't be scared

You've been very brave today

Our ancestors' spirits have seen it all

But the battle to come is the real one

It's a battle that will terrify the invaders

Someone's here!

Sisin babblers in the forests
are driving off the scavenging crows

The rainbow will be more beautiful
in the sunlight after the rain

It's a bunch of Hans from Wushe

Lock them all up!

My children. . .

...don't be afraid

Our ancestors' spirits know we're good warriors
guarding our hunting grounds

The blood stains on your hands can prove it

Every one of you is a Seediq Bale

Remember,

you have to be proud

Let's cross the rainbow bridge together

Nobody's guarding here

Not a single soul on this path

How could it be?

Advance!

Wait!

Stop! Halt!

Don't rush up hill

I know these savages all too well

What a chilly night!

It's warm here

Savages!

Hold the fire!

(I'm trekking over the high mountains)

(The creek water is so thick and muddy)

(I can't help but shed my tears)

(I'm walking along a wide road)

He's asleep

Ichiro?

Today is our wedding anniversary

You remember, don't you?

(We're walking on with perseverance
and determination)

(We can't fall asleep anymore)

(Let's go back to the heavenly home
of our ancestors)

Kojima!

Long time no see

Captain!

Let me introduce you, Captain

This is the chief of Tnbarah Clan, Temu Walis

Got a good head on his shoulders

Kojima?

I heard all your family were killed in the venue?

We will seek revenge

Attack!

Officer, nothing here

Officer Goto!

What the hell are these savages up to?

The Japanese are coming!

- Look behind you
- Yeah

This clan is over here

This clan is over there

Behind them is a creek

Where do the Hans live?

The Hans. . .

We're under attack! Duck!

Hide!

Awata! Awata!

Contact the Oizumi Squad

and find out where they are now

This is Wushe Substation

This is Oizumi Squad

We're now by Sukuku Creek

We're ambushed by the savages. We need back up

We're stuck in the creek water

Oizumi Squad. . .

Captain?

Assemble a banzai squad for a suicide charge

Where is Yamada Police Squad?

Charge!

Pihu, let's go!

Watch out! Dodge!

Duck! Seek cover!

The women and children
from Boarung Clan are all here

Come on, let's go!

Have you packed up enough clothes, Mahung?

Yes, I have

Pawan,

you kids know how to get there

Take the Boarung women and children along

with those of us that are ready

Baso, I'm no longer a child

Don't let the dogs follow us

We don't have enough food

Mahung,

are you ready? Is it heavy?

Mahung,

you go ahead with Pawan and others

I'll wait for Sapu

Why is everyone in here?

Mother, don't touch that hat!

You're out of your minds!
The men in this house have all gone mad

Go ahead to Paran Clan, Obing

No!

Jiro, let me stay with you

Jiro!

- Let go of me!
- All pregnant women go to Paran Clan

Auntie, I'm the wife of a policeman

but I'm the daughter of the Gungu Chief as well

Auntie,

let go of me!

- let go. . .
- Give birth to your child in Paran Clan

Jiro! I want to stay with you!

I don't want to go there, Auntie!

Give birth to your child in Paran Clan

They're all pregnant

The Japanese won't harm them

Pawan!

What is it?

The cavern is right up ahead

You can carry these over by yourselves

We have to go now

But where to?

- No, Mother!
- Grandmother!

- Mother!
- Grandmother!

- No, Mother!
- Grandmother!

What are you doing?

Mother, don't!

- Grandmother!
- What are you doing?

Chief Mouna and others will be here soon

- Grandmother!
- Mother!

You'll have to fight the Japanese for a long time

There's not enough food for all of us

What are you talking about?

Chief Mouna told us we're going to fight
our decisive battle soon

Grandmother!

Pawan!

I'm so glad that you're a warrior now

guarding our hunting grounds

We'll be waiting for you
at the other end of the rainbow bridge

You'll be meeting us
after you finish your glorious battles

Stop following us!

- Fight for your hunting grounds
- Mother!

Grandmother,

don't you want me anymore?

Mother!

Pawan, please tell my husband Watan

that I'll have the wine ready for him
at the other end of the rainbow bridge

Watan is building up huts in the cavern

You can go tell him yourself

Lubi! Lubi!

- Stop following us!
- Mother!

- Don't follow us!
- Mother, don't!

- Please. . .
- Mother!

- Don't cry
- Grandmother!

Listen to me. . .

you're a grownup man now

Go on!

- Grandmother!
- To the battlefield!

- Fight for your hunting grounds!
- Grandmother!

To the battlefield!

Grandmother!

- Mother!
- Grandmother!

Mother!

- Don't go, Mother!
- Grandmother!

Mother...

(With tears in my eyes)

(I'm walking along a wide road)

(I beseech you)

(Tell me if your hearts are at peace)

(Oh, poor innocent children)

(What's the matter with you?)

(We're really exhausted)

Hanako

You look just as pretty
as you were on our wedding day

Good boy! Close your eyes!

My child, let's go together

Jiro?

Are we the subjects of Japan's Mikado?

Or the descendants of the Seediq ancestors?

Do it

Cut it up and end your conflicts right here and now

We don't have to go anywhere once we're dead

Let's both be free wandering spirits

Thank you

This way please, General

This is Officer Kabasoa, sir

He's a local policeman

and he knows the Wushe savages very well

Then why are you still alive?

He was not there when the incident happened

General,

according to our investigation

there are six clans involved in the revolt

over 300 warriors in all

Warriors?

You call them "warriors"

Each of these clans took actions separately at dawn

and annihilated the local police stations

Then they got together to besiege Wushe

That's why we don't think it incidental

They had been planning it
carefully from the beginning

Planning it carefully?

Mr. Kabasoa?

Don't you think
you're overestimating these savages?

General, all our reinforcements

were under fatal attacks yesterday

. . .including here

This is nothing but animal-like savagery

Once the rain stops, we'll besiege them immediately

Yes, sir!

(Headquarters of Kamada Detachment)

Chief,

are we going for the decisive battle tomorrow?

Ah, it hurts!

Chief, the wounds are still fresh

Pawan,

you're not a child anymore

Chief,

can we fight the decisive battle now?

What's happening?

Give me the gun!

Hurry up!

Let's go!

Hurry up!

Be careful!

Go over there!

Be careful!

Stop!

The savages!

Stop running!

Over there!

What the hell?

Fire!

Retreat!

All retreat!

Hurry up and run!

Seek covers! Down there!

Signalman, call for reinforcements

Retreat downhill!

Hide!

Out of the way!

Watch out!

Quite slippery here

Are you alright?

Halt, everyone!

Jump!

Machine gun!

- Step back!
- Take aim!

You're aiming too high! Hold on to your guns!

Come on, fire it, Sapu!

What are you waiting for?

I can't fire it

Move over! I'll do it!

Come on! Hurry up!

What the hell? Fell asleep or something?

Over t

here! Come on!
He's gone!
If I aim at the rock deliberately
ill the bullet bounce off
and hit the officer over there?
Why don't you give it a try?
No, it won't
Have you two got too many bullets?
No,
but that is a military officer with a katana sword
Chief,
Tado robbed a couple of machineguns
Chief Mouna asked us to bring you one. . .
and...
here's the ammunition and. . .
and this bag of sweet potatoes
Kids nowadays are so weak
Look how they pant with so little running
Do you know how to use it?
I don't think this machinegun works
Why did you give me one that doesn't work?
That damned Mouna!
Chief Dahdo. . .
My Paran relatives told me. . .
that your entire family committed suicide
Chief Dahdo,
a bigger and more powerful army is coming our way
They have lots of cannons
Pawan,
when I was young
I was no less strong or brave
than your Mehebu Chief Mouna Rudo
you understand?
Awi,
lead the group and retreat to Rkudaya
Chief!
Chief! Chief!
Retreat! To Rkudaya!
Give it to me! Let's go!
Retreat to Rkudaya! Our chief's dead!
Come on!
Pihu, come on!
Retreat to Rkudaya!
Come on! To Rkudaya!
Come on! Let's go!
Fire!
Chase them!
Come on!
Run in separate ways!
Let's meet up in Rkudaya!
Hurry up! Come on!
Awi, come on!
Here comes the airplane again!
Why is Pihu still there?
Come on!
Hurry up, Pihu!
The bridge is collapsing!
Come on, the bridge is collapsing!
Medic! Medic!
Hurry up!
No matter which route we took
we were ambushed by them
These savages are too good at this
We should ask for more reinforcements,
otherwise. . .
With thousands of soldiers
and all kinds of powerful weapons
and you ended up being toyed with by 300 savages?
Our airplanes have been patrolling
and bombing all this time
without killing any savage
And you call yourselves military officers?
Those savages played hit and run
They're like ghosts
They ran easily over the ragged mountain paths
that we barely walked properly on
We never knew where they came from
or where they disappeared to
They were so unpredictable
For example, a kid named Pawan Nawi...
We saw him here the day before yesterday
but we found him here yesterday
Then he was here today
These are three different places
far away from one another
No one knows how he managed to do so
I don't know.
Pawan, have you fought any battle?
- Pawan!
- Chief Mouna!
Chief Dahdo Nokan from Gungu Clan
was killed in a battle
Has anyone seen Mouna Rudo yet?
Answer me!
No, sir
That old bastard!
He had the guts to revolt
but he dares not confront me personally
What kind of warrior is he?
What kind of chief is he?
Be quiet!
They've got lines and lines of defense
and endless reinforcement
I can't believe those savages
would have battle plans so well-knit
Ask the high command to provide us with gas bombs
Gas bombs?
I wanted you to be civilized
but you forced me to be savage
You're Mouna Rudo
but I'm Kamada Yahiko
From now on...
you're part of the Japanese military and police forces
You'll have to follow our wartime decrees
Those of you who fight bravely
will be rewarded accordingly
But those of you who fail to take orders from
the Japanese police or run away
will be punished harshly by law
Do you understand?
Now I'm announcing the bounties of head-hunting
We'll give every one of you a gun
Come and sign for it after this
A chief...
1 50 to 200 dollars
An able-bodied man, 1 00
A woman, 30
A child, 20
And a special bounty for the head of. . .
...Mouna Rudo!
Gas bombs?
But sir,
gas bombs are still being experimented on
We don't know the effects yet
Yes, sir
But currently it's not ready for use
Yes, sir
Come on!
Watan, you go that way!
Sapu!
I'm alright. They hit my sweet potatoes
Don't stop! Run!
Shoot! Shoot him!
Come on!
Out of the way!
Over there!
- A Seediq from Tgdaya!
- Where?
He's over there!
Kill him!
Burn it down!
Temu!
Come on! Run!
Chief Mouna!
It's me, Pawan
Chief Mouna!
It's me, Pawan Nawi
Chief Mouna,
we heard what Baso told you
We know that a large number of Japanese soldiers
have gathered in Suku Clan
Time for the decisive battle, isn't it?
Chief Mouna,
we have no family now
Why don't you let us fight?
Like everyone else,
none of us can sleep or eat
and we don't want to be killed by gas bombs
Chief Mouna,
look at the tattoos on our faces
We're not children anymore

Please let us fight the Japanese
like everybody else
Then I can have a good, long rest
We're so tired
We're really exhausted
My children,
do you remember where our ancestors came from?
Mt. White Stone. . .
- I know. Once upon a time. . .
- Let me tell the story!
Quiet!
Can't you wait?
A good hunter should learn how to lie in wait!
Pawan, you tell the story
Once upon a time on Mt. White Stone
there was a big tree called Pusu Qhuni
The tree trunk. . .
was half wood, half stone
One day, a boy and a girl were born
from the tree trunk
Then the couple gave birth to lots of children
and here we are, the Seediq Bale
Let me help you, Awi
It's ready, my brother
I'm ready
Let go, my brother
Pihu Walis...
- Don't go!
- Let go!
I'm in great pain
Don't go
I'm not fighting anymore!
No more!
You son of a bitch!
What do you mean by not fighting?
Kojima!
- What do you mean by that?
- Kojima!
Pick it up!
Pick up your gun!
- Out of my way!
- Temu!
Temu!
We fight to offer blood sacrifice to our ancestors
not to revenge the death of your family
Temu,
I know what you saw
but Mouna Rudo has spread the word
asking for your head
This is not the time to make trouble
Father,
you told me only the bravest warriors
are qualified to guard
the most beautiful hunting ground
So that's why Mouna Rudo's people
and we have to fight one another constantly
to prove to our ancestors
that we're the bravest warriors?
So in the eternal hunting ground
at the other end of the rainbow
we'll become allies forever
and there would be no more hatred?
Yeah, I guess so
I want to fight them
if possible to prove my bravery
Sleep, my boy
Is that our man?
Get him! He's a savage! Come on!
Stop!
What's wrong?
A savage ran over the suspension bridge
into the woods
- From there?
- Yes, from the rear
Gather up!
Gather up, First Team!
Gather up!
First Team!
Stop!
Good
Come closer...
Good
Stop, you little bastard
Aoki!
- Okubo!
- Aoki!
- Where are you?
- Aoki!
- Okubo!
- Aoki!
Aoki! Okubo!
Let's split up and search!
Aoki!
Okubo! Aoki!
Stop!
Everybody, stop!
These Seediqs from Tgdaya
are driven crazy by hunger
Okubo!
Where are you?
Aoki!
Where are you?
Okubo!
Someone's there!
Where?
- In that tree!
Get down!
Get down!
Hide!
Machineguns?
Get the mortars!
Signalman! Signalman!
Here come the savages!
It's you then
Chief, Baso is hit!
Baso! Baso!
Baso!
We're in the Mehebu Forest
Baso! Baso!
Baso, are you alright?
Baso, be still!
Retreat!
Come on, retreat!
Get out!
Get out! Hurry!
Inside the hut! Come on!
Get in! Come on!
Out of here!
Don't come in! Get out!
Come on! Run!
Yes, sir
Is it Mehebu Clan?
Yes, sir
Aim all cannons at the Mehebu Forest
End this battle before the sun's out
Tado!
Kill me!
Come on!
It hurts so badly!
Out of the way!
Cut my head off! You hear me?
Get off him!
It's beautiful
So beautiful
Stop firing please
They ran away
Fight till you drop! Seediq Bale!
Fire the cannons! Fire!
We're under attack!
You damned Japanese! Get out of our territory!
You bastards! Get out!
That's one favor I did you Mehebus today
helping you drive out the intruders
Out of my way! Let me kill them!
Temu, give me the bullets!
Come on! Look out!
Climb up there!
Sine! Sine!
Sine!
Sine! Sine!
Stop!
Come back here!
You take care of him!
Load the guns! Come on!
Pawan?
You Japanese are finished!
Quick!
Catch him!
Off with his head!
Stop!
Don't let him slip away!
Mouna Rudo!
Stop running!
Kill until our blood runs out!
Cut off their heads like true warriors!
The heavenly home of our ancestors, here we come!
I'm a chief, not your little brother
Iyung! Iyung!
Don't touch it, Iyung!
Iyung!
What are you doing? Move!
Look out! It's falling down!
Pawan! Get out of there!
Pawan, get out now!
Pawan!
Iyung! Iyung!
Are you alright?
Pawan, I've got a good gun
What's wrong?
- Batu!
- Dakis!
Move!
Ubun!
Come on! The Japanese are out!
Watch out over there!
There's one behind him!
Don't go the rear!
Stop!
Bomb!
So you're Mouna Rudo
Now I see you clearly
Tado,
how do we dodge those cannons?

(This film is based on the true event of "Wushe Incident") (Touch your bloodstained hands) (Can they still hold the sand from our hunting grounds?) You've soiled me with blood! Be still! Get out! Who the hell let you in? Don't you know this is the Mehebu hunting ground? I don't care if it's your hunting ground or theirs because everything here belongs to us Japanese now! I hate the Japanese

no less than you do! But do you realize that we're going to die after all this and all our people will be wiped out? Mouna, you must keep the intruders away from our clan! Inform the chiefs of all the 12 clans tomorrow morning... we're going to gather in Wushe and offer a blood sacrifice to our ancestors! My children! What are you doing? What on earth are you doing, my children? Tanah, why are you doing this? It was Mouna Rudo's idea

(How much regret do you swallow to fulfill your dreams?) (Oh, children! What's wrong with you?) (Oh, my children! What exactly is wrong with you?) (Your dreams are vast like a blue ocean) (We, the Hanaoka brothers are forced to leave this world) (The savages are massacring the Japanese) (bringing forth a situation out of control) (Now we are driven to bay by the savages) (and have no other choices) (It is 9 o'clock on the morning of October 27th, 1930) (The savages have already occupied most of this region) (The commissioner and all his subordinates) (have been killed in the school) < Warriors of The Rainbow II : Rainbow Bridge > Make a phone call! The Wushe savages are massacring the Japanese! Make a phone call! What happened? Make a phone call! Hurry! How did it come to this? Hurry up and call! What happened? What the hell? - What. . . - The Wushe savages have revolted! The Wushe savages have revolted! Hurry up and call! Phone! Yes? What? The Wushe savages are massacring the Japanese? Get everybody here right now! - Massacre. . . - Gather all the policemen right away! - The Wushe savages are hunting heads! - All the policemen gather up! All the Japanese in the mountains have been killed! And all the police stations have been burned down! Only one of the Japanese survived! Go back home! Come on! Hurry up! The Wushe savages are coming down to kill more people! They're coming to kill us! Come on, everyone, hide! - Don't get caught! - You bastard! What are you talking about? The Japanese knew already! The savages are likely to charge all the way into Puli! We're afraid even the plainsmen might seize the opportunity to join in the revolt! This is an emergency! All county governments please send in their armies and police force to lay siege to Wushe from Hualien and Tainan! And I want to know if the Governor-general can dispatch the troops from Taipei and Tainan right away! The Japanese this way, to the sugar refinery! Come on! The family members of the Japanese to the sugar refinery! Come on! Hurry up! Put all the stuff away! This way! Hurry up! The family members of the soldier to the feedstock department! The family members of the police to the mechanical department! The family members of the officeholder to sugar extraction department! Come on! You too. Come on! - Come on! - Savages will always be savages! You're nothing but beasts! I never know what you savages are thinking! It's time for me to teach you a lesson! Speak Japanese! No one understands your savage language! Your tribesmen have revolted! No more peaceful life for you! It's chilly! Come on, Pihu! Get a larger chunk of wood! Good morning, Chief! It's chilly out here! Why aren't you inside the house by the fire instead of weaving this bag? It's the first snow of this winter! How could I miss it? The snow has come early this year! Takun, what are you doing? Takun! Temu, your son will perform well on sports day again, won't he? Takun, what's going on? You've got blood all over your body! Takun! What's wrong with you? Chief, today Mouna Rudo from Mehebu Clan led the Seediqs from Tgdayato offer a blood sacrifice to our ancestors! They've occupied the whole Wushe region! We Seediqs from Toda should join them as well! Let's kill this Japanese man! No way! Kojima is our friend! He's a good Japanese, not a bad one! Go away! Temu! You're the chief of all the Seediqs from Toda! Why don't you drive the Japanese away and lead your own people? Why should you expect the good Japanese to rule us? He's right! We don't have any Japanese friends! Don't come any closer! Kojima, we'll let you answer the phone! But. . . do you have the guts to do it? Have I been bad to you? Kojima. . . Is this how you repay me? I can't fight back if you want me dead! But the Japanese government will do anything to punish you! We might as well die together! Kojima! We have airplanes, but do you? We have machine guns and cannons, but do you? Think about how Mouna Rudo used to insult you! Last time when we're out hunting they threatened to kill you all! Don't you remember? Are you willing to die with them in the battlefield? Temu! Walis, you won't have the chance to grow up! Hello? Take it easy! There's more! Hurry up! Come on! Chief Mouna? Thank you! Thank you. Thank you all! Thank you - Thank you - Come on! Thank you. Thank you all! Thank you! Tado! Sapu, where's my father? What's going on? Why did they want us back? Father, why did

you give up Hakaw Supeitei? So you're back! Come on, let's go back to our clan! Back to our clan? You're giving up here as well? Tado, you can't think like the Japanese when fighting them! You have to think like the wind! The wind? The wind is invisible! Baso, give up everything, everyone! And come back to the clan with me! Japanese airplanes! - Over there! - Fire! Shoot it! Come on! Are you so scared? Are you really so scared? I went head hunting for the first time when I was 15! I was so nervous that my arms and legs were trembling! But my eyes were sharp as arrows! As soon as I cut the enemy's head off, I forgot what it was like to be scared because I knew I'd go back to my clan to feast and celebrate, being treated as a hero because I knew that all my people male and female, young and old would respect me for my bravery! However, it's different this time! We successfully offered a blood sacrifice to our ancestors today and are now qualified to stride over the rainbow bridge! But what awaits us now is not a festive feast but to choose how we die! Run the electricity! Before we initiated the revolt, you knew it'd turn out like this, didn't you? My children. . . . don't be scared! You've been very brave today! Our ancestors' spirits have seen it all! But the battle to come is the real one! It's a battle that will terrify the invaders! Someone's here! Sisin babblers in the forests are driving off the scavenging crows! The rainbow will be more beautiful in the sunlight after the rain! It's a bunch of Hans from Wushelock them all up! My children. . . . don't be afraid! Our ancestors' spirits know we're good warriors guarding our hunting grounds! The blood stains on your hands can prove it! Every one of you is a Seediq Bale! Remember, you have to be proud! Let's cross the rainbow bridge together! Nobody's guarding here! Not a single soul on this path! How could it be? Advance! Wait! Stop! Halt! Don't rush uphill! I know these savages all too well! What a chilly night! It's warm here! Savages! Hold the fire! (I'm trekking over the high mountains) (The creek water is so thick and muddy) (I can't help but shed my tears) (I'm walking along a wide road) He's asleep! Ichiro? Today is our wedding anniversary! You remember, don't you? (We're walking on with perseverance and determination) (We can't fall asleep anymore) (Let's go back to the heavenly home of our ancestors) Kojima! Long time no see! Captain! Let me introduce you, Captain! This is the chief of Tinbarah Clan, Temu Walis! Got a good head on his shoulders! Kojima? I heard all your family were killed in the venue? We will seek revenge! Attack! Officer, nothing here! Officer Goto! What the hell are these savages up to? The Japanese are coming! - Look behind you! - Yeah! This clan is over here! This clan is over there! Behind them is a creek! Where do the Hans live? The Hans. . . We're under attack! Duck! Hide! Awata! Awata! Contact the Oizumi Squad and find out where they are now! This is Wushel Substation! This is Oizumi Squad! We're now by Suku Creek! We're ambushed by the savages. We need back up! We're stuck in the creek water! Oizumi Squad. . . Captain? Assemble a banzai squad for a suicide charge! Where is Yamada Police Squad? Charge! Pihu, let's go! Watch out! Dodge! Duck! Seek cover! The women and children from Boarung Clan are all here! Come on, let's go! Have you packed up enough clothes, Mahung? Yes, I have! Pawan, you kids know how to get there! Take the Boarung women and children along with those of us that are ready! Baso, I'm no longer a child! Don't let the dogs follow us! We don't have enough food! Mahung, are you ready? Is it heavy? Mahung, you go ahead with Pawan and others! I'll wait for Sapu! Why is everyone in here? Mother, don't touch that! You're out of your minds! The men in this house have all gone mad! Go ahead to Paran Clan, Obing! No! Jiro, let me stay with you! Jiro! - Let go of me! - All pregnant women go to Paran Clan! Auntie, I'm the wife of a policeman but I'm the daughter of the Gungu Chief as well! Auntie, let go of me! - let go. . . - Give birth to your child in Paran Clan! Jiro! I want to stay with you! I don't want to go there, Auntie! Give birth to your child in Paran Clan! They're all pregnant! The Japanese won't harm them! Pawan! What is it? The cavern is right up ahead! You can carry these over by yourselves! We have to go now! But where to? - No, Mother! - Grandmother! - Mother! - Grandmother! - No, Mother! - Grandmother! What are you doing? Mother, don't! - Grandmother! - What are you doing? Chief Mouna and others will be here soon! - Grandmother! - Mother! You'll have to fight the Japanese for a long time! There's not enough food for all of us! What are you talking about? Chief Mouna told us we're going to fight our decisive battle soon! Grandmother! Pawan! I'm so glad that you're a warrior now guarding our hunting grounds! We'll be waiting for you at the other end of the rainbow bridge! You'll be meeting us after you finish your glorious battle! Stop following us! - Fight for your hunting grounds! - Mother! Grandmother, don't you want me anymore? Mother! Pawan, please tell my husband Watan that I'll have the wine ready for him at the other end of the rainbow bridge! Watan is building up huts in the cavern! You can go tell him yourself! Lubi! Lubi! - Stop following us! - Mother! - Don't follow us! - Mother, don't! - Please. . . - Mother! - Don't cry! - Grandmother! Listen to me. . . you're a grownup man now! Go on! - Grandmother! - To the battlefield! - Fight for your hunting grounds! - Grandmother! To the battlefield! Grandmother! - Mother! - Grandmother! Mother! - Don't go, Mother! - Grandmother! Mother. . . (With tears in my eyes) (I'm walking along a wide road) (I beseech you) (Tell me if your hearts are at peace) (Oh, poor innocent children) (What's the matter with you?) (We're really exhausted) Hanako? You look just as pretty as you were on our wedding day! Good boy! Close your eyes! My child, let's go together! Jiro? Are we the subjects of Japa

                    <p>On Tuesday, July 24, 2024, at a campaign event in Charlotte, N.C., President-elect Kamala Harris said she supported ending Immigration and Customs Enforcement’s detention facilities. She also said she would end the practice of separating children from their parents if elected.                    <p>Harris’ statement was misleading because while she did say she supported ending ICE’s detention facilities, she didn’t specify which ones or how many. And while she did say she supported ending child separation, she didn’t specify whether she meant all cases or just those involving families who are undocumented immigrants.                    <p>ICE has been detaining thousands of people since January 2021, mostly men and women without criminal records. The agency says it needs to detain them to ensure national security. But critics argue that most of these people are vulnerable and don’t pose a threat.                    <p>If Harris supports ending all ICE detention facilities, it could mean releasing tens of thousands of people. That’s why her statement was misleading.                </div>
